Dr. K. K. Mathew

Dr. K. K. Mathew is a renowned physician, a medical scientist and a poet of repute from India. He is a reputed philosopher, and noted novelist in Malayalam. He has published many original clinical observations in national medical journals and been quoted in reputed international medical journals. Some of them are the first of their kind in medical science. Dr. Mathew has dedicated the whole of his professional life (46 years) in a rural region of India and served the rural population. He has written and published 61 books, of which 41 are poetry books in English. The International Higher Academic Council of English Literature conferred Dr. Mathew with the global genius award "Living Legend of the 21st Century" in May 2019. The international poetry group in the U.S., 'The River of Poetry' awarded Dr. Mathew with the title "The Champion of the World." Dr. Mathew is one of the prize winners of the prestigious Naji Naaman Literary Prizes for 2021.

PREFACE

Most of the poetry in my 42nd English poetry book *Recall* are spiritual and mystical in nature. These poems are an opening up and an investigation of the mind; they are a mirror of my inner thoughts. The book's poems reflect the metaphysical ideas surrounding human existence and are the outcome of an ongoing quest for life's meaning. Aims are set towards investigating the enigmatic aspects of both the universe and human life. The book's poetry also highlights the importance of human life's holiness, divinity, and Godliness. The poems also make clear who the human soul is and how it is related to both the body and God. Beautifully said, these poems highlight the significance of human emotions and experiences. Actually, it shows the i.e. I have endeavored to demonstrate the immense significance and worth of the mysteries of the Almighty that surpass human comprehension. Here, it is highlighted how imperfect science is and how incapable it is of revealing the magnificence of the human soul. They analyze many more sensitive human values as well as the great values of kindness, love, sadness, happiness, and despair. I touched on a few different facets of human life while emphasizing the clarity, serenity, and grandeur of love.

New ideas and hypotheses concerning the human mind are developed, along with attempts to unravel the mysteries of God. Very wonderfully done description of the greatness of the inner life and journey. Based on my assessment of human life, the human body is nothing and the human soul is enormous. A positive evaluation of the inner voyage and inner existence is carried out using my experiences in this domain. This clearly indicates that the mysteries of God will be made known to someone who fully surrenders to

Him and is devoted to Him in deep trust. Nevertheless, it is not quantifiable using scientific methods. I want all individuals to thoroughly comprehend the nature of spiritual life. As I have demonstrated the intimate connection between the spiritual and inner lives, I have extended an invitation to all to learn more about the various facets of the human spirit and its immense worth. The human soul, which is a tiny portion of God within each and every human, is declared to be the repository of divine love in humanity. Since every person is created in the image of God, man ought to love one another.

This passage provides a very precise description of death, saying that it is the physical separation of the human soul from the body, following which the soul is released and reunited with God to enjoy an eternally happy life. An individual who is blind can see both within and outside in a spiritual sense if they possess inner vision, which is a remarkable quality that is exquisitely outlined. It makes obvious both the etiquette of life and the subtleties of human emotions and thinking. It is said that by discovering one's soul and living with it—being led and fed by it—all human ailments can be avoided. The book's key themes are the human soul and the life that surrounds it. I.e. If humanity could enter the domain of the human soul and experience God's love, I believe there would be a brighter future for all of us and we could all strive for a world perfected. An understanding of "soul life" and its significance is necessary for man. Man should become more passionate about God and lessen his zeal for everything else. Herein is unveiled a brand-new path to godliness and divinity. It is only through spirituality and the development of complete confidence in God that one can enter a new universe that exists beyond human comprehension.

A BIRD

On the snowy branch of the tree, a bird
Sitting, staring at the snow, singing the
Melody of the heart, knowing, everywhere
It's snow, nothing to eat anywhere on the
Field, even the grains, leaves, and the fruits
Are thickly covered with snow, only to see
But can't eat, and the song from the throat
In hunger, so beautiful, heavenly, the hunger
Is gone, no thirst, stomach is full with beauty
And sweetness of the song, heart beats with
The exuberance of love for the Almighty, only
His love is enough for the bird, far beyond the
Hunger and thirst, doesn't feel at all, the bird
Sat there for hours and flew to top of the world.

A NEW THEORY

When thoughts come up in mind, different
In nature, conquering the mind, and mind is
Subdued to the bottom, despair, or depression
Takes place, the whole world becomes a hell;
Nothing much can be done by the world, but
By strongest faith in God, tames mind, the hard
Feelings and thoughts are suppressed by faith,
Affirmatively it's possible from experience, and
No doubt about it for any one; make sure of the
Great truth, a condition of thoughtlessness is
Established ; the "divine consciousness" ensues;
What happens then, is to be ascertained by all,
A wonder happens, divine and Godly thoughts
Make their way in the vacant mind, it persists,
Human mind is filled with, guided by Godliness.

ABYSS

A deep, seemingly bottomless chasm,
What God tells us, the intuition, the
Greatest, God converses with inner mind
A deep feeling, fantastic it's, a moment
Is equal to a century, magnificence of
God's love flows to the humans for one
Second, an eventful making of a miracle
That inspires human soul to the depth of
Emotions and feelings that instigates the
Holiness of love being bestowed on man
The transparency of God's love diffused
To the humans, a great jerk of divine love
That transforms human to a unique and
Superior personality, the wonder of God's
Caress that inspires, works with loveliness.

ACHIEVEMENT

God only partially provides for man's needs
God only partially discloses the truths to humanity
Not all at once, or else man turns into
Humans with egocentricity may reject God
Man must obey God in his labors and carry them out
Bit by bit, like a structure, slowly and gradually
When built, every brick is secured and sealed
And continue with the next; otherwise, the building
Will become feeble and prone to fall at any time;
Each and all human labor ought to be done gradually
And gently, with the utmost devotion and focus
And only if they work honestly and sincerely
Success follows, and the effort is holy.

ADMIRATION

Respect and warm approval for someone
In the most pleasing way, being approved
By the inner heart, recognition of respect
By heart to be thought and relished, a matter
Of great approval of one's integrity and one's
Individuality, to be valued greatly, the esteem
Rare to get, and is achieved in mind for the one,
Has a place in mind with respect, and it can't be
Removed by any means, so much fascination for
The person, happiness and reverence only for
Someone in this regard, the feeling of greatness
Come to mind, it blooms with great respect to be
Felt and it's becoming a tower of understanding
in mind that can never be erased with anything.

Copyright © Recall, Dr. K. K. Mathew

ADORE

Deep love and respect, veneration and a sort of
Worship, always respect and reverence, deep love
Is spilled to paint heart and soul with exposition of
Its beauty and great value; too much attachment
Given with awesome reverence, a matter of great
Importance to think of the person, definitely it's
All in all, a great soul, never to be pulled down and
Looking at the top, it's upward energy given to the
Person and always keep in mind as great, many
Things learnt from the person and tried to copy
In own mind, an exceptional personality was met
With, always affection poured to the person and
Wonderful is the association with the human and
Tempted to glorify the personality with reverence.

AFFINITY

The naturalness of liking, the smoothness
Of love, the Godsent attachment, a smooth
Wave of pleasantness in heart which flows so
Harmoniously or musically with no twists of
Love, it runs on the straight- forward line and
Only kept in heart, doesn't come out, a sweet
Feeling of one's own, disappears and appears
Again, the sea is calm but the waves are very
Poetic and echoing the sweetness of fondness,
The feeling is "am I to it, yes I disappear in it"
Waves really ripple drawing the beauties of love
The sparkling vision of heart sends signals of big
Attachment to something that stays in mind at its
Bottom, the seed of it is watered and nourished.

ANGEL

Purity is whiteness, softness is flexibility, and
Endurance is dilatation of heart, and holiness is
Accumulated in mind, soberness exists as the
Delicacy, speechless but feeling heavenliness,
Godliness in everything, soul, heart, and body,
Frame of loveliness immersed in love, sweet
The thoughts, looking through God, sacred the
Caress, sympathy is the core, mercifulness is its
Power, extremely faithful to God, agape to God,
Godly blood passes through arteries, and never
To perish, eternal the life, really immortal, with
Vision of sanctity; flying down onto the earth to
Bless the land; sacredness of love wings always.

