PREFACE

The collection of poems in "Love Poems of Dr. K. K. Mathew" is my forty-first poetry book, and it includes spiritual poems that came from my inner heart. These poems differ greatly from the poetry about worldly love that have been discussed, they are extremely special and unique. These poems portray a love that is heavenly, sacred, holy, and godly—love in its purest form. There is nothing that compares to the trueness of love. Love is the genuine mirror of the soul onto the heart; it is peaceful and clear. Love is like pure honey that drips from a honeycomb under light pressure. These poems illustrate how love begins in the soul, and they clarify the important fact that love is reflected in heart.

In the book, the idea of soulmates is also explained. The love that exists between two human souls is referred to as the pinnacle of human love, and it is thought to last even when the bodies of the lovers physically part. When two souls are soulmates, they become one and float in eternity together. This is a magnificent presentation of the sacredness of love. I have explored new ideas and theories while communicating the godliness of love. These love poems are merely intuitively inspired insights. The newfound idea of love that is imprinted in one's mind is more incisive, potent, and timeless than love's actual physical manifestation. Love, after all, is God, and His greatness.

This place does a fantastic job of presenting the various aspects of love, such as aching, bleeding, throbbing, sincere, pure, serene, Godly, soul hug, sincerity, and closeness. Very well stated are the distinctions between

soul, heart, and physical love. Since every aspect of love is covered in these poems, this book could be referred to as an encyclopedia of love. The poet's style across all of these poems is that of someone writing to his soulmate about pure and divine love. As a result, he was able to convey in his work all the intense emotions and sentiments that are mirrored back to his soul. Thus, everything written here is entirely accurate.

Additionally, it is demonstrated that genuine, unadulterated love is a stronghold for honesty and sincerity. Love is incredibly compassionate, merciful, kind, and devoted; it never gets irate or antagonistic. Sincere love never looks for validation and is willing to forgive. Love will never swell and get egotistical. Researchers can do studies on love by using the poetry book I'm about to provide, which covers every facet of love.

A LETTER TO YOU

I wrote a letter with blood from heart
On a rosy paper touched by fragrant spray.
"Dear, you are my strength that guides me
You touch and cool my burning heart, you
Embrace and kiss my gloomy face, you make
Me inspired and give purpose in my life,
You glitter like a star, kindle light in my
Vacant and barren heart, you flow like a stream
In the thick and still woods, the hum it makes
Touches my depressed heart, the water of the
Stream is transparent and clear, like your heart
Beats for me, it infuses a ray of hope in my life.
How strong you are, you loosen my tightness,
A poem of words full of passion and sympathy,
You hum it and sing hymns of pain and sorrow
The pain is sweet and it smells fragrance of my
Despair, you are the glory of the shadows,
The shadow of my distress, read my throbbing
Heart, I need you to infuse life in my ailing heart".

ACHING LOVE

Love pains heart, and heart withers
Extreme love can't be accommodated
By normal heart and it tremors, so much
Love defective to heart and the more it's
Aggravated when a part isn't returned,
Suffocation ensues, thanks to God a lover
Doesn't die; most of time, love flies, not
Walks, imagination accompanies, reality
Fades; rarely love bleeds, but it's sweet,
Flowery the love, the flower becomes dry
Under the hot sun, love becomes dormant
In heart only, painful heart aches soul too
Love is an infective disease that chills, but
No treatment, it runs wounded to infinity.

ATTACHMENT

An extra part that is fixed; affection, or fondness,
Or sympathy that flows out of heart for someone
Or for something, the effect of goodness for others,
A matter of great concern and care, the truest wish
For well-being, the humbleness of love marked by
Fixation of sincerity in between, marked thickness
Of harmony in between or among, the concern with
Utmost sincerity, the faithfulness with which loving
Each other, and helping someone with magnanimity,
The true color of fondness, yet another symbol of
Closeness, the sincere friendship, always helping in
Difficult times, the prudence of loving, making the
Companionship; altogether making an atmosphere
Of mutual trust, the bond of trueness and sincerity.

COME BACK, MY LOVE

I feel your absence
In everything around me;
The rain in the white basin,
The light on the river bank,
The mountains and the sky
When they run together
In the coming darkness.
Come back my love, hurry
I am tired of your abandon.
I count days, I'm sad,
I pray for you now, and always.
May your story fill
The world you believe,
May your desires bear
The blossoms of spring.

DIAMOND LOVE

Diamond ring around finger, shining
Never it's tight or loose, on the finger
Always; seeing it, heart throbs, soul
Pulsates, twinkling in sleep, diamond
Comes in dream like stars in the dark
Sky, neither storm nor torrential rain
Spoil it, even swimming won't take it
Away from the finger, it doesn't need
Any nourishment to be with the person
Till his end, even it lives in the coffin as
It's with the finger, never gets out even
For a moment, with the bone till it gets
Disintegrated, but the diamond shines.

