FOREWORD

Dr. K. K. Mathew, a poet of exquisite and elegant wavelength has come out with soulful renditions in his book of dream like and imaginary quality titled "My Soul Sweetened". The poems in this book are powerful and spontaneous in composition and delivery. The poems here do have an innate vibrancy which is filled with full of possibilities and competencies. The aesthetically inclined ones are elevated to a higher plain through this feast of sumptuous imagination and lovely candour. The positive vibes emanating out of the heart find blissful utterances through the poems presented in this collection. The main thrust areas inherent in the poems of this book are presented below

(1) Divinity Reiterated.

The Godly experience is summoned and reclaimed by the purity of the soul. The infinite does have an all pervasive presence from one end to the next. The spring of peace is ushered in to create an energy of positive pedigree. The amazing evocation of feeling is generated to take the soul into the domain of rapt ecstasy. The Eastern star is as eloquent as the Western one and it sounds the enchanting bells rendering the air in melodious cadences. The co-existence of reason with imagination is a reality that unfolds in front of the mind's eyes in leaps and bounds. The innate power of forgiveness is the reconcilatory factor swirling around with lavish intent. The world of freedom is the touchstone of novelties. The trust in the timeless one above is the beginning of wisdom. Let the minds lift up to that ultimate reality in reverence.

(2) Redemption Through Omnipotent.

The worldly affairs are only miniature forms of the larger life envisaged for us there in heaven. Everything dissolves in

that power from above. The individual self yearns for that reality of faultless nature. The roller coaster reality called life does wait for the right outcome. The real meaning of love is self effacement and thereby being elevated to that higher form of life. Everything revolves around that ever knowing towering personality. The fundamental emotion ruling humanity is unrestricted and untrammelled love towards fellow human beings. The end is the initiation to the emergence of new scopes. That birth is the real pathway to salvation for many. The indomitable urge for writing poetry can't be quenched at any stretch of the imagination.

(3) Flawless Spiritual Prowess.

The immaculateness of the mind does have a free reign and the rainbow of imagination is the focal point of poetry writing. The exploration of the self is tantamount to going through a learning curve and dependence upon oneself amounts to self sufficiency. The intellectual field in the world is couched in silence to attain path-breaking discoveries. The inner voice is sought to be revived every now and then. The kingdom of God is surely within oneself and it comes forth through good deeds, the people do in their day to day life. The innovation of the heart is built up to cope with the fast changing world around.

(4) The Redemptive Angel.

The transformation in thoughts is accomplished to reach a level of heavenly perfection which is neither attainable nor desirable in the midst of worldly pleasures and amusements. The beloved one is an inspiration into that pinnacle of glory. The life is a journey of enquiries reaching nowhere at the end. The enduring nature of love is the sum total of life. The true love is selfless and straight-forward. It is a love transcending above all human barriers and boundaries. The true love is beyond time, space and all

other worldly criteria.

(5) Total Surrender to the Will of the Almighty.

Being humble in front of that universal truth is the real meaning of life. The thing that keeps human soul in captivity is the desire within. The internal happiness is taken to its logical conclusion through domesticity. The heart produces emotions of multiple degrees such as extreme joy, the balanced approach towards life, the sweetness felt within the self towards fellow human beings and the upliftment of the heart to that level of unbridled serenity.

Today, Dr. K. K. Mathew stands as a guiding light in the world of poetry through his poetic works of formidable modes. Let his poetic journey of fantastic and marvellous nature surge ahead in years to come. My best wishes to him from the bottom of my heart for him to climb the ladder of further successes in the world of poetry.

NEARER TO GOD

God is unseen with naked eyes but
Felt with heart, with inner senses, it
Is much more vivid with the feel than
Seen with outer eyes, as perception is
Much more sharp with inner senses;
The external senses are mainly for the
Living on earth only, but inner senses
Exclusively for God and Godly; the inner
Senses are inactive as excessive worldly
Passions cover them, they are closed;
Only by strong faith in God, the worldly
Passions vanish and inner senses open;
With them, God and Godly felt, that instil
Bliss in heart, the words of God heard,
One goes by the words; man is in a world
Within the world, the world of divinity,
Much more beautiful and sweeter than the
outer world; now man is so close to God,
Live with God, live for God and die in God.

AT PEACE

Peace, the tranquillity of mind,
The calm, cool mind, no waves
In the sea; but the sea always
Turbulent, waves jump up, storm
And lightning thunder at times,
Tsunami rarely; sea is calm when
Weather is good, when sky is clear.
Peace at root is mind, confusion
Starts here, worldly passions subdue
Mind, the greed and selfishness, main
Factors, mind becomes slave to them,
Unless tame them, mind won't be
At peace; when God enters mind,
Excessive worldly passions run away,
Mind becomes tranquil, peace vapours
To sky, rains in man, society and nation.

AWESOME

Awe flows in my heart, love mixed with it,
Reverence falls on my head, too astonishing
You are, little bit afraid I am, you inspire me
A lot, your words so sweet, your look absorbs
Me with magic in it, your poetry mesmerizing
That it wins my heart, the words in it glitters
In my soul, roses flowers in each segment of
Me, the nectar sweetens my interior, fragrance
Spreads in my breath, heaven drifts in my heart,
Love fills in it and it streams from top to bottom,
I feel I am at the top of a mountain, I see you
As cloud sailing above my head, I caught hold
Of you, we move slowly and gently to eternity.

EAST

Sun rises in the east
not in the west, no earthen
vessel can cover it, no
mountain can block it,
the sunrays fall above and
beyond the mountain, or
pass through the cleft, no
force can prevent it, the
one does it, will be burned
by the heat of the sunrays.
The truth is pure as snow
nobody can suppress it, or
conceal it, one day it will
come out, glows in darkness.

ENCHANTING

The delight that sparkled in my heart
With awe that covers me, bewitched
Me as I am in the paradise, relishing
Your ardent love for me, I dissolve in
That love as a tiny dew, everything so
Refreshing, a great charm to my heart.
My soul is soothed by the sweetness of
Your love, me delighted all the time by
The glimpse of memory that surrounds
Me and you, it is a charm that sweetens
My interior; you make my life enchanting.

FACTUAL JUSTICE

Don't worry dear friend, factual justice
Evaded you, you got lawful justice only,
Never get disheartened, as the great judge,
God, seeing it, the factual justice delivered
By Him sooner or later, it is an affirmation
Which many do not realize, let your mind
Be with Him, you get justice in your heart,
Not in the world, that is the most important,
He is with you always day and night, with
Extreme love, looking at you, caressing you;
Why do you not realize it, your heart miles
And miles from Him; Focus on Him, come close
To Him, you feel relieved, you get factual justice.