APPROPRIATE

Suitable or proper in the circumstances
No shaking or wavering to take a decision
Righteousness comes to mind and it floats.
A plant floats in water, lotus flowers bloom
Righteousness is always beautiful and sweet,
It's fragrant always; it's illuminative, it can't
Be dipped in water; taking a decision about it
Is so difficult, but quite easy when shared with
The Almighty, He gives the power to detect
What is right and what is wrong, and humans
Alone can't find it, one should approximate
One's own mind closer to vicinity of God and
Develop the wisdom to select the appropriate
One in the most beautiful, quite pleasing way.

ARROWS

Life goes straight, but the path has curves, and
Several up and down; how to travel on the path?
Live as per what conscience tells, strictly follow it,
You are guided by conscience, an unseen power,
Very much you obey your conscience; arrows from
Air may come and pierce your heart, it might bleed,
The pain may be severe, you doubt, you are a devil.
But the conscience tells you are not, like it so many
Events come which you have never dreamt, but the
Conscience will never leave you, it's your rescuer;
Always hold the conscience tightly, arrows won't
Pierce your heart, conscience acts as your shield
Protecting you from all the arrows that are sent
To harm you, but you are so safe on the life path.

ASSIMILATION

The whole process of understanding ideas
Or the absorption and digestion of food,
Nutrients with transportation to different
Parts of the body; it's incubation of love and
Care, assimilation of love to other humans
And other creatures, and the truth of loving
Together, the milestones of sincerity are
Placed; running at a steady speed on the path
From love to the destiny of human perception,
Wonderful the absorption of love with the
Attitude toward cooperation for the betterment
Of living, living together, eating together, and
Sharing the grief and happiness together are
The assimilation of everything in the different
Perspective of human life and to reach destiny.

BASIC GLOBAL PROBLEMS

No mutual trust, no beautiful love, constricted heart,
And selfishness; no genuine kindness or sympathy,
Man and nations fall in the emptiness of love, deep
Pits of enmity and envy, from there very difficult to
Escape, no heartfulness and man and nations become
Prey to the excessive passions of the world, man never
Attempts to be merciful, no genuineness in anything,
Everything misty, nothing is clear, superficiality runs
Through everything, nothing deep, hostility is highly
Inflammable, man loses the good sense to think and
Understand, the quality of realization is gone, tender
Hearts are very rare, insincerity multiplies, human life
Becomes artificial, it's running like a machine, and no
Humanness in it; man quarrels and nation fights with
Nation; many starve and many are homeless, many
Are wounded and killed in wars; all these happen Cos
Man distanced from God and the Godliness vanished.

Copyright © Recall, Dr. K. K. Mathew

BE NICE

Be nice to others always, even to enemies
Never lose smile of heart, though not on face
What is wrong with being nice to your enemies?
It means, you protect your heart, not jumping
Out of the basket of flowers; you are gaining
Only, not losing anything; an agonizing and a
Revengeful heart always hurt you deeply, not
The other person, the sense of forgiveness is
Always soothing and it gives big relief to your
Heavy heart; never you are being cowed down
By being nice to your enemy, in fact you win over
The big commotion that is burning to explode;
Silence is the best weapon you can use forever.

BLINDNESS

Outer eyes lose the vision, humans in darkness
The most perplexed and depressed condition
Nor seeing anything, it's frightening and hopeless
But not to be despaired at all, all the dear victims
Human inner senses, the inner eyes are powerful
Many times more than the outer eyes, a great truth.
Intense belief in God make the inner eyes open and
The insight and vision developed, the blind can see
Everything, the inside and outside in the divine way,
The inner vision connected to God, outclasses the
Outer vision, the blind is now gifted with the most
Classic inner vision that is more than enough to live.

BLOOMING OF LOVE

What is love?

It's presence of God in humans, as God is love,
God in every human displays the Godly love,
Without God, true love can't exist in humans
God in man exists exclusively in soul, and it's
The storehouse of love in man, and soul love
Is purely Godly love, humans need it to exist
And live; soul, and finding soul is the root of
Love; the process of finding soul is Godliness
In man, it is the purest love, man finding the
Root of love, withstands and resists worldly
Temptations; and it's the realm of love where
Humans should live, loving one another, and
Everyone in the world should come up to this
State of attainment; and it's what God expects
From each and everyone of us, it's what God
Wants from humans; then humans aren't the
World-mates but they become the soulmates,
Man must learn the divinity of love, its spread.

CHRISTMAS SOUL

The happiest moment of the world that
Blessed everyone two millennia ago,
It's commemorated every year with all
Celebrations, everyone in a festive mood;
In the beginning, God created man in His
Own image, but man disobeyed God and
Distanced miles and miles from Him, devil
Ruled him; it pained God, and He was in
Tears, man was carried by the devil only,
Man came to the level of deserving the
The biggest punishment, it was the total
Destruction of the whole of mankind; God
Couldn't do it because He is love, and
God took the greatest decision and sent
His only begotten son Jesus Christ onto the
Earth to save the whole of mankind from
The imminent total disaster, 2023 years
Ago, the day Christ was born on the earth,
Being commemorated on the 25th of every
December, it's the happiest day forever
Till the end of the world, as Jesus Christ
Saved the whole world from elimination,
It is a matter of great joy for every human
Soul, humans can't contain joy inside
And they celebrate it in the biggest way,
The Christmas spirit fills the whole world
During the season for few weeks, humans
Must know what the Christmas teaches,
Humans must find living Christ in every
Soul and follow Christ most obediently.

CLIMAX

The pinnacle of intensity and excitement
Always consider the beginning rather than the end.
Initially, increasing gradually; if not,
One may later collapse from the peak; or
God's creation is the highest point, the climax:
Whatever God has planned for each person,
Whether it's high or low, man must accept God's will;
If a man does that fully, the only one to stay away
from the pit, and arrive at complete contentment;
The gratifying conclusion of God's willing
Could need to wait a very long period to receive options,
Might take years, or even decades to reach the climax,
Yet with hope and prayer, wait with extreme patience
Without a doubt, the Almighty will complete it flawlessly.

COMPATIBILITY

It's a state, two things exist together without any
Problem, or conflict; or a feeling of sympathy and
Friendship, it's a sort of togetherness, atmosphere
Of friendliness exists, so much of fondness grows,
Every component of the two fits in; someone and
Someone exist together, something and something
Fit in, the close similarity between two clearly seen
In structure, character, and conduct; twin brothers
And sisters live with close similarity between the two,
Each and every human being must be compatible if
Changes occur in both hearts, in feelings and thoughts,
The common factor to be adopted by everyone is God,
Lives in everyone, then each and everyone in the world
Will be compatible; it's what the world, and God want.

COMPETITION

An event, people taking part in it, to establish
Superiority in a particular way, people attempting
To gain supremacy over the opposition; an activity
To win something by defeating others, the common
Tendency seen nowadays: fundamentalism to the
Effect on the capabilities of the mind to be reassessed
To mark whether it is good or not; to be analyzed
Deeply, the common saying is, competition enhances
The ability of mind with the exercises, but looking
At it from a wider perspective, it can hinder the free
And the natural thinking power of the mind, and the
Process of gaining elegance in the mind is weakened.

Copyright © Recall, Dr. K. K. Mathew

CONSISTENCY

The quality of behaving and performing in a
Similar way, or of happening in a similar way;
A great quality, the humans should possess
It's the stability of mind and the integrity of
The humans, never to be slipped away from
One's own words and decision, never to show
Different colors at different times, never wavers,
Never shaky, the commitment is at the top and
Never changes even if one dies; such thoughts
Make humans consistent, all the words and deeds
Trustworthy; honesty, integrity become supreme.