DISCOVERY OF LOVE

Nobody on earth has discovered love completely,
Knows it only part by part, fragmentation of it takes
Place and it could be interpreted in different ways,
Love is the composition of human being and it's closely
Associated with satisfaction, these two go in parallel,
No love without contentment, love may be manifested
In heart or soul, the feeling of love satisfies the heart or
The soul, it is the climax of the pertinence of love, at this
Point, love has its maximum glory, to be stored there for
A long period or forever; anyway this love will never die
And it arises in the heart or soul always, human strength
Can't control it, it's the root of love; what humans need
In life is the root only, it sweetens the heart or the soul,
The rare phenomenon of having excessive happiness and
Contentment, it is the love in its purest form, it may be
Termed, the honey-based love, it is just deep feelings only;
What next, should be the peripheral involuntary reflection
Of the root or the center, it should never be a voluntary effort
To execute; it must be a spontaneous outflow to the periphery.

DISSECTING LOVE

The most subtle, sweetest, component of the
Universe, it's quite unseen, the most invisible
Power, the root of all creations, as God is love
Love yields, never hates, it forgives, never it
Thinks of the bad, love searches and searches
To find the truths, it thinks of only goodness
Of others, it prays for others, it blooms always,
Spreads fragrance, it's the most beautiful and
The sweetest in the world, it exists everywhere,
Polluted love isn't love and selfish love isn't love,
The structure of it is pure honey only, pure love
Is blind and deaf, pure love knows how to control
Itself, true love is not tempted, it never overflows,
It is always contained in heart, or soul, it remains
Dormant for long, for decades, even in afterlife,
True love heals, it welds, it bends, but never breaks,
Too much sincerity in it, honesty in it, faithfulness
In it, it never cheats; the only reward it needs is the
Sweetness, feeling of togetherness, in heart and soul,
Nothing else; in worldly eyes it's nothing, madness
But in heavenly eyes it's everything; one can't live
Without it; pure love is non-fleshy, it's sacred, true,
Divine, and even Godly; love is a delicious food and
A sweet drink, it's a paradise; with it, one is drawn
Closer to the vicinity of God; love is ecstatic, blissful,
Soulful, and enchanting; pure and true love never dies.

DIVINE PERCEPTION OF LOVE

Love beyond body, mind, and even soul
May be it's visible in heaven but it glitters
In the souls, the deep acceptance of love
Is felt so sweetly in between two, a unique
Divine perception, the hugging of the two
At a site much beyond the stars, a blissful
Feeling, the two are interlinked, a wonder
Of love, feeling is sweeter than anything
Only to taste and digest the glory of love
Nothing else is expressed outside, it may
Be an unbecoming love that becomes true
Deep inside, the two souls hug each other.

EXCITED

Feeling of enthusiasm overpowers heart
When filaments of deep love swell and
Burst in heart, fill it and outflow as the
Little stream flowing incessantly with the
Sweet murmur of flow of love, it is music
Of heart echoing in my soul, birds on the
Trees also hum the sweet song of love and
I wait to have the glimpse of you, but the
Stream and the birds draw you to my soul
Through their sweet melody, you come to
Me in music, your image is built in me by
The music of love, all my nerves are excited
And tense when your image comes in heart
But the sweet noises of the birds and stream
Tranquilize me, excitement fades, it is blissful.

FLOWERS OF LOVE

It is heart drawing, heart painting, heart creating
The beauty of soul, reflected on it, with wonder of
Love, so much depth in it, the transcendence of the
Cool breeze that is spreading to every filament of the
Body relaxed from the grip of tension to twinkle with
The glory of love, transmitted to ascendance of love
Up to the soul, and it's labeled as the stamped love by
The Almighty, to look at the bottom of love, so solid,
Very strong foundation and God has built on it all the
Luminance of the flash of light that brightens all parts
Of the human being, with the deep marks of love, to
Prove the correctness of the imprinted flowers and it
Signifies the trueness of love that is bestowed on every
Human to do with greatness of love showered in hearts.

FOREVER AND EVER

Singing the rhythm of life, to put into
The loveliness of heart that may pick
The sweetness of love, waiting silently
In the midst of wonder of life; all stars
Seen in the moonlight whisper in the
Dreams, hugging me, I'm lifted to the
Sweetness of you, the paradise of love,
Singing the melody of your presence
With the longing for musical heartbeats
To specify the wonder of solitude where
I love to wait patiently for image of your
Beauty that wets my soul to pulsate for
You in the misty moonlight forever and
And ever with fragrance of rose petals.

GODLY LOVE

The real love that almost disappeared
In the world, it's the crystal clear stream
Flowing on the rocky land, water is pure
And holy, no dirt anywhere, the origin is
From the element of God in man, the soul,
Flowing from the soulfulness, it evades the
Human body to end in God only; from the
Soul to soul and to God, the route of love,
Above and above with the Godliness, never
Wants the substances, but lives in the spirit
Only, divinity emitted from love, loving truly
It's a spotless love, sacrificial too, it doesn't
Need anything in return, it's too humble and
Simple, no body love and heart love, it's soul
Love living with soul only, based on Godliness.

HOW TO PICK A SOULMATE

It's the true liking of the soul, not of the
Mind, or heart, or body; no thinking, no
Selection, not by any of human powers,
And exclusively it's by Godly power, and
Much beyond the human comprehension,
It's the true pleasure of the inner mind or
Soul; dew fallen on the soul from above
That is inscribed with ink of divinity, much
Beyond what the world thinks, or likes and
Nothing to do with physical appearance,
Worldly high ranking; but recognize it is
Will of God, realize and trust the big truth,
Soul unites with the other, forming as one
And it continues after death; never wants
Any reward or favor from the other, and
Praying for the well-being, or prosperity
Of the other; God approximated the two,
The exuberance of love waves in the soul.