FORGIVENESS

Man doesn't know the value of forgiveness
Some think it is a weakness of them, but it
Is not, it shows your greatness only, I must
Say, enjoy the great value of forgiveness as
It is very sweet; the other day I enjoyed the
Sweetness of it, when I forgave a poor man
When he and his wife took away the huge
Sum of money which I deposited for a very
Special purpose of them, thinking that I won't
Look into it; I patted on his shoulder, when
He was suffocating with fright "I forgive you",
He was relieved of tension, I enjoyed its value.
The biggest enemy of you is you only, as you
Are cruel to yourself; your soul is the God in
You as it is divine and Godly, but your soul is
In confinement, locked inside your excessive
Worldly passions, that pressurize soul to inert
And inactive, soul is weeping all the time, but
You are cruel to your soul, you have locked
Your God inside you, you don't release Him.
You forgive yourself first and forgive others.

FREEDOM

The bird in the cage is set free, it flies
In the horizon of limitless sky, breathes
Air of freedom, man craves for freedom,
Society cries for freedom, oppressed lot
Longs for freedom; but man at root is in
Confinement, he is cruel to himself, he
Doesn't know it, the big joke of today.
The root of him, the soul is in jail, crying
All the time, suffocates for fresh air, soul
Is locked in excessive worldly passions,
Pressurised to lifelessness; it is what is at
the root of man, then how can he pleads
for freedom outside; man to free his soul
first by developing unbroken faith in God
to subdue the worldly passions, free the
soul, then he is at ease, he gets freedom.

HEALING BY GOD

Science is the attempt of man to explore
A tiny fraction of the great mysteries of God,
Man is constituted spiritually by two factors,
Soul, the root, body, the periphery, medical
Science knows only the body, it doesn't know
The soul, it only treats the body, not the soul;
Many of the dreadful can't be treated by science
As it can't treat the soul, it is its incompleteness.
If you surrender completely to God and come close
To God, the great mysteries of God will be revealed
To you which science doesn't know; it is the basis of
Miraculous healing by His caress; world must know it.

HOW DOES PRAYER WORK

God is love, God loves everyone alike
But love to God by many not genuine
As their love covered by worldly passion,
Prayer blocked by it, prayer doesn't reach
God, prayer becomes fruitless, no answer.
But no hindrance by worldly passion, prayer
From depth of heart reaches God, He hears,
Answer given and prayer becomes fruitful.
Prayer is talking with God, the great friend
Who is with you through thick and thin, His
Love is pure and divine, He loves you most.

IN INFINITY

Heart smells the fragrance of you
The sweetened perfume that breezes
Past my heart to the soul, sweetens
It, the smell carries the sweetness of
faith that binds me with you unseen
But felt everyday in the tranquillity of
Stillness, the dew from above falls on
My burning soul, caresses and cools
It that I feel that I am in the abode of
Paradise as I merged with you at the
Height of my faith in you, the rope that
hangs from the depth of sky, I hold it
tight, I climb up and vanish in infinity.

INDIVIDUALITY

The brightness in you is what you do individually,
Something new to the society, to the world, it is
Your soul acting, that blooms, sends fragrance, its
Beauty sweetens hearts, that is the one, individual
Should be proud of, it is the individuality, one's own;
It is pure, quite natural, the soft breeze that sweeps
Across naturalness, it is calm, cool, a soft melody that
Aired incessantly, speaks volumes of the inner-self,
Creativity of the person, that will never, never, fade.

LIFE

The true life is the one inner, the outer life
Is a reflection of inner life, the real growth
Is the one inside, not outer one, God weighs
It only; the inner life is a journey from outer
World to the destiny of inner path, that is the
Truth; the distance covered on the inner path
Is proportional to the growth secured by the
Person before God, the inner path is full with
Thorns, sharp stones, rocks, deep pits and even
Mountains; only the person with very strong
Faith can jump over the hurdles and reach the
Destiny; he is now nearer to God and found out
The truth, he has now achieved the purpose of
Life for which he was sent to earth; the outer life
Is a reflection of the inner growth, the true life.

LOVE IS CANDLE

The candle glows
It lights to be lightened
It lights and burns itself
Gradually and slowly
Till it is finished completely
By giving light till the last.
Candle is finished, but light
Persists forever in hearts,
Eternity its core, sacrifice
Its happiness, purity its
Substance, never bends,
Never decays, never breaks
But it burned, to light others
The death at the end, in harness.

EVERYTHING

Everything in the world comes from heaven,
The love, it streams from the sky, seen only
By deep eyes, the flow is incessant, it flows to
Heart, fills it and then overflows, it foams and
Evaporates, the vapor clouds in soul, rains honey,
Sweetens soul, love sings soft, faint, sweet melody,
Aired in the depth, energizes the mind and body
To reciprocate for love, a divine world formed
Around heart and soul, the love circulates in it.
Heart and soul communicates each other there,
Words are love, food is love and love everything.

Copyright © My Soul Sweetened, Dr. K. K. Mathew

MOUNTAIN OF LOVE

One loves another with the maximum of love
How much it is, how is it possible, questions
Many, it is to give mountain of love, that is to
Give one's heart and soul to the other, there is
No love more than it, the maximum one gives.
It is one dissolves in total, in the image of the other
The shadow of love of one, falls on the shadow of
The other and is absorbed in it, they become one
Physically, mentally and spiritually and there is no
Demarcation between them, it is very rare in the
Present turbulent world, but it happens, this love
Is the extreme, the agape, one is ready to sacrifice
for other's goodness and betterment, here the love
Glitters like, twinkles like, a star in eternity, in the sky;
It is the pinnacle of love, above that only heaven there,
Its door is always open for love to be lifted and welcomed.

Copyright © My Soul Sweetened, Dr. K. K. Mathew

THE END

The vast endless path stretched before,
I stride gently towards the destiny seen
In the mist of truth, that is hazy to outer
Eyes but inner eyes pick it, I realize, my
Faith is the path, that draws me forward,
The peril and fire, that didn't subdue me,
As the path clearer to my heart, it pumps
My love in the unseen and unknown, to the
Destiny, in the never-ending path, mystery
Soaks my heart with the redeeming love that
Showered on my path, I move forward slowly
But steadily, the journey of my faith, the hope
For the sweetness at last, I become very faint,
Nothing in me seen, me absorbed in mystery.