CONSOLE ANOTHER HEART

Doing good for others, the motto of life
Never prick another heart, the lesson in
Life; serving others wholeheartedly, one
May not have earned financially for self
But God's grace is with the person, that
Is worth more than billions; wiping tears
Of the grieved, or the despaired fills heart
With glory; selflessness must be gained
By everyone, the whole concept about
Life to be changed with the possession
Of the wisdom that, acquiring the spiritual
Wealth is the supreme and one gets it
Only by sheer selflessness and becoming
Sympathetic to others, a loving, or kind
Word is enough; amassing wealth by the
Illegal means and donating to the needy
Do not come in the category of selflessness,
Or kindness; dedication and commitment
In the service for others, please God always.

Copyright © Recall, Dr. K. K. Mathew

COOPERATION

The action process of working together to the
Same end; it's togetherness for a common cause,
Building the entire work together; the magnificence
Of unity and the loveliness of association; gratification
Of togetherness developed to vast arena of success,
So many take part in the completion of a mission for
The nation; too many ants together can do big things.
New type cooperation has come up, helping each other
In many ways, so many involved in this matter for the
Mutual help, and helping one another, and projecting
One another, it's a sort of the mutual cooperation, not
For a common cause, but for divergent benefits for one
Another, and cooperation mainly for mutual benefits.

CROSS

Two wooden planks, one is up and down
The other horizontal, King of kings on it
Nailed and hanging, branded as big traitor,
Abused, cursed, beaten, spitted, stabbed,
Not once, but multiple times; heartbreaking
Curses pierced his heart more than stabbing.
Earlier He carried the heavy cross, getting
So many slaps on his body that was oozing,
He was very quiet on the cross praying for
The slayers, never attempted to justify, deep
And indescribable agony, He suffered more
Than that the humiliating mental agony, the
Most heinous punishment, He received and
Tortured to death for me, the sinner, for my
Salvation, I remember it always, He was Christ.

Copyright © Recall, Dr. K. K. Mathew

DEATH

Physical separation of body, the so-called death
Is nothing for an ardent lover of life, the truest
Believer of God, who relishes and tastes God truly
Every moment of life, having accomplished and
Realized the reality of the living God, having the
The wonderful vision and insight, knows fully well
The soul is living in eternity, and is living forever,
Eternal, never dies, will float, or move, and in the
Vicinity of God; the magnificence of this realization
Makes human understanding that human body is
Totally perishable, and separation of it is like the
Changing of clothes, the soul will flourish forever.

Copyright © Recall, Dr. K. K. Mathew

DELICACY OF FEELING

Sensitivity with regard to feeling of others,
Sincerity is countered with indifferent mind,
Utmost sincerity in one, vacant in the other,
Conflict of love divides, one is so wounded
The other is so cold, the wounded subdued
To own heart and soul, and finds purest love
There, it's God's love; the inside of man is a
Paradise, the paradise of God's love where
One can take refuge when the world looked
Totally indifferent; stability of mind enhanced,
Earnestness of love seen there; always find love
Inside, God's love, one gets heavenly bliss here.

Copyright © Recall, Dr. K. K. Mathew

DELICACY OF THOUGHTS

Something serious to think about, the food
For thought, proud to have thinking power
To rejuvenate the subdued thoughts, buds
Of thoughts grow and bloom, unconditional
Love added to it, thoughts sweetened, honey
Based thoughts gained, mysteries of love are
Embedded in it, thoughts reveal new avenues
Of life, new dimensions of love reached, and
Enthused to live purposefully with hastened
Methods of thinking and living; new thinking
Ensues prosperous, blessed life; it's coupled
With deep understanding of life and realization
Of loveliness of love, to land on eternal peace.

DISSECTING LOVE

The most subtle, sweetest, component of the Universe, it's quite unseen, the most invisible Power, the root of all creations, as God is love Love yields, never hates, it forgives, never it Thinks of the bad, love searches and searches To find the truths, it thinks of only goodness Of others, it prays for others, it blooms always, Spreads fragrance, it's the most beautiful and The sweetest in the world, it exists everywhere, Polluted love isn't love and selfish love isn't love, The structure of it is pure honey only, pure love Is blind and deaf, pure love knows how to control Itself, true love is not tempted, it never overflows, It is always contained in heart, or soul, it remains Dormant for long, for decades, even in afterlife, True love heals, it welds, it bends, but never breaks, Too much sincerity in it, honesty in it, faithfulness In it, it never cheats; the only reward it needs is the Sweetness, feeling of togetherness, in heart and soul, Nothing else; in worldly eyes it's nothing, madness But in heavenly eyes it's everything; one can't live Without it; pure love is non-fleshy, it's sacred, true, Divine, and even Godly; love is a delicious food and A sweet drink, it's a paradise; with it, one is drawn Closer to the vicinity of God; love is ecstatic, blissful, Soulful, and enchanting; pure and true love never dies.

DIVINE ROMANCE

Feeling of excitement and mystery associated
With love, and divinity is incorporated with it;
The holy love devoid of 'physical love involving
The external mind' constitutes "divine romance"
Where the soul is the root of love, closely linked
With the Almighty; there is no physical contact
And absolutely no desire for it; in other words,
It is a type of Godly love that results in wishing
And praying for the well-being and prosperity of
The lover; such entity of love should be known
To all, the basis of this romance is attachment to
God and the person sees others through God only.

Copyright © Recall, Dr. K. K. Mathew

EAGLE

Large bird of prey with a massive hooked bills
And long broad wings; known for keen sight and
Powerful soaring flight; an unkind bird attacking,
Killing, and eating the innocent birds, fish, and
Small animals; ferocious and hostile usually and
Very rarely it is tamed; the storehouse of greed
And selfishness, only having self-love, no kindness,
Sympathy, or mercy, its mere look carries terror
And horror, the devilish look; God has created all
These hostile creatures with a definite purpose, it's
To balance all the goodness in the world with the
Opposite, an act of suppression of humans not to be
Excessively proud, greedy, and to be loving and kind.

ECHO

Reflection of the sound back as the sweet
Melody of love, honey based and it goes deep
Into heart with the magnificence of sympathy,
It blooms with the fragrance of divinity; echo
Of every sound is back to our mind, so delicately
Heard but hardly any one picks it, it's an affluent
Flow of divinity, inspiring the ripples of God's
Love, heard by those having divinely sharpened
Mind, the flowery sweetness of love is tasted so
Meekly, that the echo of the loveliness of love
Makes the blissful feeling of life, everything for
Few moments only, but induces an amazing feel.

Copyright © Recall, Dr. K. K. Mathew

EGOISM

Humans know only a tiny part of the great
Craftsmanship of God; it is called the science,
Science doesn't know, what is the soul; even
No scientific study to prove, where human
Mind is exactly located; only spiritual revelation
Gives the answer; if one submits completely to
God with utmost faith, the mysteries of God
Will be revealed, but it can't be measured by
The scales of science; the endpoint of the life
Inner journey is zero only, the final realization-
"I'm nothing, everything is God only; it's so
Clear how inferior is man and what for egoism?

EMPTINESS

Nothing in me, the highest feeling on the
Earth; spiritual highness only delivers it,
Humans must come to the realization that
The life on the earth is nothing, perishable
The human body, wealth, power, position
All nothing; the only one in humans durable,
Non perishable is soul, the origin of the life;
One should spiritually come up and up on
The earth while the perishable body covers
It, and reach the destiny; when one reaches
The peak, the endpoint of inner journey, he
Realizes the great truth with the wisdom that
Is gifted by the Almighty- “I am fully empty
And everything is God”, the final realization.

ENDURANCE

Ability of heart to accommodate more and more
Whether it is very sour or bitter, with a big smile,
Heart becomes more flexible, losing its stiffness,
Or rigidity; a flexible heart can accommodate the
Whole world and the heaven; heart is soaked with
Loveliness of love, sweetness replaces bitterness,
Heart endures, heart keeps its contractibility and
Rhythmicity intact at any cost, it keeps its words
So perfect till it collapses: heart forgives if it is so
Offended and it prays for those who are loveless
To it; the miracle of love blooms in heart; the soul
Strengthens it, and heart bears a lot, especially the
Adverse and it's ready to bear bitterness any more.