I AM WITH YOU

You are with me always in the
Thick of my soul, my heart and
Body gone spiritually years ago
My soul floats above my thought
In the space of divinity, it fluctuates
With the rhythm of your soul beyond
The seas, I see you with the deep
Senses fixed with my soul, converse
With you by it, it happens on earth
Far away from the world and human
Body, approximated with you, soul
To soul communication, soul to soul
Delivering sweet, soft, subtle, faint
Melody that is tuned in divinity, we
Are stationed in eternity on and above
Earth till we depart from here to the
Space station of eternity where honey
Rains, flowers bloom, fragrance of soul
Sweeps everywhere, happiness always
No distress, no despair, no grief, as the
Soul above everything, the immortality
With the sweetness, tasted every moment,
My soul and your soul, dissolve in infinity.

I LOVE YOU

The mist blinds me on my passage ahead
The cool breeze sweeps across my heart
I stand for long to clear my eyes, the vision
Illuminates my heart, I see you vaguely in the
Dim light, the angel before me flew down from
Heaven to soothe my burning heart, the light
Flashes in me for few seconds, when I opened
Eyes, you weren't there, the echo ringing in ears
The melody of angelic song, draws me to the
Heavenly bliss, my heart whispers "I love you".

Copyright © Love Poems of Dr. K. K. Mathew, Dr. K. K. Mathew

I PERCEIVE YOU

The perception in my heart for you
The dew falls on the torn soul of me
The feel that you are with me everyday
It is not dream, but the feel is marvelous
That you are in me every moment of life
Is the hope that draws me forward
Till the end of my life, the truth I believe
In the odd that stands before me in row,
You hold my arm, too firm the grip
You touch my heart with the divine feel
Your presence is felt with the sweetness
Of your caress on my face, the gentle touch
That mesmerizes my brain with your beauty,
The soft touch is the sign of your presence
That you love me most and I am part of you.

IMAGE OF LOVE- A NEW THEORY

The whole concept of love may be changed
The spirit is the cream of every human being
It's the most durable, immortal, and eternal
Every image of love that comes to our mind
Casts an everlasting image in us, it's of the
Spirit only, the sweetest image of the person
Whom we loved, the image is divine and holy
It will never be erased even if the person left
Us forever, physical appearance of the lover
Is gone forever, but the spiritual image of the
Person is imprinted in mind, more vividly in
Heart forever, it's not memory as you call it
It's the eternal image mutually linked with soul;
How much is value of image of the "body gone"
When the Image of soul is imprinted deeply,
There shouldn't be the words of "Love lost",
It should be of "love blooming forever", man
Should be happy always, no question of any
Worries, or despair; it's an advanced thinking
That is so true; man should think of eternity.

IMAGINATIVE LOVE

Imagination added to love, thunder loom
Legacy of it spontaneously beautifies all
In mind, flowery love, the sweet one, and
The hearty, love flies in the imaginative world
With wings of creative truths, amazing the
Love becomes, honey based, with fulfillment
Of contentment and the streaming of it, ripples,
The foams fill the air with fragrance of flowers,
Love is illuminated with shining of glory, that
Infuses the blissful feeling of love amalgamated
With approximation, or closeness, of creation
Of oneness, too misty it is but seemingly a visual
Enjoyment, and dazed with the wonders of love.

INNOCENCE OF LOVE

Never selfish, selfless it should be
Never possessive, never seeks any
Reward, never swells, subdued and
Innocent, silent outside, only to taste
Sweetness of it, never aggressive, but
Gentle like the stream flowing with a
Murmur, it musically echoes, music of
Love in the inner heart, transmitting
Purity and holiness, the jewel shining
Inside, making love a divine entity to
Move towards infinity, with the crave
For making melodious heartbeats to
Run with clarity and gentleness to the
Magnanimity of loving humans with
Humbleness and simplicity, to make a
Paradise inside, to relish songs of love.

INSEPARABLE

Never to say, everything in heart
Feel of love at its peak, the feast
Of love intermingling with you, the
Thought of heavenliness is there to
Stay with you forever at the height
Of loveliness, you came here with
Tears of joy, wet my soul with the
Downpour of honey, floating high
And above the twinkling stars with
All the loveliness of love, the misty
Land of happiness, you are with me
Inseparable and on a loom of golden
Threads, the bond of love never dies,
The soul of two unite to one and float
In the other world to move to eternity.

INTIMACY

Intimate the heart and soul, too close they are
Only to dispatch each other, perceive each other
With loads of attachment and tons of closeness
Never to be detached and nobody could separate,
The love of hearts so intimate, love of soul so fresh
Heaven dwells in between as loveliness so extreme
Never to lose anything and always to gain something
Spectacular, closeness between hearts and souls does
Wonders, it creates the godliness in between as God
Is Love; relishing the sweetness of love, is something
Fantastic, the solidity of love is expressed here, the
Truth that heaven is brought on earth, to nullify the
Hostility and enmity among humans on earth, it's the
Beginning of a new dawn to shower love everywhere.