MY WISH FOR CHRISTMAS

To be with Jesus all the time, as I see Him,
Feel Him, taste Him, with my inner senses,
It is a bliss to be with Him throughout, while
I see Jesus with my outer senses in the poor,
Downtrodden, destitute, beggars, sick, pleading
For help, I wish to help them, nurse them, to be
With them; what a surprise, I see heavenly beauty
Of Jesus with my inner senses while I see the hurt,
Wounded Jesus, on the cross with my naked eyes,
It is a reality, the great truth that I accomplish, is my
Wish for the Christmas; to be with Jesus throughout.

PASSION FOR POETRY

Poetry vapors from depth of heart at its bottom,
From the deep feelings that frozen at the bottom
Unknown and undetected for some time, the vapor
Clouds at the top of heart and it rains incessantly,
It cools and wets the heart with concentration and
Passion for the melodious feeling that caresses the
Interior of heart and soul, a world of tranquility built
Around the heart and soul, with the feeling of soft,
Sweet echo of melody that makes heart and soul stay
At one point, heart writes the glorious feelings with
Ease and quickness, the paper is filled with what is
In heart and soul, streams out with much force, the
Passion lifts the poet to the height of melody always,
A very rare feeling from which the poet won't come out.

Copyright © My Soul Sweetened, Dr. K. K. Mathew

POETIC HONEY

Poetry combined with love is sweetest honey
The truth in poetry dissolves in love becomes
True love with honey base, sweeter than honey,
Poetry subdues hearts with melodious sweetness
As honey dripping from heaven when it is touched
By poetry, heart and poetry combined to form love
Immortal, soul of poetry approximated with human
Soul, honey binds them, honey flows from heart to
Heart, soul to soul, a world of honey is built, where
Poetic love, binds hearts together, honey the base.

SELF-REALIZATION

To know oneself is the aim in life
You know yourself, I know myself,
The peak of inner life, then only one
Realize God, a great phenomenon,
One to hold on it in his life on earth.
Judge others only after you know you,
The key to success in the worldly life;
The inner journey is the real journey in
Life, not the outer journey on the earth,
It is search inside to know, "who am I?"
Search one after another, till I find myself
Who am I, a long search, covering decades,
Dissecting out the innumerable passions for
For the world and worldly, they become inert,
Inactive and faint, the inner senses open when
Worldly passions gone, visualise with them,
God and Godly felt, tasted, relished; realized
Fully, I am nothing, everything in me is God
Only; I realize what I am and what God is, it
Is the self-realization, the greatest wisdom.

SELF-RELIANCE

The great quality one ever to get,
To depend on oneself, he learns
From himself, he gets satisfaction.
What he sees in him is what in him,
The God in him, he gets input from
The God inside, he fully depends on
Him, he trusts in Him, a great step to
Move forward slowly and steadily in
The perilous world, he gets confidence
In him, that is his strength, he builds on
His faith in God, it becomes a rock, a
Strong foundation on which he builds.
Great success before him and he enjoys.

SILENCE IN SOLITUDE

Solitude is my home; silence is my heaven
I dwell in it, I relish it, I taste it, it soothes
My soul, sweetens my heart, honey drips from
Above, heart pumps it, blood replaced, sweetness
Spreads from top to bottom, always I am like it.
How beautiful my life is, I live with honey, live on
Honey, life always sweetened, honey replaces pain.
It expels grief, despair runs away, no human thought,
But deep feelings take me to the horizon of love and
Tranquillity, where me a dew dripping from skies, me
In exuberance, no, in bliss, as heaven drifted in me for
Seconds, me absorbed in the holiness of the silence.

SOUL OF MY HEARTBEAT

Spiritual world a vast one unseen and
Unknown to outer senses but known
To inner senses, the outer life is reflection
Of inner life; soul the core of human life
Pulsates every moment, each pulsation
Ejects divinity that is transmitted to body
But unfortunately it is blocked partially
By excessive worldly passions, still the
Pulsation of soul is transmitted to heart
And heart beats in synchrony with the
Pulsation of the soul; soul ejects divine
Love every moment and heart pumps
That love in the world, the blood, every
Moment to body, it is the cycle going on
In human soul and body in synchrony.
The heartbeat is the core of love in body,
A reflection of the love of soul, its pulsation.

THE HEAVEN IN ME

The heaven is above everything in me
Above the good or bad in me, beyond
The pain, grief or despair, above all my
Thoughts, beyond the worldly passions;
Only God helped me to get into this space
By strongest faith in Him, it is a vacuum,
A very rare feeling, I am floating there,
My soul sings, it echoes softly in my heart,
Music of divinity fills in me, honey drips
From above, it sweetens the interior of me,
Divine true feeling comes in me, the most
Delicate one, caresses my soul, it has touch
Of God, the sweet feeling embraces me too
Often, I forget everything, the noisy world
Around me, my past, my future, I see, I smell
With the inner sense, the beauty of beauty,
The fragrance of fragrance, it is a true feeling;
Money can't buy it, nor the power get it, but
Only very true adhesiveness to God makes it
A reality; it is my sweet home, the heaven in me.

THE NEW YEAR

The new year to come, old one gone
The impure blood filtered, pure to come
Renewal the core of human life, as the
New in heart and soul, wished to come,
The hope, one after another, breezes
Through the air in life, as the mistakes
In the past, the cornerstone to build up
Mansion in future, the mind moulded
To furnish the new avenue, regeneration
From the lost one, the great step forward.

TRUE HEART

The heart that pumps only the red blood,
Never it pumps dark blood, it beats in rhythm
Never it pauses, never it flutters or fibrillates,
It dilates and contracts fully, pumps blood fully
Its beats are strong and the hum it produces,
A sweet melody that sweetens soul and body.
The heart smiles always, never it weeps, never
It grumbles, the love it pumps is very pure and
And holy, never it will be stained, heart writes,
It writes with blood and the writing glitters, that
Will never fade, the letters glow with brightness,
Heart gives promise that will be kept intact till
Heart stops; the functioning of heart is a legacy.

TRUST

One lives by trust only, it is as hard as steel
Never it bends, never it breaks, with it one
Can fly to heaven or hang in the sky, world
moves on with it, without it everything still.
Strongest adhesive fixing persons together,
Nations together, it doesn't give way, getting
Stronger day by day, it stands on truth and
Genuineness, it is the heart beating slowly and
Gently, tranquillity fills in heart and soul, mind
At ease, fragrance spreads everywhere, beauty
Of heart felt, it sings soft, sweet melody that
Sweetens soul and body, it energises mind and
Body to build up and everything goes smoothly.
Trust in God is the greatest truth, that fixes man
With God and God works for him, God becomes
His intimate companion; trust becomes a wonder.