EXHILARATION

A feeling of excitement, joy, and elation that
It lifts the spirit to be content.
Life, the mind is having the feeling of glory and
Having the depth of exuberance to nullify
All the negative elements of thoughts, that
Are to soothe and sweeten the heart and soul
In the diversity of the amalgamation of love with joy
And to be infused with the feeling of greatness
An example of the loveliness of happiness, coupled
With adoration of love that squeezes through
In the darkened world, everything is sailing on a
Happy note to the inroads of accomplishments.

FRESHNESS

Everything has the quality of being new
Heart and intellect; fresh ideas or concepts to
Remind yourself to act kindly toward others
Believe it to be a question of heavenliness.
Perform miracles, establishing a connection between
The sky and the ground to emphasize how beautiful
Love is and how much it has ingrained in the heart,
A change in thought is the world's greatest event;
Heaven is pleased, grins, and sheds happy tears
Dripping down, love's wonder is communicated,
People love each other and God loves them; faith
In and obedience to God are acquired by humans
The notion of heaven will not wander from man
On Earth, contentment is ingrained in feelings and
Tranquility becomes essential, and ideas blessed.

GARLAND OF LOVE

A wreath with beautiful flowers, and leaves
Of love hanging on hearts, linking the souls
Together, magnificent the togetherness and
The colorful flowers and the green leaves are
Intermingled to form the bond of love with its
Sturdiness, holiness, and divinity to be blessed
By the Almighty; unification of love magnified
With the contentment and happiness of mind
Completed, stillness of love induces sweetness
Of thoughts and the delicate feelings bloom,
The magic of loveliness picks the fragrance of
Love flowers, and the heartbeats echo music
Of love; the beauty, sweetness, fragrance, and
Music make the garland, real paradise of love.

GRAVE

The lonely place is far away from the church
Premise: it's my final resting place, where
I am all alone; nobody is with me, I would
Like it, tall grass growing over me covering
Me with the shade always, the wildflowers
Boom over me in plenty, sending fragrance
To my skeletons, the flesh had all disintegrated
The beauty and the fragrance of the flowers
Sweeten my lone soul in infinity without any
Company; it's watching the big contradiction
On the grave, the thick growth of tall grass,
The mesmerizing beauty of the wildflowers
In contradiction with what I wrote in my will
"I should be buried as a poor man; no luxury,
No tributes, and no flowers; it only pleases
My soul"; absolute contradiction, wildflowers
And thick wild grass over my skeletons, what
A wonder, nature loves me most; on the tree
Close to the grave, a humming bird sings sweet
Melody always, the heavenliness of stillness in
And around, it converses with my soul in infinity.

GREATNESS

The world is so much troubled,
It's a very challenging world to study
Examining the historical foundations of the current,
Most of the time, dishonesty persists,
Reveals itself to be honest, and there's a large
Insincerity vapor everywhere; these two
Make up all of the trouble and the selfishness,
It is heartbreaking to realize that throughout the world;
If these Issues arise in a person's life, and the scope of
Measurement changes completely as a result,
Speaking of really high morality, only
The inner heart has very little or nothing.
The world is filled with a lot of goodness,
Every day, however the inner heart is almost empty
This extreme contradiction results in dishonesty
Abundant in any of the inner hearts, and the
Most sincerity is vanishing; in the event that one
Extremely authentic and truthful at the core of
Heart, he is indeed a gem; he is really the great.

HEARTFULNESS

Actions that come from the heart, a robust
The quality or state that has its genuine love is
Say to shape the mental modes of people and
To remain with generosity and compassion
Of genuineness combined with adhesive love
To examine the beauty of love in intimate proximity
Of humanity, as seen by the abundant kindness
Dressed in a kind and compassionate manner, to
Name, heart pounding in sympathy to satisfy the
The ability to love and live contentedly; genuineness is
It merges with the essence of heartiness, honesty
Man must understand that his heart beats pure blood.

HOW GOD SHARES

How can God work for you?
It's a great truth, not a hypothesis,
Travel the inner journey till the end
It's purely a first-hand experience,
Absolute faith dissects out worldly
In human mind, the barrier between
Man and God crushed; inner senses
Open, internally, man moves to the
Vicinity of God; man hears and sees
With the inner senses, and man feels
God internally; God works for man,
Man's duty is only to follow God.

HOW TO BECOME PERFECT?

Ability to distinguish between good and bad, Right and wrong, to be gained with the intense Faith in God; anyone developing absolute faith In God will get it in the course of time; now man Can accept what is right, reject what is wrong; it's The spirit of God that is guiding man now; it's the Realization that makes man much superior to the World and worldly; man can now recognize what Is the ultimate and what is the most superior and Perfect; it's the final realization; GOD AND THOSE RELATED TO GOD, ARE THE ULTIMATE, THE MOST SUPERIOR AND PERFECT; realization is the proof, What are those so closely related to the Almighty? These are the high morals; now life becomes purely God- centered, look at the worldly only through God.

HOW TO PICK A SOULMATE

It's the true liking of the soul, not of the
Mind, or heart, or body; no thinking, no
Selection, not by any of human powers,
And exclusively it's by Godly power, and
Much beyond the human comprehension,
It's the true pleasure of the inner mind or
Soul; dew fallen on the soul from above
That is inscribed with ink of divinity, much
Beyond what the world thinks, or likes and
Nothing to do with physical appearance,
Worldly high ranking; but recognize it is
Will of God, realize and trust the big truth,
Soul unites with the other, forming as one
And it continues after death; never wants
Any reward or favor from the other, and
Praying for the well-being, or prosperity
Of the other; God approximated the two,
The exuberance of love waves in the soul.

IMAGE OF LOVE- A NEW THEORY

The whole concept of love may be changed
The spirit is the cream of every human being
It's the most durable, immortal, and eternal
Every image of love that comes to our mind
Casts an everlasting image in us, it's of the
Spirit only, the sweetest image of the person
Whom we loved, the image is divine and holy
It will never be erased even if the person left
Us forever, physical appearance of the lover
Is gone forever, but the spiritual image of the
Person is imprinted in mind, more vividly in
Heart forever, it's not memory as you call it
It's the eternal image mutually linked with soul;
How much is value of image of the "body gone"
When the Image of soul is imprinted deeply,
There shouldn't be the words of "Love lost",
It should be of "love blooming forever", man
Should be happy always, no question of any
Worries, or despair; it's an advanced thinking
That is so true; man should think of eternity.

IMMORTAL

What is immortal in a human being?
It's the soul of humans that never dies
The whole body perishes and putrefies,
Dead body is foul- smelling after one day,
Do these humans realize this great truth?
What to be loved in the human is the soul,
How many of us go for the immortal soul?
How many of us find the soul while living?
Only few or hardly any one, I must say it,
Nobody has any inquisitiveness to find it,
Man loves the perishable body, linked with
It only, man does researches on body only,
Man is always after the mortal, not after
The soul, the immortal, it's the foolishness;
I exhort every human to realize the basic
And fundamental error and correct the error,
Soul lives after death in eternity forever.
Soul is the storehouse of divine love in the
Humans, it's Godliness in man; the soul love
Is absorbed by the body, the mortality of
Body decreases the potency of divinity in
The soul love; it's the body love, handled
By human body and its special senses and
It must be known, the soul, its love are eternal.

IN A DREAM

Enough for me, one word from others to follow
Forever, at any time in my life, only one word is
Enough for me; had one word spoken before also
I would have strictly followed it; few times I have
Pleaded for the word but it wasn't delivered; for
Word, I moved away but I was beaten by love and
I moved close, mine is the spiritual love, never it
Is physical, or possessive; the words "dearest" and
"Hug" and "love so much as friend" instill holiness
And Godliness in my love and I went to the level of
Divinity in love, soul love, soul hug, and soulmate.
I wake up from these soulful imaginative thoughts
In a dream, last night, in the end I'm deeply hurt by
Harsh words, the dream told; my mind is blank now.