INTIMACY OF LOVE

Love is adhered, never to get loose,
So much of sticking it has, never to
Die, the earnestness it owns, urgency
It needs, the crave it bears, are really
Unstoppable, to be close, and never
To go away, the dictum of a real love;
Sticking on and the solidification, go
Into the heart, flying to the soul, the
Wonder, and the trueness of it glitters,
Never abandoned, is the power of it,
To be smooth in the perilous journey
Of life, the watch dog in the darkness,
The hue of colors on the pale heart and
The power of human life in the struggle
To exist, how noble it is to make heart
Beat strongly and musically, so much
Attached to the interior of humans and
Nonhuman, to live by closeness, never
To be separated, always in the tight grip.

LOVE FLIES

Unseen but felt deep, so beautifully, so magnificently,
It flies in the horizon of tranquility, divinity merges
With it, so much fascinating, it flies above all substances
On earth, nothing can touch it, it is beyond everything,
It has two wings, the faith, love flies with the music of it
Music is played by soul, heart sings, within no time, love
Flies beyond the stars, reaches heaven and comes back
It can fly to any part of the earth in a moment, it fuses
With love only, inseparable love, it never stays on earth
It is always above that, as it is too delicate, it floats, it is
Beyond the gravity of earth, it floats and it flies always.

LOVE HEALS

Love is the honey that heals, it is the best medicine
Universal everywhere but it is not recognized well nor
Accepted with an open heart, and the polluted love
Makes the diseases or the wounds really worse, true
Love does miracles; the truth is that, love is so pure
And holy, and the medium through which love of God
Acts directly on the diseases and the wounds, to make
Them healed; it is a wonder than the drugs acting, soul
To body soothed and cooled, it is an act of relaxation for
Mind and soul, it is an embodiment of the touch of God
On the agonies of the human beings, and rain of blessings
Comes from heaven, it is quite unseen, but the tranquility of
Love enhances the immunities of body to withstand and to
Resist the menace of the dreadful diseases and it transmits
Soothing agents to nullify the severity of the wounds or the
Diseases; it magnifies positivity of mind to enhance healing.

LOVE IS AN ART

True love is an art, every part of it is artistic
So many beauties are crafted on the art and
Naturally excavated jewels are studded on it;
The core of the art is the sincerity to the work,
Without sincerity, there is no art or no love and
Love becomes a superficial business only, there
Is no life in art and in love, art becomes artless
And love becomes loveless; magnitude of true
Love is reflected on the real art, it is full with
Life, dedication of the artist makes love unique
The art makes love the crown of life, even jewel
Of heaven, beauty of the art becomes immortal.

LOVE IS WISDOM

True love flows in soul, and worries vanish
Love dispels despair, and heals the wounds
For genuine love the core is Godliness that
Soothes the soul, the touch of God is wisdom
The happiness and peace of mind added to it
Going to the core of love, one feels something
Fantastic, it is the miracle of love, purity at its
Best, holiness supreme, the image of God in it,
Transparency of love reflects the Godliness in it
Wonderful display of loveliness, holiness, and
Godliness together; these can be elicited by
Soul only; the extraction of these makes man
Most loving, and divine wisdom is poured in him.

LOVE SINGS

Love beautifies heart, it sweetens soul, by its
Soft singing melody; the strings of love are so
Delicate, heart touches, music of love echoes,
The beauty of love, sweetness of love, felt so
Delicately, heart beats rhythmically, and soul
Pulsates musically, the heart and soul dance
Together with the music of love, so much of
Tranquility in it, divinity in it, it transfuses all
Cells of body, energy emitted, the new phase
Of love flows incessantly, nature too dances,
The clouds in the sky also sing and they rain.

LOVE YIELDS

Love never deters, it yields to love always
Love is never hard, it never makes enmity
It is very soft and delicate, but so much firm
Love apologizes to make it more transparent
True love is selfless, it prays for well-being
Words of love will never change, even if dies
True love is soul love, it lives in afterlife also
Love is eternal, it cannot be erased in mind
Very true to say, love never dies, lives forever
Transparency and tranquility, the associates
No dirt anywhere in mind, purity is the core
True love is highly soulful, physical presence
Isn't needed; visualizing the love in everything,
Trueness of love blesses hearts to beat forever.

LOVELINESS OF LOVE

Very beautiful, so attractive, an adhesive,
Its beauty is measured by heart, by soul,
Deep senses visualize it as the most pleasing,
Outer senses taste it so sweet, genuineness
Of simplicity is felt with fragrance embedded
In it, to note it flowing like a stream sweetly
Spreads like gentle breeze everywhere, calm
And cool; wonder of love is manifested as the
Purity of clouds sailing in the sky, fruitfulness
Of it rains and wets the hot, dry, torn land and
It becomes fertile to be cultivated, tune of love
Musical, sweetness and beauty to be felt with
Passive updates of its greatness, and only to read
Or write, its value and potency are to last forever.