A CHRISTMAS THOUGHT

Christ never made a religion or its denominations
He wanted only to believe in Him and spread gospel
Of salvation till the end of world; but today thousands
Of denominations for Christianity, what for it is, one may
Ask himself, the answer, the denominations are manmade,
Not Godsend; selfishness the root, loveless man becomes,
Not love of Christ practiced; gospel of Christ is too simple,
But man makes it so complicated; love each other is the
Ceram of Christ's gospel, but selfishness rules everywhere.
Some of the Christian churches fight with each other, crime
Done by few even at the top, sexual assault a factor, money
A common factor, money is God now, many live for money,
Jesus Christ is wounded again, his heart is bleeding profusely.

A NEW OUTLOOK TO THE WORLD

Keep your mind much above the gravity of earth,
You get it by sharing heaviness of mind with God,
What do you gain by grieving for everything, nothing,
Only you lose your grip on the upward movement
Of your mind and bring it down; trust in God makes
You mightier, your mind turns steel as much you
Can, keep your mind above what you are grieving,
It may be difficult alone, but with God, He lifts you
Up much above the grief or despair, try, keep mind
In that position always, initially difficult, but later
It eases with God; smile in grief, lift heart in distress,
You can, my assurance, very definite, I must say, yes
You can; get pure and true love in this spoiled world,
It is most difficult as there no love like that, but God
Will definitely approximate you with pure or holy love,
You will be fixed with that love as God the mediator
And through that love, you visualize God, relish God
And taste God; it is the bliss on earth, not anything else,
The biggest invaluable gain in the world, may be the
End product of your long search, you enjoy in everything,
You overpower pain, grief or despair with God, always
Your heart shares soft, sweet melody with your everlasting
Companion, the pure, holy love; you are lifted above
Everything, you enjoy in the troubled, corrupted world,
Pain and grief dispelled; it is very true, the miracle of God.

ALMIGHTY

My faith in God so intense that
He approximated invaluable to
Me, it is His gift to me that it
should be with me always; how
I see God now, it is through the
Invaluable; I see God through my
Poems on it, my sensing it, my
Thought on it, my deep feel
On it; through it, I can write so
Many, I feel so many and I
Contemplate so many that
God is with me and around me.

DARLING

The part in me that is felt the sweetest,
That is painted with honey on walls of heart
And that smelt fragrance in my depth always,
It caresses heart with sweet melody when thinks
Of it or sees it and the recollection itself a bliss,
Sweetens my soul always; it is my darling that
I keep at the centre of my heart with deep love
And it flows like a stream in the thick woods,
Its murmur ripples gently at bottom of heart
With delicate feeling that overpowers my heart
With sweet fragrance that breeze carries in me.

END OF MY SEARCH

This morning I find out the product of my long
Search for decades, a tiny glittering star, fell
From the sky, it is shining all the time in my heart,
Takes me to the lofty feeling, high up in the sky,
It is twinkling all the time in the darkness, lifts
Me to the door to heaven, I too shine in the
Light of it, I looked at the earth, it looked very
Small revolving, I don't want to go down, I moved
Close to the little star, glitter with the light of it,
Stayed high up in the sky along with it, started
Twinkling and we moved to the door to heaven.

THE GLORY OF LOVE

Only one word universal, the love
That keeps the universe intact, love
Unseen but felt with deep senses, man
To visualize or to hear with opened
Deep senses, but that closed by the
Excessive worldly passions, that to be
Expelled by strong faith in God; with
Deep senses one could appreciate the
Glory of love as it is the most powerful
In the world, binds men together, animals
Together, birds together, fish together,
The planets together, what else, everything
Together, as God is love and pure love is God;
Without it everything disintegrates, perishes,
The love seen is the fraction of heavenly love
That is the center of all love; it is soft, semisolid
Jelly, having binding power, on which everything
Fixed, thus life comes into being, love painted on
Everything in the universe and the love at the top.

HONEY DROPS ECHO

My soul is sweetened as honey drips
From above, it echoes sweet melody
That is perceived by my heart, it writes
On its wall the melody of the soul that is
Is the sweetest of all what I hear in the
Depth of my heart, my soul flies from me
To the horizon of divinity where too the
Melody echoes, it is the music from heaven
That carries honey everywhere and my soul
Is soaked in honey and deeply sweetened;
My soul on earth dissolved in its sweetness.

HOW TO LOVE

Love not by words, not by body
but by the heart and by the soul,
The hearts blend, the souls mingle,
The tongue doesn't utter, but the
Heart speaks, the soul perceives,
Silence the medium, trust, the base,
Hearts won't flutter, souls won't
Change, praying for each other,
The love flourishes inside heart
It flowers in soul, love won't break,
It won't decay, it dissolves in silence,
The love lives forever, it never dies,
Always it is in heart and it is in soul;
The love with the souls lives in eternity.

IMMORTAL LOVE

Love in extreme, beyond any words to
Describe, couldn't live together on earth,
But believe firmly that live together after
Physical separation of body from soul;
Definitely it happens as the faith in them
so high, firm and sturdy; but their souls
at far meet in silence, speak with heart,
souls in togetherness, they pray for each
other till physical death, it is love immortal,
love never dies, unseen in present society,
A great truth that glows in intense darkness.
It makes earth a heaven, heaven a paradise.

LOVE BEYOND BOUNDS

Love so tranquil, pure and holy,
Beyond any bar, as it is the soul
Living, not the body or the wealth
Or the status or the color or the
Caste or the religion; it is loving
Heart that counts, the pure, holy,
Selfless love that lives, that glows
Forever, that doesn't want anything
Back, ready to sacrifice for goodness
Or betterment of lover; it is the real
Love, the true one, possible in the
Present troubled society, when man
Realizes soul is the supreme, it is far
Valuable than the body, or the wealth
Or anything else, a great realization.
In such people, soul communicates each
Other, even people living at distance, the
Thought, the feelings, the vision, make
Them approximated in silence, in solitude,
Praying for each other, the vision for the
Other brings joy in heart, bliss in soul, as
The love is holy, divinity flows in, the lovers
Go into everlasting bliss throughout life;
Even believe their soul will meet directly
After death, the hope takes them to the
Abode in their hearts, what a feeling it is!
You will never get such sweetest feeling
Anywhere, no conflict anywhere, only soft,
Feathery souls involved, everything smooth;
The world to know this tranquil love, dissolved
In the sweetness of silence; why there is conflict,
Why the sexual assault, why the crime; man is fool.