INNOCENT

Innocent finds it difficult to live in the world
Diplomacy is all that needed to live by today
Adjustability by twisting mind in the appropriate
Way is the best way to live and achieve success;
Innocent is branded as a fool, ignorant of living,
Innocence usually mixed with tears and agony,
Purity of mind is rewarded by God, not by world,
Looking at God only, innocent may move forward;
Each step he takes with great caution only, lest he
May fall in deep pits, God saves him from agony,
The innocent human has approximation with God
That is the great reward he gets from heaven and
That is enough for him, he believes, God is with him.

INSPIRATION

It's mental stimulation to feel and do
Something creative; stimulant is that
Makes creative work, it's like a strike on
The honeycomb, making honey dripping,
Cream of creative work is accomplished,
A poet is inspired to write by something
Even very little, the inspirational methods
Do wonders, never before such a thought
Has come, never before an iota of such a
Work was dreamt, inspiration stimulates
Imaginative thought and it blooms with a
Flowery fragrance, such a wonderful state
Of mind becoming productive and fruitful
With a self attitude of appreciating it and
The charm of mind to consume the bliss,
The wonderful stimulant makes big waves.

INTENSE

Of extreme force, degree, or strength that
My soul is filled with it, never to abandon,
Never to be abolished, and never to disappear
And the more I try to discard it, the surprise
Is, it appears more intensely in the horizon of
My soul, never it will leave me, as I tried many
Times, but failed miserably, helpless I become,
So sure, it's so close to my soul; fluidity of love
Is so intense, if flows incessantly, flowing over
All the blocks, flowing so smoothly with a murmur
Of flow, exactly the music of love, it mesmerizes
My soul, I'm sedated, I doze with intoxication of
Soulful, most delicate feelings; soul flows with it
Spontaneously, involuntarily, peacefully to eternity.

JUSTIFICATION

The action of showing something to be reasonable
Or right, finding the truths inside and trying to project
Them in an attempt to whiten what is in, for others'
Need, and the embedded truths are being magnified
In comparison with others being lowered and being
Tried to be maligned in an attempt to lift oneself up
And the arguments and counterarguments are nullified
With assumption of one's own version of rectifying the
Mistakes done before and as per the diction it's told
To be correct, and making others believe that; it's the
Justification attempted to counter the arguments that
Others do and study, just to expose the hidden truths.

LISTENING

One gives attention to a sound, attraction to
A voice that is sweet or not, never gives up and
The act of perceiving by the naked ears, floats
In the vicinity of the brain, to sum up meaning
Of the words, clarity of them attended, never
Does any inattention, never sound goes deep
Into the soul, only circulated in the periphery,
The essence of it is retained in the brain only
To enhance the act of knowing and stored as
The knowledge, with the wide- spread changes
Taking place, retaining the essence of life is to
Magnify the greatness of humans to adapt to
The changes of situations, only to live amid all
Adversities and calamities, and move forward.

LOVE IS AN ART

True love is an art, every part of it is artistic
So many beauties are crafted on the art and
Naturally excavated jewels are studded on it;
The core of the art is the sincerity to the work,
Without sincerity, there is no art or no love and
Love becomes a superficial business only, there
Is no life in art and in love, art becomes artless
And love becomes loveless; magnitude of true
Love is reflected on the real art, it is full with
Life, dedication of the artist makes love unique
The art makes love the crown of life, even jewel
Of heaven, beauty of the art becomes immortal.

LOVE IS WISDOM

True love flows in soul, and worries vanish
Love dispels despair, and heals the wounds
For genuine love the core is Godliness that
Soothes the soul, the touch of God is wisdom
The happiness and peace of mind added to it
Going to the core of love, one feels something
Fantastic, it is the miracle of love, purity at its
Best, holiness supreme, the image of God in it,
Transparency of love reflects the Godliness in it
Wonderful display of loveliness, holiness, and
Godliness together; these can be elicited by
Soul only; the extraction of these makes man
Most loving, and divine wisdom is poured in him.

MEDITATION AND PRAYER

It's talking to the father, conversing to Him
Sharing with Him all happiness and sadness
It's a plea to Him, take it in the sense as with
Father, it's a must; Absolute concentration
Is needed for meditation and prayer, practice
It for concentration, silence, loneliness, and
Solitude are very helpful to get concentration
Concentrate to the centre of the outer mind,
It is the site for communication with God, and
Be in that state for long, you get the response,
With practices you get in touch with Him and
Can be in that state of absolute concentration
For hours, it's the meditation; for talking to God
One should develop a personal relationship with
God, He is your father, He is your everything, He
Is your wealth, he is the mightiest; talk to your
Father through the center of your outer mind
It's the truest prayer, one is in love with father.

MERRY CHRISTMAS

Exuberance of love merges with hearts
For Godliness that had come to the earth
Two millennia ago, commemoration of
The great love of God, celebrated with the
Exhibition of pleasantness and happiness
To lift one from the miseries of the world
The salvation be cherished with the advent
Of the light being glowed in every heart and
Dispelling the sufferings forever, humans to
Relish God's love with the extreme sense of
Salvation to be free from the heavy burden of
Human life that had been sunk in darkness,
Light of love always sparkles with great hope;
Love everyone with the spirit of the Almighty.

MOTIVATION

A complex phenomenon that propels individuals
To engage in an act of reaching the goal, intensity
And persistence are the pushing forces on a path
Of uncertainty to reach the destiny, it's a sort of
Mental stimulation, to cope with the aspiration
In life; it teaches to be active always, never to be
Subdued or suppressed, never to lose, keep on
Trying, with utmost concentration, with heart and
Soul together, working all the time persistently
To achieve what is wished and aspired, a thrilling
Time to pass through the adversities, never lost
One's nerve, an adventurism in life to get, not to
Lose, all the energy utilized in a specified period
Of time, may be hours, days, years, and decade;
The driving force is always in mind, to tackle the
Blocks on the path forward, and the tiring task
Ends usually on a happy note which gives great
Contentment, and gladly looking back at all the
Ordeals over which one flies to reach the goal.

NEVER EVER

I never doubt you, not at all, and never
I keep moving away from your affection,
Never abandoning you, it's the sweetest
To be with you, My Lord, and I say loudly;
Above all, My God, I love you; I understand
Your grace is my riches; you're the strongest,
I mean everything to me; I adore you more
Than anything, your love is timeless; every day
I am guided and fed by your soul, I only see the
World through the lens of you and the world
Has changed; you gave me everything I required,
And you consider even the little a part of me;
I'm so happy about it, completely fulfilled in life,
My life's purpose is entirely fulfilled, and I'm the
Happiest person on the planet; I give you, My Lord.

NEVER GET DISHEARTENED

Quite unexpected things happen in life, so suddenly,
One shouldn't lose his heart Cos God sees everything,
Your attachment is to God, not to the world that moves
Cos the earth is revolving every moment, detachment
Prevails, you look at the world through God only, let the
World be lost, nothing happens to you Cos the mighty
God is with you, what else you need; It's the mental
Attitude, to be gained by all and never you all get lost
At any time in life, always you are mentally up, never
Down; the world is beautiful if one's mental attitude
Is changed; if it's the root, mental aberrations like the
Despair, or depression can be prevented with very firm
Faith and the change of our attitude to the whole world.