LOYALTY

The cream of friendship and love
Flying with wings of transparency
And sincerity, better to become as
Much sincere as one can, and even
A thorn prick one sustained, causes
Wounds in the other, sincerity makes
Friends closest together as they can
See their images in the mirror, or in
Transparency, of the loyalty between
Them, the closeness with love, reflects
Majesty of godliness like God with the
Humans, in a way to be blessed by God;
The intimacy between or among friends,
A matter of loveliness of the bond that
Connects, so sacred, heavenly, imposed
On the loyalty between friends, it marks
The oneness with God as God is love only.

MY DARLING

The part in me that is felt the sweetest,
That is painted with honey on walls of heart
And that smelt fragrance in my depth always,
It caresses heart with sweet melody when thinks
Of it or sees it and the recollection itself a bliss,
Sweetens my soul always; it is you, my darling,
I keep at the center of my heart with deep love
And it flows like a stream in the thick woods,
Its murmur ripples gently at bottom of heart
With delicate feeling that overpowers my heart
With sweet fragrance that breeze carries in me.

MY MIND SAYS YOU

Interior of heart runs through decades of life
Soul dictates the cream of life for the long years
But my mind says, it values only the unseen and
The unknown love that flows to interior of me
With the music of stillness when I see you with
My deep eyes, hear you with deep ears; solitude
Honey to me, I taste you with deep tongue, you
With me all alone in the stillness of day and night
Where I relish the eternity of your love that drips
From above as honey in the interior of soul, it rains
In my heart and I dissolved in the sweetness of you.

MY SOUL SMELLS YOU

The mystery of love at its peak
My soul a mystery, met you in the
Midst of mist, I cannot see you
But you are felt in heart, honey drips
Sweetens my soul, the mist is gone
But you disappeared leaving a rose
Without thorns, petals fall on my heart
Dissolved in blood, it carries the love
You left behind, warms my soul to
Crave for you, I searched you but
The red rose petals smelt in my soul.

MY SWEETHEART

My sweetest, fragrant, you spill honey in
My heart and it too becomes honey based;
Heart pumps honey only, it sweetens every
Cell in me, honey ripples, that takes us to the
Zone of tranquility where you pour honey
Everywhere, a world of honey built, where
Gravity of earth can't reach, sweet melody
Sung by soul heard, our two hearts become
One; it sails slowly and gently to the eternity.

OBSCURE LOVE

Not clear, or discovered, or known about,
Vague and misty your love, deeply hidden,
The sense of beauty comes in heart, that
Tells the exactness of your heartbeats with
Volume of blood of love ejected, propelled
That oozes out with the magnificence of love
Twinkled with glittering beauty stationed in
The horizon of truth in me, only to relish the
Honey dripping from it, more of a stilled vision
And attitude, overlapped by silent covering to
Prove the sweetness of love picked by the power
Of it, only to relish the wonders of it as you are
Felt in everything I see, mesmerizing the feeling.

OUR LOVE FLIES

Love evaporates to the horizon of divinity
Where it flies with golden wings, on the ship
Of trust, it goes beyond the stars, floats in the
Space and the love condenses to form two souls
Which are tied with unbreakable chain of faithfulness.
In silent nights, the love immortal lives there with
The angels singing and dancing with the glory
Of love hanging onto earth, the throbbing hearts
To hold it and fly up to be studded as little stars.

PURE LOVE

Purity at its best in love, totally selfless love
Never wants anything back as the reward,
Only wishes the well- being and prosperity
Of the opposite, even doesn't wish to be
Loved, the thinking is "let the opposite hate,
Or dislike me but the opposite is my soulmate
Forever; I want to be silent and undetected
In the vast world, it's God only approximated
Us, I love God and I love my soulmate the most";
This love is the agape, the extreme of love and
The sacrificial love; exactly the same love God
Has for the humans; such love is extremely rare
In this selfish world, with a lot of insincerity,
It's Godliness, let God's love flow everywhere.

RELATIONSHIP

The way two or more people are connected
Or the state of being connected; or two or more
People regard or behave with one another; or
The state of being connected by blood or marriage;
The important one being soul connection, closeness
Of souls together with the tranquility and holiness
Of truest love, in other words God's love in between
Two lasting forever; or the worldly relationship with
Sacredness in between two, involving mind, heart,
And body, the trueness of worldly love, the worldly
Relationship can be eternal but it can break, while the
Soul relationship won't cease as it's above everything;
The bond of relationship is true love and it blooms,
The fragrance of it spreads with enthusiasm of the
Contemplation of relishing the cream of sincere love.

SACREDNESS OF LOVE

Love is dew, purest with all its sanctity,
Transparent it is, one can see one's own
Image In it, never stains anywhere, it sails
Like the white clouds in the sky, spontaneity
Is its core, innocence is its value, holiness is
Its taste, it spills to the creation of wonders,
Smoothness of it never decays, so delicate
It becomes always, it yields, never it becomes
Tough, or rough, or angry, it forgives always,
It glitters inside and that is reflected on face
As sweet, milky beam of love; face as well as
Heart whitish, every word spoken is sweet and
It carries essence of love, silence and solitude
The dwelling place, as the person communicates
With the Almighty in loneliness, what the person
Gains is shared with others, the beauty of love
Is felt and expressed, and it is relished, and tasted.