LOVE OF SOUL

Love the supreme, beyond that no love,
The love purest, holy and divine, the love
Of soul, it is transparent stream flowing,
Ripples slowly and gently; it is the candle
Glowing and at last it vanishes, lights to be
Lighted, the love doesn't need any reward,
It prays every moment for the betterment
Of the other, believes only in the purity and
Holiness of the love, it doesn't decay, never
Dies, eternal it is, it always glitters, it is very
Simple and humble, never swells, always kind,
Merciful, ever ready to sacrifice for the other.
It is the love of soul, it glows and it sacrifices.

MAY I DISSOLVE IN YOU

The sweetness of my love, exuberance of my thought
Take me far above my feeling, to a misty zone of truth
Where I feel you at the center with the grace you have,
I realize it is the world within the world, with so much
Feel of happiness where I feel, I am a butterfly sucking
The nectar that fills the land, heart pounds with extreme
Joy, I feel it is my spirit, my body in the outer world, can't
See it, it is the super thought of divinity I have now, much
Above the human thought that I float with the heavenly
Feel, filled with bliss that I enjoy, a rarity of my life, it is a
Reality sprouts from the depth of my heart, without my
Knowing, a spontaneous divine reflex that lasts longer, my
Spirit comes close to center, asks "May I dissolve in you?"

MY DESIRE

When will my desire flower in the truth of
My hope to scale past the seas and sit on
The shore, refreshed in the cool breeze that
Touches my soul with the sweet fragrance
Of you, so much so the recollection of you
Infuses bliss in me that I hope for the hope
Of the gentle breeze carrying the smell of
You, caresses my heart once in a while, even
The thought about you, everything to me,
Knowing fully, I can't be approximated to
You anytime in this life; I hope in vain, again
Hope, the desire flowers, I will be with you
In the other world, we are free to hear the
Melody of soul, we dissolve in its sweetness.

MY HEART, CONTENTED

Heart, contented as I could discharge duty
In most effective way, more than what I
Could wish, it is a wonder I could fulfill the
Aim in life as I could share fully my duties
With God after I found out Him and put my
Footing very firmly on Him and built on Him.
It is God, gave me contentment, not me; the
One who tries alone won't get contentment,
It is the truth, everyone should realize, that
Is the way to success; the great contentment
I had when I could find the invaluable in me
And project it to whole world more than I can.

MY HOME

Surprising to you, my home is different,
Not the two I built on earth perishable,
It is the home I built in my heart, the most
Beautiful that I live in it every moment of
My life, I am a permanent resident of it;
I built it on my faith in God after making
faith so strong and sturdy, it is a home of
eternal love, peace and happiness; grief,
worry or despair can't touch it as it is above
the gravity of earth, the home is eternal as it
Doesn't perish with physical death of body, I
Live ever in my home with so much of love in it.

NO SADNESS

No sadness, never I became grieved
Never despaired any time in life, pain
Becomes flowery as Jesus bears it for
Me, I am always happy, I am at peace,
The trial, the ordeal all, nothing to me
They can't touch my heart; Jesus chose
The best for me, best ever in my heart,
The sweetest and the most fragrant in
Soul, I always taste it, smell it; grief and
Worry all ran away from me as Jesus a
fort around me, faith in Him my strength.

PEAK OF MY HEART

I couldn't get into it, it is stretching above,
It is endless, a vision I have for it, but it is
Beyond thoughts, far above feelings, I couldn't
Reach it, as it is with no end, but I see the love
Hanging from heaven, the vision I have, red jelly
Stretching to my heart, it is the love from heaven
Dropped into my heart, the purest love that acts as a
Path where I am to stride slowly but steadily to the
Peak, it is unseen, but I can reach it as the love where
I stride is so intense that it lifts me to the peak of heart.

RHYTHM OF HEART

My heart sings always, never it weeps
The melody I hear daily, sweet honey
To me, soft, very faint, it sweetens soul,
The music, it gets from above, composed
By heart, it ripples in my soul, me in bliss,
I hear sweet humming music from a far-off
Place, that the gentle breeze carries to me.
The two overlap each other to form sweet
Melodious music of my heart; I live by it,
The breath I inhale, the food I eat, have the
Flavor of it, my life becomes a music, its
Base is the rhythmic heart, that sings deep
In me; the musical heart beats in me forever.

SOUL WRITES

Soul vapors and clouds, it rains
honey in heart, honey fills the
heart fully, It overflows, poet
writes on paper, paper is wet
With honey, words are made of
Honey, they look beautiful and
Fragrant too, the cream of soul
fills the words, that is love, the
words project sweetness of soul,
the poem is the truth of decades,
love is the core, it flows incessantly.

SWEET

You are sweet
Your love sweetest
Honey drips from heaven
Soothes my torn soul,
Sweetens my burning heart
Heart pumps now honey only
Honey outflows my heart,
It expels agony in me,
It filters the impure blood,
It turns dark blood to red,
It fills sweetness in me
From my head to foot,
Honey smelt fragrant
The breeze carries the smell
Everywhere, it spreads out;
I am in happiness extreme,
But I fall down without you.

SWEETHEART

The sweetest, fragrant, you spill honey in
My heart and it too becomes honey based;
Heart pumps honey only, it sweetens every
Cell in me, honey ripples, that takes us to the
Zone of tranquility where you pour honey
Everywhere, a world of honey built, where
Gravity of earth can't reach, sweet melody
Sung by soul heard, the two hearts become
One; it sails slowly and gently to the eternity.

THE BEAUTY OF LOVE

Too smooth, soft, gentle, sober, weightless,
Love, the cotton fiber, white always, no dirt
Anywhere, it floats above the earth, above the
Heaviness of earth, above the gravity of earth,
Flies high up in the sky, flies above all hurdles,
In the limitless sky, doesn't require anything as
It is too tiny, sunrays fall on it and it shines, the
Whitish beauty glitters in every heart, flies from
Heart to heart, soul to soul, it carries its beauty
Everywhere, it floats always, never it comes down.

THE GREATEST LOVE

The love prays every moment for the betterment
Of the other till the end and hope to be together
After physical death, always ready to sacrifice even
Own life for the other's goodness; giving one's heart,
Soul to the other; doesn't wish anything back from
The other, the love that is so silent, kept in heart and
Soul, not outside; everything entrusted in the other to
Do whatever liked, have complete trust in the other,
It is the love of soul, the other soul is loved ardently,
Believes in oneness, the unity of soul, without direct
Contact of physical body; the greatest love on earth.