ONE'S OWN VALUE

Nothing added to the core, what added outside,
The luxury, the amenities, the modernization, all
The superficial coverings only, that do not add to the
Quality of the person; what God looks at is the core
Of the person, his basic mind with the integrity and
Individuality that consists of extreme sincerity and
Indebtedness to the Almighty, that paves the way to
Live with God, and not depending on anybody in the

PERTINENT

Applicable, relevant, to the nostalgic mood
Of life, the inherent qualities of the humans to
Be with own heritage, the old memories with
Own home, its premises, the smell of the soil
That have affinity to own blood, an unassailable
Link, and fascination will never disappear even
After decades, the inward pertinence has its say
With the latter part of human life, a reality in the
Ways of human thinking and life, the so sweet
Remembrance gives life, new avenues of vision
Of fruitfulness in assimilation of thinking and
Working, it gives new insights to do with the

Disquiet, the deepest part of something, the
Thick woods, the depth of the ocean, intense
Clouds sail in the sky, profound rain of so pure
Water; the intense happiness lifts one sky high,
The feelings of love becomes intense with the

PURE LOVE

Purity at its best in love, totally selfless love
Never wants anything back as the reward,
Only wishes the well- being and prosperity
Of the opposite, even doesn't wish to be
Loved, the thinking is "let the opposite hate,
Or dislike me but the opposite is my soulmate
Forever; I want to be silent and undetected
In the vast world, it's God only approximated
Us, I love God and I love my soulmate the most";
This love is the agape, the extreme of love and
The sacrificial love; exactly the same love God
Has for the humans; such love is extremely rare
In this selfish world, with a lot of insincerity,
It's Godliness, let God's love flow everywhere.

RATIFICATION

The big agreement of mind with the soul to be
Implemented, is the body to be abide exclusively
By the soul; it solves all the problems in life, the
Soul controls, guides, and nourishes the humans
Fully; the greatest event on the earth, humans get
Guidance directly from above, man can live above
The sufferings and the miseries of the world or can
Withstand them successfully; world and worldly can't
Make it done; only absolute faith in God helps man
To attain this wonder of being totally under control
Or guidance of soul; human body is to follow the soul.

REALIZATION

The act of becoming fully aware of something
As a truth; or the achievement of something
Desired; utmost concentration is needed to
Make realization, it's connected with facts, or
Truths, it's more than understanding, truths
Are absorbed in human mind, never to be left
Out, becoming a part of human mind, to be
Infused with the truths and realities of human
Life, or the universe, or the Almighty; it may
Be beyond human comprehension; one on the
Inner journey has to have the grasp of inner
Truths, otherwise the person can't proceed
Further, it's the realization; the inner life is
Constituted by a chain of inner truths; unless
Acquiring inner truths one by one, one can't
Reach the destiny of the inner life, the real
Life, it's the culmination of many realizations,
It's the effective exploration of the human mind.

RECALL

Bring back to mind what has happened in the past
Refreshing the old memories with the attitude to
Recapture the things, or events which stand erect
As the monuments of remembrance, yet to come
The melody and the sad songs that echo rarely with
Panorama and the scattered chips of thoughtfulness,
An analysis of mind is made with freshness in feelings,
Emotions burst into slowness of thinking, tears wet
Eyes with the magnitude of sadness and happiness,
Intrusion of inspiration makes heart soft to beat fast
Rhythmically and musically to hear the old music, with
Added energy to recapture the hard work done before.

RECONCILIATION

Two people or groups of people become friendly
Again, after they have argued; process of making
The two opposite beliefs, ideas, or situations agree,
The incoherent situation gradually vanishes with
The fulfillment of love, the seeds of hatred subside,
Hostility evaporated, friendship is reestablished,
The miracle of love becomes visible in the rainbow.
It appears, after torrential rain; the cyclone moved
Away, the agitating groups calmed down; the dark
Clouds flew over the sky, and a glowing sun came
Out; wonderful is the phenomenon of love and its
Peacemaking, and reconciliation is possible through
Genuine, true love only, not with an explosive mind.

Doing the same actions repeatedly
How often is really boring, quite
No clarity in the thinking; clarity and
The old one is new in everything that is to come
Is always gone, and new air will always arrive
In order to breathe healthily and freely, one should
Through mental acuity, to larger spheres of endeavor
Enjoy your creative endeavors, as creativity ought to
Be filled to the brim with an embedded splendor of love
It touches on several facets of life and addresses a topic of
Joy and blessings to the heart and the beginning of life.

RELUCTANCE

Body moves fast but the soul halts,
Loveliness of love ponders with the
Joy of heart, it propels but the soul is
Shrinking, the accountability of love
Monitors, but the soul inhibits, body
Is so pale to comply with the endless
Thinking, fearsome thoughts restrict
Flexibility of body, wonder of beauty
Comes in mind but the body rejects
It, deluge of happiness comes in but
Mind can't contain it, soul becomes
So soft and sweet but mind is hard to
Accept it; so much of kindness given
But hardness in return; the world itself
Is a contradiction, the opposite meet,
Hard to analyze, the reluctance wins.

REWRITING A STORY

Even while it appears like everything is finished, it isn't,
Fall into a chasm where failure consumes you, yet man is also
Weak to acknowledge it; constrict your thoughts, never to
Give up and never give up; God provides you everything you can,
In order for everyone to be raised out of the abyss,
The routes are obscure to the unaided eye, however
The person who remains intact and defies determination
Not going to make it; never give up, never give up,
Depressed or hopeless, but be mindful of the
Pit, wait calmly; tremendous endurance is undoubtedly required,
You have the freedom to select the winning path; observing your
God has given you the ability to crave; take it and go to work;
You too can pass if you work hard and are dedicated,
With ease, all the resistance through the hardship
You leap over every obstacle and felt incredibly light
Reach the unforeseen splendor, soar like a phoenix.

ROOT OF PEACE IN THE WORLD

What we say without knowing the root,
We talk all about the periphery without
Reaching the center; establishing peace
Is a process starting from each individual;
The excessive passions and aspirations for
World and worldly to be abolished by the
Development of absolute faith in God; only
Faith in God can abolish these, not by any
Worldly means; this truth must be realized
By all, when worldly passions suppressed
Selfishness, egoism, jealousy, and hatred
Disappear; passion for God developed and
Humans learn to love, to be kind, to forgive;
God should enter each and every heart, it's
The root of establishing peace in the world.

SACREDNESS OF LOVE

Love is dew, purest with all its sanctity,
Transparent it is, one can see one's own
Image In it, never stains anywhere, it sails
Like the white clouds in the sky, spontaneity
Is its core, innocence is its value, holiness is
Its taste, it spills to the creation of wonders,
Smoothness of it never decays, so delicate
It becomes always, it yields, never it becomes
Tough, or rough, or angry, it forgives always,
It glitters inside and that is reflected on face
As sweet , milky beam of love; face as well as
Heart whitish, every word spoken is sweet and
It carries essence of love, silence and solitude
The dwelling place, as the person communicates
With the Almighty in loneliness, what the person
Gains is shared with others, the beauty of love
Is felt and expressed, and it is relished, and tasted.

Tender-hearted, genuine love emitted from
Heart, it is very sincere, not superficial, not
Pretension; sincerity is the core, attachment
Is the theme, innocence is the crown, to the
Core always; never tells a loose word, and
Sticking onto one's own words till the last,
Words from heart are genuine and honest;
What is seen outside is the reflection of what
Is inside; simplicity and humbleness are the
Hallmarks one's greatness; simplicity thrives.

STUFF

Matter, articles, material, or activities; like that, writing
For specification that can imply anything; for example
One writes to a friend “don’t write this stuff” it’s a matter
Of significance Cos a friend writes to a friend; or a person
Writes to enemy “I have only love for you” it carries great
Importance Cos, it’s the love preached by Jesus Christ as
“Love your enemy”; the world to know it, love one another
Irrespective of caste, creed, religion, color, or status; love
The poor and downtrodden, the sick and the wounded;
It’s the soul of Christmas, one should realize what is love?
It’s God only; a stuff that is a reflection of God on the earth,
Earth is constituted by stuff, of which love is the greatest.