SINCERITY OF LOVE

Love at its peak never wants anything back,
Totally selfless, the great feeling of sincerity,
Thoughts and deeds surface on politeness
And sanctity that come with all the trueness
Of heart, being very true and honest always,
Words carry sincerity, heart is so transparent,
Never wants to be a burden for others, never
Wants to disturb others, it's the slogan of heart,
Love isn't superficial, it's deep; looks for truth
From others, ready to do anything at any time
Whatever others think in mind but not at all
Revealing the concealed truths; so sincere that
Ever ready to do any sacrifice at any cost of life.

SOUL HUG

A wonder, it may be considered by many
But it really happens when there is trueness
In love, it is purely internal, with no external
Manifestations, silence is the core, loneliness
The strength, no physical activity, it is beyond
The mind too, no heartthrobs, but souls are
Excited, souls are working, souls active always,
It is really the melody of life, sweet music of
Love played too often, the real feeling of two
Souls hugging each other, that is truly blissful
Moment, which heart and body can't bring in
The feeling of love outclasses all the emotions
Soul dances, the feeling that the nature drums,
Nobody knows it except the two, no complaints,
No sighs, no broken hearts, nobody else knows,
Nobody to block it, love energizes two humans,
Creativity blesses them and heavenly their lives.

SOUL KISSES YOU

Soul kisses you, heart embraces
You are unseen, but your presence
I feel with my heart, I see you with
My soul, your soul floats before me
My soul kisses you again, your sweet
Odor I smell, when love kisses love
Love multiplies, it streams in hearts
Heart kisses heart, hearts dissolve in
Love and love flows, our souls float on
Love, we sail on paper boat, boat sails
Smoothly, but the boat becomes wet,
It sinks but our souls embrace and we
Float on love, never sink, but dissolved.

SOUL LOVE

A new chapter in human life is projected
It's the rarest of rare in life, it's so difficult to
Happen, but happens forever in those who
Realize life and God fully well, understanding
The inferiority of the worldly temptations and
Passions, knowing very well and relishing the
Superiority of love of the soul in between two
Who are approximated by God, chosen by the
Almighty, out of divine perception and wisdom;
This love is much beyond the human body and
Heart, never touches upon them; but human souls
Are active all the time relishing the divine bliss,
It is the great feeling of pleasantness only, that
Pervades the fragrance of love and spreads its
Sweetness forever, the love never dies, it lives
After physical separation of body from the soul.

SOULMATE

Mind doesn't tell, but the soul urges,
Liking of soul supersedes everything,
Soul dictates, mind is all set to accept,
Never before such a bliss in the soul
What is it, absolutely it's indescribable
Honey is dripping from heaven to boost
The soul, in fact it's God approximated
The two with divergent living, soul talks,
Soul writes, and soul sings, illumination
Of sacredness, the Godly love; only in soul,
Heavenly companionship, and it's beyond
The world and worldly; it's love at its peak
Beyond body and mind, lives in the afterlife,
Soul mingles, soul writes, soul loves forever.

SPONTANEITY OF LOVE

Never depends on words, not the sight
Not the appearance, not the character
And not what is inside; then what is it?
It's spontaneity of the sweetest feeling
That lives in mind with image of divinity
It arises from the soul that is transmitted
To heart and it blooms as a colorful flower
That is fragrant; it never fades or vanishes
It's the true love that is genuine and sincere
It can't be bought with money, or wealth, or
With anything else in the world; it's really a
Treasure of life, it always sweetens the mind.

THE COLOR OF LOVE

Indescribable despite all imaginations
Subtle it is, bright, sparkling all the time
Color of sparkle fades and appears from
The golden love of you, enthused me with
Its beauty, I'm delighted by its color, color
Of your heart, a cup of blood poured in my
Heart, it foamed, red rose petals emerged
From it, sweetness of your love felt in soul,
Nectar drips slowly, fragrance of love smelled,
Symphony of love is played, mesmerizes me,
"You in me", my soul sings, mystery of love is
Heard, I feel your heartthrobs, two in one we
Become, sweetness of love thrills our hearts.

THE CORE OF LOVE

It's profound feelings only, so delicate, divine,
And even Godly; can't be replaced by stiff, tough,
And rough feelings, heart to yield, not to resist
Heart full with tenderness, and sweetness of love
Exists, no question of any argument, dispute, and
Quarrel; smooth flow of love, and diverting bocks,
Hardness to be liquefied with the spirit of love and
The tranquility of love blesses everything, depth of
Love is that matters, superficiality of love isn't the
Real love, love glitters inside and it is magnified to
The soul, soul polishes it, the laxity of love is the
Endurance of it, love bears and love melts, and it
Adheres, never it swells, pleasantness of it thrills.

THE LOVE

The gentle feel that fumes out of my heart
Clings with transparency and faithfulness,
Outpours to my soul to be linked with you
In the pursuit of my search for decades to
Find the fountain of divine feel which I call
Love to be poured to me like a stream where
I sail with you on the golden boat to our
Destiny; the water is transparent, no dirt
Anywhere, I'm in the mood of intoxication
With the vapor that emitted from your heart
Forms a fog that spreads and covers us fully.