THE MOST BEAUTIFUL

I have in my heart the most beautiful,
God has gifted me, inside me, the great
Figure of beauty that I relish with my
Inner heart at midnight, no early hours
Of today, a very tiny part of God drifted
From heaven in me, shining with intense
Beauty, kindness fills in it, the divine love
Glow in eyes, the heavenly grace focused
On me, the divinity glows with great mercy
In it, I am mesmerized for few seconds, it
Vanished soon, but the shining figure left
in me, the divine vision I cherished in heart
For seconds, it glows in me with more beauty,
I live with the glow in the depth of my heart
Till the end and after; I realized the God in me.

THE SWEETENED PERCEPTION

My deep heart perceives sweetened dreams
That come gently from depth, it is the reality to
Come as what I visualize is the truth that caresses
My interior with the softness of the touch and gives
Immense pleasure that the love in me is so intense.
It draws pictures of love in my heart, its beauty,
Its sweetness, instill vigor in me and I hold my love
So tightly with my chest that it lives in me forever,
It lightens my path forward with its glowing shine,
My heart perceives always sweetness of love in me.

TO LOVE, TO BE LOVED

The greatest feeling on earth, to love
And to be loved, hearts to be shared,
Souls to be mingled, what a feel, words
Can't describe, the divine feel, so pure
And holy, the tremendous joy it exerts,
Unparalleled, it is the wealth on earth,
Money can't buy it, nor the wealth and
Beauty; it is God's gift, He approximates
Hearts together, genuine love lives long
As God wants the true love eternal, true
Lovers live together forever and share God
Together as true love is God, man unaware
The trueness of love, but God wants it ever.

TRUE POETRY

The spontaneous flow
That too from above
Flows incessantly
It is the stream flowing
Too soothing it to heart
Soul sweetened
It sprouts spontaneously
It is the true poetry
The poetry of heart
The poetry of soul
It is sweet, it is melodious
It is holy, it is divine
It sweetens, it heals
It is the truth for decades,
It is not manufactured one
Its one line is more than
Hundred manufactured books
It is not for artificial awards
It is only for healing
Wounded hearts, torn souls
It doesn't die, it lives ever.

WIND

Heart refreshed in the sweet wind that
Blows from above caressing my interior,
Me drawn to the spirit that encircles me
With the everlasting coolness that soothes
My soul, the great feel that sweetens me
With the holy dew dripping into my soul, I
Go past all the odd before me, the rarest
Feel of exuberance the wind brought to
Me, now the whole world opens before me
I am to choose which one I prefer to have,
I go along with wind, it carries me to infinity.

WINDOW

The window opened in my heart
Opened only once, that is only for
You, I now realize the truth, if I lose
Contact with you I might collapse
And faint, as you are so much in me,
My heart is tender, transparent , soft,
I see only one image in it that is you.
Sunrays passed through the window
And warm my heart, I see you more
Beautiful as the sun falls on your face,
I disappear in the morning mist, but
your face seen through misty window.

YOU IN ME

The picture I painted on walls of my heart
With different colors, so beautiful, so sweet
And mesmerizing that it dissolved in my blood,
Each drop carries the smell of you, the blood
Turned honey that sweetens my soul, it clouds
And rains incessantly in me and I fly with you
To the horizon of tranquility, beyond the stars,
Beyond everything, the soul of each is set free,
The breeze of divinity sweeps across, it kisses
The souls with soft sweet melody and carries
Them as dew dripping in the vast sea of infinity.

YOU, MY LOVE

You, a comet fell from heaven at the
Center of my heart, dipped in my blood
At its bottom, you dissolved in the blood,
My blood carries the sweetness of you,
Heart pumps blood to my soul, sweetens
It, soul pulsates with more beauty, it echoes
Very deep in me, very sweet melody, that
I look at heaven to retain you in my blood
Forever; with you my blood turned honey,
It clouds and rains in me, we are sweetened.

AFTERLIFE

The wisdom to know what is going on
and what after that, instilled in heart
for those who search God and found Him;
They realize, the soul is the core, body the
periphery, soul never dies, but body dies,
It is perishable, putrefies, dissolves in soil.
The death on earth is death of body,
Not the death of the soul, it doesn't die
In those who found it and live by it,
On earth itself soul guides them, a life
By soul is a life with happiness and
Contentment, even if they are in misery
Outside; they feel the presence of God,
The life with God is bliss, totally different
From the worldly life, but man doesn't
Realize it, as worldly passions blind him.
When body dies on earth, for those lived
By soul on earth, the soul lives with its
Glory, it moves to eternity, lives forever.

AUSTRALIAN FIRE

The massive bushfire sweeps across Australia
15.6 million acres of land burned, destroyed
Almost 2000 homes, 1 billion animals are lost,
Many sensitive ecosystems damaged, a warning
To the world, extreme fire more to come, climatic
Change, severe heat wave, the culprit; government,
The world, helpless before massive fire, if more to
Come, helplessness intensifies; why the climatic
Change, why the severe heat wave, man to know it,
The prophecy may come true, the earth ends in fire.

BEAUTY OF WORDS

Exquisite writing, words very few
But pearls scattered, glittering in
Heart, stays there forever, such
Powerful words soften hardness
Of mind, love streams with grace,
In heart and soul incessantly,
It may vanish, but it resurfaces
With flash of beauty, the words
Give insight, correct the error that
Crept in, but the words too often
Touches the interior with very soft
Melody that sweetens with honey
Dripping from above, heart and soul
refreshed, the few words in poetry
A wonder that changes a human being.

BRILLIANCE

To realize what is right, what is wrong
Is the great quality one gets from God,
The evil and good look alike, to choose
The correct, the gift of God, otherwise
It is hazardous to select the evil; brilliant
You are, you are wise, it doesn't need
Worldly knowledge, but it is realization
Of God, He gives the talent to execute
In perfection, the most effective way,
It will be good for man and mankind, it
Is what God expects from human being,
The society benefited, the world gained;
Godsend talent fills brain, the brilliance.

DOING ALONE

When you do alone, you do it in loneliness,
Solitude is your companion, nobody on earth
With you that time, your mind and heart at
Work, your soul backs up, you are in maximum
Concentration, you concentrate at the centre of
Mind, the site where God communicates,
Creativity at its best now in silence and in
Solitude, the unseen Almighty makes way
As you are far away from the noise of the
World and from the worldly passions at the
Time you are in solitude and silence, God
At the centre of mind acts, divinity flows in,
God takes care of your creative work, you
Write what your brain doesn't know, wisdom
From above blesses your work, it is the secret
Of what you write, work , in solitude, in silence;
Man must know the truth, world must know it.