SWEETEN

Very pleasant, so pleasing in general,
Delightful too, ornamental the feeling
Never to lose it, habituated to have the
Pleasant feelings; soul is sweetened
When it's filled with love, mind, heart
Are sweetened when filled with joy and
Pleasantness, the indirect feeling of
Honey dripping, tasting with tongue,
The words and music sweeten heart
And soul, the depth of pure love always
Sweetens heart and even soul, beauties
Do it, loveliness of everything sweetens
Mind, the thrill of love overwhelms mind,
The taste buds of tongue perceive sweet
Feeling; sweetness is the wonder of deep
Feeling of bliss in humans for a short time.

TEMPTATION

The desire to do something wrong, or unwise
The biggest villain in human life and it's to kill,
It appears with fake image as the most attractive,
It attracts everyone by exploiting weakness of man
It tries to establish on vulnerability of human mind
It falsely makes humans attracted as the sweetest
And greatest, but it isn't true, and many fall in it,
Not realizing the trap of it, it's what is happening,
How many can withstand and resist its gravity force?
Only very few who have intense faith in God, in them
Faith acts as a shield protecting them from the evils
Of life; if one can withstand the fake attraction of it
For few hours, fully realizing the greatness of God's
Love, temptation gets weakened and disintegrated.

TENACIOUS

Mental toughness that permits one to meet
Danger, or bravely endure suffering, or misfortune
Boldness, bravery, or the ability to endure for a long time
Time and again, the determination to endure and oppose any
Challenges that one could encounter; this is a wonderful trait
To survive in the turbulent world, one must; it's
Complete trust in God gives one, great strength.
Mentally due to the wonderful emotion that God is imparting
The whole weight of an individual's faith is the
Shield defending against evil's threat, it will
Consider oneself the steeliest, most resilient opponent
And boldness is a wonderful gift from God.

THE CORE OF LOVE

It's profound feelings only, so delicate, divine,
And even Godly; can't be replaced by stiff, tough,
And rough feelings, heart to yield, not to resist
Heart full with tenderness, and sweetness of love
Exists, no question of any argument, dispute, and
Quarrel; smooth flow of love, and diverting bocks,
Hardness to be liquefied with the spirit of love and
The tranquility of love blesses everything, depth of
Love is that matters, superficiality of love isn't the
Real love, love glitters inside and it is magnified to
The soul, soul polishes it, the laxity of love is the
Endurance of it, love bears and love melts, and it
Adheres, never it swells, pleasantness of it thrills.

THE GREATEST BLESSING

Being alive in the most troubled world
Is the great blessing of God; Damocles
Sword hanging over the head, it might
Fall on head any moment; search every
Moment to see the head in its position,
Such is the present state of the world,
Nobody is sure whether alive tomorrow,
Thousand types of hardship and traps
Everywhere, life is a type of “snakes and
Ladders” game; being alive is the biggest
Fortune, never to be frightened by any
Of these adversities, keep mind always
Cool to move forward, only by absolute
Faith in the Almighty that makes the path
Very clear and develops the willpower to
Withstand and to resist anything adverse.

THE GREATEST LOVE

I see the extreme love on the cross,
King of kings died for the worst sinner
The agony He bore was indescribable
The blood he shed, washed all my sin
I survive purely because of Him only
I found Him personally by search for
Decades, and He is in me and with me
He dictates and I do good for others
I have only one duty, just to follow Him
But for Him, I will collapse any moment.

THE SOUL OF CHRISTMAS

The extreme love of God to man is cherished
Forever, the lightning of love came on earth
To lighten the darkened world sunk in horror
Of total disaster, with His magnificence of love
As He Himself came to earth through His only
Begotten son to save the whole world; it is the
Greatest happiness of the whole mankind that
Is beyond any description; the love to be spread
Everywhere on earth, overcoming all the troubles
And unrest with the godly love, deep gratitude to
Fill every human heart to glorify God, the inner
Thankfulness to God with divine happiness should
Bless every Christmas day, the love of God to be
Instilled in everyone from the North Pole to the
South Pole, learning the message of Christmas to
Love one another exactly like how God love humans.

THE UNBOUND KEENNESS

The unbound keenness of love that portrays
Not to open the mind, never to be revealed
But strict in the attitude to keep everything
In mind only to transmit the loveliness of love
Keeping it stagnant in the depths of the mind only
To stagger all the feelings buried in the well of
Nothingness; the well is empty and dry; soil fills
The well is completely empty; nothing is to be felt, and
Think about and remember the land of heart and soul.
That magnifies the prudence of love and tolerability.

THE VOICE OF LOVE

Immersed in love, the thoughts came up
To thrill attitudes of life, to move with the
Charm of life; cheers subdued but the lone
Voice of heart echoes so sweetly, energizes
The volatility of love but again subdued by
The coldness of the shade of love, it caresses
The soul to magnify the components of love,
The voice of love aired so delicately to fill the
Vacuum of life and the pendulum of love ticks
On the fortune of life, the voice of love aired
Inside with the sweetened syllables only being
Heard as if dream tells the subconscious mind,
The nightingale of love sings forever, the voice
Of love, only once heard and that is everything.

THE WOODS

So pleasing to my heart, so attractive for soul,
My illuminative wishes are fulfilled, to be in the
Haven of love where I get heavenliness of silence
And solitude; sitting on a little rock, I look at the
Stream flowing incessantly over the big stones,
The sweet murmur it produces is musical and
Rhythmical to my ears, the birds on the trees
Sing so sweetly in my heart, the gentle breeze
Caresses my body and soul, my heart hears the
Echo of the love in silence, too divine it's felt,
The leaves of the trees press one another in the
Breeze making the sound of heaven, altogether
My mind counts the mesmerizing beauties around,
Countless they are to mitigate heaviness of mind,
Grabbing the fruits hanging above me, I eat the
Sweetest ever, sweetness everywhere in me from
Silence, music, visual paradise, and the eatables;
Sun is dipping in the sea far and the sky with the
Paintings blesses me from above, I'm absorbed in
The blissful moments, I'm now a part of the woods.

THEME

Substance, the core, the fundamental, the one
That gives the color, that doesn't move away,
The center, the cream, the essence where is
Everything, the root, on it the rest grows, it's
The soul on which the periphery is made and
It lives, the seen truth that elongates and on
Which the worldly added, the substance being
Godly; trueness of sincerity at the center and
The trueness multiplies; stability and sturdiness
The substance; an idea that recurs or pervades
A work of art or literature, it shines in the depth,
Substance is the material, it's the base or the root.

TOUCH

Graceful caress of love, too holy to perceive,
The unseen feeling of touch that sweetens
The soul, the true feeling of God's blessings,
Everything in it for decades, the whole wealth,
Whatever gained in the world, don't tally with
It; the other touches, a miniature of it, human
Love touches, the current of love passes through,
The wonder of heart dances, excitement poured
In, soul sweetened, thoughts overflow, mystery
Of softness sails over heart; the touch contains
Everything that stimulates every filament of body,
The blessing of love transmits immense sweetness
Of heart and it pervades the fragrance of holiness,
Once and for all, it is holy attachment to the soul.

TRANQUILITY OF LOVE

Love, attached to holiness, is calm and quiet
So much loveliness in it; transparency at its core
Doesn't fight, never becomes hostile or volatile
Always subdued, never have superiority, equal
Always, the art of love is of primary importance
Tolerability and forgiveness are at their peak
Never hot, cool, and collected, well nourished by
Heart and soul, heart pumps energy for it, soul
Gives it life, shines, and glitters; love is feelings,
Nothing more than it, dwells in mind, with the
Outward reflections, and spontaneity bless love
It's more of an inwardness, it doesn't need anything
Back, love is always glorified with its selflessness.

TRANSIENT

It is so short, not permanent, and it arises and vanishes,
Momentarily absent, passive, and existing only momentarily,
Darkening clouds and waning moonlight
The degree of optimism is frequently up and down
Love is short-lived, as negativity quickly replaces it
When love is rejected after a while, intuition alone
That lasts for a short duration before disappearing; goodness
It's short-lived because evil forces destroy it quickly
There is nothing permanent about anything; everything is ephemeral
To address the broken love cycle with compassion rather than cruelty
Anything one does is permanent because one has intense faith in God
Sun always beams on everything, and God provides it loving touches.