THE THOUGHT IS ENOUGH

Never I met you in my life as
You fell from heaven in my heart
The fall caressed my soul, but
You aren't seen with naked eyes,
Never heard you with outer ears,
The thought about you fills my heart
It is the breeze that touches its walls,
Sweetens my heart with the thought
And that is enough to enlighten me
With the bliss that spreads to my soul;
Only the thought about you is enough.

THE UNIQUE LOVE

The love at its best is felt in soul
As soul is living, and body is gone,
Above all the worldly temptations,
Beyond the love of body and heart
But love is the supreme in the world
As God only approximated the two,
Only praying, and thinking of the best,
The love is only through the Almighty
God is keeping them, guarding them
The love is divine, holy, sacred, Godly,
This love never dies and it lives forever
It lives after physical separation of body
It wants only the well-being of the other.

THE UNKNOWN LOVER

Never he met her, never he knows her well
But a current of passion encircles his heart
With the inquisitiveness for who is she and
What is she, the umbrella of love gives him
Shade of comfort and contentment of loving
Her with his soul, imaginative image of her
Is far more superior to and it is much more
Powerful than seeing her directly, the words
Of her hanging in soul, he holds them tightly,
And swinging, the breeze of gentleness blows
Across his heart and it beats singing the
Melody of love, may be the act of a lunatic,
But he contemplated love, the love of the
Century, for the unknown dew that falls on
His soul continuously, a rare excitement of
Love dripping down rhythmically and musically.

THE VALUE OF LOVE

Not seen, not felt, but heart perceives
The language of heart, only heart knows
Heart writes, heart hears, heart sees and
Heart reads, it will never bend, it will never
Decay, even if heart is hurt very badly and
It bleeds profusely; it is straightened, sturdy
When put in fire or in heavy rain or in extreme
Heat, it will never melt or rust even it is abused,
It will never comply with changing weather,
Winter or summer, with changing sun or moon,
It won't change color with status or power,
It is too simple and humble like the doormat
As it is above the law of the world, doesn't care
Caste, or system, but it believes in the truth inside.

THE VOICE OF LOVE

Immersed in love, the thoughts came up
To thrill attitudes of life, to move with the
Charm of life; cheers subdued but the lone
Voice of heart echoes so sweetly, energizes
The volatility of love but again subdued by
The coldness of the shade of love, it caresses
The soul to magnify the components of love,
The voice of love aired so delicately to fill the
Vacuum of life and the pendulum of love ticks
On the fortune of life, the voice of love aired
Inside with the sweetened syllables only being
Heard as if dream tells the subconscious mind,
The nightingale of love sings forever, the voice
Of love, only once heard and that is everything.

THROBBING LOVE

Love with heart- throb and pulsating soul
Make love fly over everything, such is the
Force of it, the musical tune of it felt deeply,
The musical love, so sweet to taste on tongue
So delicious to eat, loveliness of it is painted
On heart and on soul, deep feelings explode
Colorful firework takes place inside, such a
Beauty inside, marvelous the love becomes,
Tastes every moment of love with ecstasy,
Never before such a state of mind maintained
Beauty mixed with sweetness and fragrance
Takes one to the abode of love to live long, with
Hangover to be there always, inseparable the
Love becomes, couldn't watch the outside,
Always remains inside with a deep fascination of
Love to bloom with the holy feelings of heaven.

TO LOVE, TO BE LOVED

The greatest feeling on earth, to love
And to be loved, hearts to be shared,
Souls to be mingled, what a feel, words
Can't describe, the divine feel, so pure
And holy, the tremendous joy it exerts,
Unparalleled, it is the wealth on earth,
Money can't buy it, nor the wealth and
Beauty; it is God's gift, He approximates
Hearts together, genuine love lives long
As God wants the true love eternal, true
Lovers live together forever and share God
Together as true love is God, man unaware
The trueness of love, but God wants it ever.

TRANQUILITY OF LOVE

Love, attached to holiness, is calm and quiet
So much loveliness in it; transparency at its core
Doesn't fight, never becomes hostile or volatile
Always subdued, never have superiority, equal
Always, the art of love is of primary importance
Tolerability and forgiveness are at their peak
Never hot, cool, and collected, well nourished by
Heart and soul, heart pumps energy for it, soul
Gives it life, shines, and glitters; love is feelings,
Nothing more than it, dwells in mind, with the
Outward reflections, and spontaneity bless love
It's more of an inwardness, it doesn't need anything
Back, love is always glorified with its selflessness.

TRUE LIKING

The trueness of liking is what the inner mind
Likes, the true liking is always owned by the
Inner mind, or the soul; but the majority can't
Detect it or act in accordance with it, the liking
Of soul is masked by temptations and by the
Passions for the world and the worldly and man
Is ruled by the periphery of mind not by the
Center of it, the true fact that is happening in
Many, every day; never approximated to the
Center nor hear it; the reality is, those having
Or developing concentration to the center of
The mind, as a result of utmost faith in God
Can suppress the masking of the worldly, and
Pick the liking of the inner mind and put it into
Action; it is felt so true as God tells you to do;
It's the greatest achievement in one's own life.