EMPTINESS OF MIND

Mind empty, thoughts decline
Emotions lessen, waves in sea
Vanish, the sea calm and quiet,
Ripples subside, stream is silent,
Thoughts and emotions quiet
Only with power of God; feel
From depth arises, that is above
Human thinking, divine, brightens
Heart and soul, deeply rooted,
It doesn't fade, twinkles like stars
In sky, always shedding light in
Darkness, the stars do not fall
Down, smiling always, the smile
Is eternal, it never fades, only
Dark clouds cover but soon they
Escape or stay there for long, the
Brightness falls on clouds makes
Them wax and they rain leaving
The stars glitter in darkest night.
Mind empty is divine, it glitters.

FAITH IN GOD

The big enemy of man is the feeling
Fear that disintegrates stability of mind,
Mind unstable, disorganized, carried away
By emotions and worldly passions, mind
Like a boat in the roaring sea, driven by
The giant tidal waves, about to capsize;
Wandering mind subdued by emotions
and passions, never at peace, gone astray,
never it set right; it is the biggest enemy.
Faith in God gradually forms a covering,
A zone of protection over mind, becomes
Bigger day by day, if faith grows bigger and
Bigger, the protective layer becomes so
Solid and sturdy that fear or any passions
Can't invade mind, mind becomes stable
And fruitful; it withstands and overcomes
Any peril that stands in its path forward;
It is how faith in God works, it guards you.

FAR AWAY FROM THOUGHT

Deeply immersed in reality that at bottom
Me to pick the pearl that is hidden in soil
What we see and what we think superficial,
The core different, very less energy needed
To live happily and at peace in the world, the
Ignorance of it costs man a lot, what he does
Throughout life is at periphery not at centre.
When man searches at bottom, after hefty work
He picks the pearl hidden and values it, the truth
That materialistic, valueless as it perishes and
Non-materialistic is the valuable, never perishes;
It is love only, hidden in hearts, deep in the soil,
Love is God, love is man and everything, have you
Ever picked it from bottom, otherwise life is futile.

HEART FLIES

The fastest vehicle that flies high in sky
Beyond stars, above everything, with the
Love and glory, nothing can reach my heart,
Only your heart reaches it, they in the zone
Of tranquility meet, hearts sing the melody,
Souls sweetened, honey drips from above,
Soaks hearts and souls, dreams sweet make
Way, they wear wings, carry them to divinity,
Dew rains, replaces honey, it flows like stream
And carries the hearts and souls gently to infinity.

HEARTTHROB

The sweetened melody deep inside,
The singing of heart sweetens my soul,
Heart sings, the rhymes carry honey that
Drips into the interior of me, it is the love
Streams from your heart into my heart,
Both beat in synchrony, the divine music
Filled with honey, heart filled with it, soul
Soaked in it, the music of love, the power
Of it binds us together and the hearts beat
Musically, the love pumped into our soul.

INNOCENT HEART

Heart pure as snow, whitish, no dirt
Anywhere, crystal clear, transparent,
Words and heart the same, no difference,
What inside seen outside, what outside
seen inside, purity the core, fragrance
emitted, sweetness the taste, shine
On the face; immutable faith in God
Drives worldly passions out of heart,
Heart becomes pure and holy, it knows
Only to love, for love it is even ready to
Sacrifice; in pure heart, God lives there.

INQUISITIVENESS

Life is a quest, what for it is searched
Life is a mystery, it is full of unknown,
It is known vividly with inner senses only,
Outer senses can't pick it, inquisitiveness
Leads me daily to explore, to detect, to
Analyse and to conclude; otherwise no
Charm in me, always I move forward to
The unknown and unheard, inquisitiveness
Draws me forward, when my pace slows
Down, I suffocate, that makes me move
Again and life becomes pleasant, it goes on
And on, I live; In adulthood, I was inquisitive
To find the 'truth' in life, my search covered
Decades, I faced very stringent trials, at last
I could find the 'truth' in my life, it is my main
Search; in medical science the inquisitiveness
Led me to some unknown and I could make
Them known, what a thrill I had, enthusiastic,
Adventurous life I have; for everything I have
Inquisitiveness and I explore what is most difficult;
I have biggest gain now in my life which is God's
Great gift; Inquisitiveness and search made me
What I am; I have no worry, I am fully contented.

LIVE ON VISION

The most beautiful life, live on one's vision,
Live by it, as beauty only fills heart, beauty
Wins over grief or despair, always a state of
Well-being, no negativity, heart scales heights.
Thought and vision different, thought human,
Vision holy, divine, the truth; possible only when
Excessive worldly passions driven out by utmost
Faith in God, the deep senses open, they see and
Hear, it is the vision of heart, the goodness in man,
The divine; man to go by it, not by thought of him.

IMMORTAL LOVE

It doesn't speak, dumb always,
It doesn't see, blind always
It has no language to write, but
A poem, very sweet, sung by
Heart, too faint it is, only heart
And soul hear it, soul is soothed,
Sweetened by it, it is never sung
By mouth, nobody knows it, so
Sacred it is in heart, divine in soul,
Heart sings it daily, silence the
Companion, solitude the mentor,
Poem rhymed daily, honey drips
Always, heart and soul filled with
honey, doesn't outflow, always inside,
Lives with it till the end, poem sung
By souls after that, poem of silence;
Immortal love lives as poem in heart
Forever, it doesn't die, it lives forever.

MIDNIGHT

I write with exudation of love
That falls on me from the long
Distance away from me, the dew
Dripped in my heart that the feel
Is splendid and I see you clearly in my
Heart, your eyes beaming with deep
Love that I could copy it on paper, the
Smell of you I perceive is very fragrant,
My heart is thumping with the energy
You left in me, the stars in the sky stare
At us and smile sweetly, your soul flew
To my heart and fills it with sweetness,
I am absorbed in greatness of your love.

MORE IN HEART

More in my heart, than in eyes
More in my soul, than in face
Eyes and face won't be more
To me but heart and soul count,
They stream in me, in my heart
And soul, something that I can't
Describe, no words make it, but
The feel, the misty one, very
Vague, but very intense, paints
Beauty deep in me, that suffices
My desire to have more, the
Desire vanishes, I am contented.