TRUE LIKING

The trueness of liking is what the inner mind Likes, the true liking is always owned by the Inner mind, or the soul; but the majority can't Detect it or act in accordance with it, the liking Of soul is masked by temptations and by the Passions for the world and the worldly and man Is ruled by the periphery of mind not by the Center of it, the true fact that is happening in Many, every day; never approximated to the Center nor hear it; the reality is, those having Or developing concentration to the center of The mind, as a result of utmost faith in God Can suppress the masking of the worldly, and Pick the liking of the inner mind and put it into Action; it is felt so true as God tells you to do; It's the greatest achievement in one's own life.

UNIFICATION

Love with all its magnificence lives forever,
Human body is gone, but non-physical part
Lives when intensity of love reaches climax,
The souls of the two live on the earth quite
Unseen and the souls float over the earth
As beauty of love is glittering in the space
Of sacredness sending the fragrance of love,
One soul is unified with the other and the love
Lives even after death, floating in the eternity,
It's purely non-physical, soul love only, with all
Its divinity and godliness, shining in the infinity.

VIEW

The ability to see or to be seen at a place
Notwithstanding the state of the mind and
Whether mind and eyes coined, divergent
Views occur when the mind is diverted from
The central axis, perfection of view occurs with
Simultaneous approximation, image of kindness
Transmits the view of divinity in the eyes and
Imprinted in mind; it is the rain of love, and it
Reflects the humanness of the inner mind that
May act as soberness of great feelings; views
Of the images that sweeten the mind and soul;
It allows all the pleasant feelings to overwhelm.
The humans, often with imaginative views, caress
Delicate feelings, enhance happiness of the mind.

VIGOR OF LOVE

Vigorous my heart, beating with blood of
Calvary, where Jesus Christ was crucified
And dead, resurrection took pace and He
Lives in me and everyone, I'm saved by the
Agony of His love for me, and the whole of
Mankind saved from the depth of disaster;
Gentle breeze spreads in my heart and the
Consolation of His love ripples across my
Soul, the vigor of His love for me, lifts the
Soul of mine, every moment of my life, up
In the horizon of eternal love and joy, much
Beyond the big miseries and suffering of the
World, where my body stays, but my soul
Lives with eternal happiness in the horizon
Of Christ's vigorous love, and my soul merges
With it forever, and untouched by the worldly.

VIRTUAL

Almost or nearly but not completely, it's a
Phenomenon of finished near to completion
An unlucky happening, contentment is blocked
Inadequacy prevails, everywhere it is like it, no
Completion, happiness is eroded, vacuum is only
Almost filled, little unfinished, temperament of
Love weakened, irritability continues, self-reliance
Is getting lost as the vulnerability of mind enhanced
Cos the full confidence isn't gained, not attaining
The completeness, but nearing completion, it's the
Factual weakening of mind finished with ill luck of
Gaining the full fortunes, to be contented with the
Misfortunes of life for nearing completion of several
Deeds, but unfinished; and learn to be happy with it.
Also created virtual worlds by computer technology
Appearing to exist; not existing in the physical world.

VISION

Ability to think or plan with imagination or
Wisdom, or the faculty or state of being able
To see that transpire new thinking, having
New imaginative ideas to overrule previous
State of mind with the aspiration of admitting
Newer thoughts to adorn the stability and the
Integrity of mind to perceive and achieve newness
In every aspect of human life, it's a matter of
A new outlook on human life that can discard the
Old ways of thinking and looking at human life
With the attitude of admitting and adapting to
The newer situations and to amend the previous
Concept of understanding the diversity of life.

WHAT AM I

I'm a self-made man, never depended
On anyone; I want my own creative work,
Never I'm dishonest to anyone, always so
Sincere, consistency is my hallmark, never
I change my color at any time in my life
And never move even an iota from honesty;
Unmoved and determined I'm to face any
Challenges in life, I will never hurt the heart
Of anyone, never jump for the bread pieces
Hanging in air, always satisfied with what I'm,
God is my greatest companion and I look at
Others through God only; whatever God tells
Me, I accept wholeheartedly, I want to die just
As what I'm; I wish to be buried as the poorest.

WHAT IS DEVIL?

What is devil, is there any devil on the earth?
Has anybody seen a devil with naked eyes?
Is it a presumption, or a notion right from the
Beginning of the world, or is it a false concept?
The only indirect scientific proof is Newton's
Law "for every action, there is an equal and
Opposite reaction"; for God, there should be an
Opposite force, that means a devil; what is felt,
All the negative forces, even the bad character
And bad words are devils, and all the good and
Righteous elements are Godly; humans should
Have a better understanding of the so- called devil;
All should have God in mind and replace negativity.

WHAT ONE GETS FROM GOD

In crisis, one gets assurance from God in inner heart
By constant plea “He is with me always” it’s built as
A solid stuff, the trust in Him, the most powerful and
Effective shield to be protected from the evils of life;
The true feeling, God is with you, has immense impact
On human mind making it so sturdy, never to bend or
Break, it’s the strong willpower with total dependence
On the Almighty and gaining the supreme confidence
That God will act for the person; it’s the mechanism of
What is happening to a person closely associated with
God; the rest is the trust of man in God that adversities
Are successfully resisted and man comes to the position
Of overcoming big adversities and tribulations in his life.

WHAT YOU TO BECOME

Believe in yourself than trust in others
Self- confidence most important, let the
Outcome be anything the self-belief
Shouldn't shake, try again and again
Even 100 times, never get disgusted or
Despaired, it's the despair or depression,
A mental aberration due to lack of the
Self- belief and self- confidence; needn't
Live for long, may live for a short period
Of time, well and good, live as a 'man' or
'Woman' with your individuality, integrity,
Conviction, and confidence not lost; need
Not do high voluminous jobs, but what little
You do should be illuminative, and stick on
Your individuality; you are a 'man', 'woman'.

WHISPER

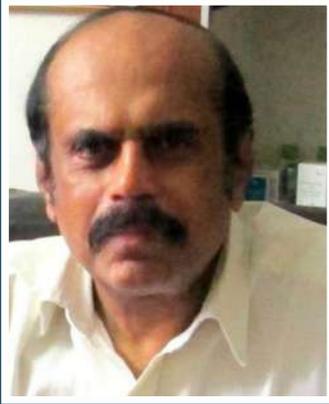

Talking using breath, so softly in secrecy
Love spoken softly and sweetly to magnify
The love beats of heart, its murmur echoes
Musically and aired so merrily and subtly in
And around every humans but many can't
Pick it, they are obsessed by their desires and
Feelings for the luxuries of the worldly, the
Soul filled with divine love transmitted to the
Heart easily absorbs the echo of the musical
Murmur and put it in the blood circulating,
Even the blood whispers musically; the whole
Universe whispers, only the mind filled with
Godly love can pick some of these, they form
The axis of the existence of the whole universe.

WORDS

Words of soul and words of heart, these
Two intermingle and form solidity of love,
That is mixed with mutual trust making the
Concrete of soul love, never to bend and
Never to break, flowers of love bloom and
Fragrance of deep insight spreads, wonder
Of love is manifested above and below, and
The loveliness of love beautifies everywhere,
Soul is drawn down, heart accommodates it
Music of love is aired, words of sweetness
Come out and so pleasant poetic thoughts
Bring wisdom of divinity, the words kiss and
Miracles of words form honey, overflowing
Heart, comes out, sweet smile of love shines.

RECALL

DR. K. K. MATHEW

Most of the poems in the book are spiritual and mystical in nature. These poems are an opening up and an investigation of the mind; they are a mirror of poet's inner thoughts. The book's poems reflect the metaphysical ideas surrounding human existence and are the outcome of an ongoing quest for life's meaning.