WE ARE FILAMENTOUS

Too soft, gentle, the feel that encircles in my heart,
Too pure, it is white like the cotton fiber, floating in air,
Doesn't fall or touch on Earth, always moving forward
Without an aim under the luminous sky, glistens when
The rays of the sun fall on it, what the feel is, it is for you
Only, too transparent, the morn mist covers my eyes, but
My heart sees it, you only, moving in speed, pace with me
In the limitless sky, not as birds, but quite unseen filaments,
Too soft the talk of hearts, too gentle the echo of tears falling,
Too tiny the mood of happiness to express out, we do not die.

WHY I LOVED YOU

Your inner beauty, the candle inside glowing,
You are dropped from sky on the path in front,
Your sturdy mind that never yields to the odd,
Your love transparent like crystal, the stream
That flows in you, ripples so softly and quietly
Soothes my soul, I like the stillness inside you
As poetry comes from it like tiny dew, it drips
In my heart continuously, its echo I hear daily
And I write the soft delicious sound that falls
In me, its sweetness spreads like breeze around
Me, it comforts my heart, your wisdom glitters
Like pearls around your neck, I read it with much
Enthusiasm, my pen moves like a machine and
I dissolve in the melody fuming from your heart.

YOU ARE A ROSE

The heart that throbbed with the rose
That smells sweet fragrance inside heart,
The smell, special for roses only, the magical
Perfume intoxicates me with the hangover
To relish the charming memory of yesterday
That writes poems of divine beauty, fallen
From heaven, drips into my heart, to soften
The hardness of it, that I am guided by you
In the long run where I see you always with me
I cannot part as you are the anchor in me.

Copyright © Love Poems of Dr. K. K. Mathew, Dr. K. K. Mathew

YOU ARE SWEET

You are sweet
Your love sweetest
Honey drips from heaven
Soothes my torn soul,
Sweetens my burning heart
Heart pumps now honey only,
Honey outflows my heart,
It expels agony in me,
It filters the impure blood,
It turns dark blood to red,
It fills sweetness in me
From my head to foot,
Honey smelt fragrant
The breeze carries the smell
Everywhere, it spreads out;
I am in happiness extreme,
But I fall down without you.

YOU AT FAR

My heart goes on to far-off in infinity
In search of you, but you are beyond
My reach, I can't meet you physically
But my heart sees you clearly in me,
My soul visualizes you more beautifully
Than meeting you directly; then what is
The need for physical presence, your image
In my heart and soul much more important
As it is the supreme, never dies, eternal;
Your image gives much pleasure to my
Heart and soul, they are refreshed daily
With its beauty, I dissolve in your image.

YOU FALL FROM SKY

The starry night sky above my heart
Suddenly one little star falls into heart
It dips deep in blood, doesn't come up
It is dissolved in blood and pumped to
My soul, fills it with the brightness it has,
Soul swells and it pulsates with beauty,
Heart too becomes beautiful, it twinkles
Like the little star, and I don't look up in
The sky, but look down into my heart, it
Became a star, twinkling with brightness
It never fades, the little star shines always.

YOU LOVE ME

The breeze that sweeps above me carries the smell of you,
The soul that flies in heaven along with me, waving at me
I hear your heartbeats in rhythm whisper that you love me,
Your silence tells the truth and your calmness enlightens me,
Your breath has the smell of rose that it writes love in the air,
Your soft melody aired in my soul, echoes sweetness in heart,
Honey dripped in my heart, wets it and flows out like the stream
It encircles me to be trapped in the deluge that washed me off.

YOU, MY SOUL

You descend from heaven in my depth,
The spark that comes from above lightens
Me with dazzling colors, it is a beauty to
Be looked at the inside of me, as you are
Twinkling inside me, for me, to be glittered
In the darkness, your glow reflected on the
Face of me, I smile always, even in grief, the
Smile is yours as you smile in me, for me, you
Do everything for me as you are the spirit in
Me, inseparable, lives with me even after my
Body separated; my great companion forever.

YOU, THE ANGEL

Why don't you respond, why are you mum?
The angel that landed deep in my heart from
Heaven, God only approximated you with me,
I think of you, I pray for you, I write on you, the
Beautiful poetry in my heart, you are a poem
Of words full of love and glory that soothes my
Soul, sweetens my heart; you are unseen but
Visualized with my heart very clearly, my heart
Beats on you, my soul pulsates with you, I realize,
You are a fraction of God, fell deep in me from
Heaven, the unseen figure but sensed always.

YOUR LOVE GLITTERS

Never see in me the magnet of love
But in dreams; I write its magnitude
Heart often twists, whispers sweetly,
You love me, the image of sweetness,
Blissful moments pervade fragrance,
Something somewhere caresses me
The pleasantness of love is deeply felt
Gentle breeze spreads so softly in soul
I don't want to open love and dissect
I hang on it and swing to feel its glory
Always my soul pulsates with melody
All these done, based on love for me
And life encircles on the pivot of love
You love me to make everything merry.

LOVE POEMS OF DR. K. K. MATHEW

DR. K. K. MATHEW

The poems in the book differ greatly from the poetry about worldly love. These poems are extremely special and unique. The poems portray a love that is heavenly, sacred, holy, and godly—love in its purest form.

The poems in the book illustrate how love begins in the soul, and they clarify the important fact that love is reflected in heart.