MY HEART HUMS

Sweet, soft melody, my heart hums
In the darkest night, the sweetened
Music absorbs darkness to brightness;
The melody echoes everywhere, I hear,
The sweetness dissolves the torn mind
To sweetened one, the hum sweetens
Interior of me, it spreads as cool, gentle
Breeze, caresses your heart, the melody
Is divine as it fell on my heart from above
And made it hum; I hear it, I feel it, every
Moment; grief, despair driven out from us.

PURSUIT

In pursuit of my long run towards you
The desire doubled, it is going at high pace
My heart thumps, my soul pulsates, my love
Streams, I sail on a tiny boat to the end of the
Stream, I couldn't see you, I reached the river,
Again I sail to its end, boat moving at faster pace,
I reached the sea, I was all alone there, I moved
In the sea on the tiny boat, but you weren't there,
I got frightened, the boat hit at a rock, it was split into
Two, I sail on the wooden plank, but my heart sings
A melody, I am fully absorbed in it, I became melody
That reached the shore where you are waiting for me.

TELEPATHY

Science yet to know the mystery of divinity
It is beyond the reach of science, may be
After a decade it has scientific data to prove;
Loving hearts at the at North Pole and South
Pole talk with each other, they communicate
Each other much better, the loving souls talk
Each other, they communicate at a time, the
Loving souls see, the language known to only
That heart and soul, while different for others;
Here love, pure love, transparent love, acts as
Conduction system, the super conductors, it
Conducts transmission much more effective
Than the normal conductors do, transmission
Done abruptly much faster than any system.
The transmission of pure love is divine, Godly,
Unseen to outer senses but the deep senses
Visualize, the divine mystery is not revealed
To science; only firm faith in God uncovers it.

THE ASSET

Heart becomes an asset to be proud of
When it becomes the sweetest, only
when it relishes sweetness of pure love
contained in it, nothing else, but it is too
difficult in the present world as true love
is the fireflies twinkling in darkness; only
true love gives, peace, contentment and
happiness; not the wealth or status or the
power give it, heart filled with honey is the
most precious one on earth as God only instills
honey in heart, He approximates lovely hearts
together and true love lives in heart, never it dies.

GLORY OF LOVE

Selfless love that is tranquil wins over everything
It is at its peak with extreme glory, next to God only
It is ready to sacrifice for the betterment of the love,
Never seeks anything back, the highest form of joy in
Heart, incomparable to anything in the world, beyond
Everything, the caste, creed, religion, wealth, status,
Power, external beauty or anything; it is the love of
Heart, love of the soul; it is not at all possessive, gives
Way, never wishes to have outer attachment, it is
Confined to heart and soul only, its tranquility and
Holiness so high, it stays always above worldly passions;
Hearts always sweetened with glory till heartbeats end.

HEAVEN AND HELL

What is heaven, where I see?
What is hell, where is it?
Heaven and hell at same place,
That is your heart, heaven
Replaced by hell, while hell
Transformed to heaven;
Heaven is happiness, peace
And contentment, even in
Adversity that you get by
Strong faith in God as the
Realization, God to share it;
Lack of happiness, peace and
Contentment is the hell; the
Continuation, the heaven
Beyond the stars and the hell
Beneath the earth in depth!

UNCERTAINTY

The challenge, the uncertainty, the golden
In life, it gives the thrill, the value in life to
Be tested, or, life becomes so boring and
Monotonous, I am to tackle challenges only,
Problems, I love; what is the charm, if life is
Okay, nothing to stimulate mind to act on
In the long run, uncertainty is sweet, it gives
way to go forward with might, makes brain
sharper to find out solution, life becomes
adventurous, the thrilling journey continues
with much charm, it is the experience that
counts a lot to scale the hurdles with glory.

WILL POWER

The determination, the confidence
That is bestowed in you that you can,
The mind says it always, the enthusiasm
You enjoy in your ability to surpass, to
Subdue anything, how much severe the
Opposition that comes in your way in the
Long run of your life; your mind becomes
Firm, sturdy, steel like, never bends, never
Breaks for you to fly over the ordeal like bird
So smoothly; it is the will power that takes
You to lofty height of success when you have
The conviction that God is with you to share
The burden; you are free to relax and enjoy
The ability in you, the determination doesn't
Waver, it lifts you up from bottom to the top.

YOU AT FAR

My heart goes on to far-off in infinity
In search of you, but you are beyond
My reach, I can't meet you physically
But my heart sees you clearly in me,
My soul visualizes you more beautifully
Than meeting you directly; then what is
The need for physical presence, your image
In my heart and soul much more important
As it is the supreme, never dies, eternal;
Your image gives much pleasure to my
Heart and soul, they are refreshed daily
With its beauty, I dissolve in your image.

YOU THE ANGEL

Why don't you respond, why are you mum?
The angel that landed deep in my heart from
Heaven, God only approximated you with me,
I think of you, I pray for you, I write on you, the
Beautiful poetry in my heart, you are a poem
Of words full of love and glory that soothes my
Soul, sweetens my heart; you are unseen but
Visualized with my heart very clearly, my heart
Beats on you, my soul pulsates with you, I realize,
You are a fraction of God, fell deep in me from
Heaven, the unseen figure but sensed always.

YOUR PRESENCE

The feel, important than anything
The perception that warms my heart,
Me at the peak of exuberance when
Your presence touches my soul, my
Heart and soul meet at one point,
Above any stretch of imagination, the
Heart melts, the soul soaked in honey,
Me elevated to the peak of glory that
I feel your presence in me, tons of joy
Loaded in my heart, I am elevated in
Happiness, I never had such a feel in
The past, I am in surprise for a little,
Eyes wet with tears of joy, I have feel
of contentment that you are with me.

SCIENCE AND DIVINITY

God the creator, His creature the universe
So meticulous its functioning, it is much above
Human comprehension, everything a mystery.
Science, man attempts to uncover a fraction of
Mystery of God, a tiny part of the craftsmanship
Of God, it is hailed as great innovation, it is a tiny
Stone in the great ocean, the attempt to find out;
But if man submits himself to God, strong faith in
God developed, he in sphere of divinity, mystery
Of God revealed to him, that can't be measured
By scales of science as revelation above science.

CORONAVIRUS

Hatred in man condensed to form
The killer that transforms man to
Devil, the virus is prophesied in
Holy books millennium ago, the
Devil acts on the loveless hearts
Feeds on cruelty, soaked with
Dark blood, the redness lost, all
Goodness gone, selfishness prevails,
The virus thrives on the dirt and the
Filth in hearts, making them devastated,
The earth quivers to be smashed to ash.
