PREFACE

The Golden Woods is my 36th poetry book. The 100 poems in the book are mystical and highly spiritual, and are the pure reflection of my inner mind. These poems pave the way to divinity and godliness. The deeper meaning in each poem carries divine wisdom, and the readers should think about it and find the truth in it. The reader can easily get entry to the inner world and relish its beauty and taste its sweetness. Every aspect of the depth in these poems tells the glory of the Almighty and shows the greatness of one's association with God. The essence of these poems asks readers to get away from the outer world and develop a passion for God. The great beauty of the inner journey and the inner life is deeply felt in the book.

The magnificence of love is evident in each line of these poems. The deep convictions of heart and soul overflow with the sweetness of divinity. The truth that pure love, true friendship, purity, and divinity outperform human life's modalities. Each line of the poems highlights the great morals to be achieved by every human being. The book shows that poetry is the essence of human life in its most condensed form illuminating the brightness of human heart and soul. The symphony of love is beautifully heard here. The importance of silence is beautifully expressed that it whispers the words of God. The attitude of love in the different spheres of life culminates to the lovely rain of honey in the human soul that lifts humans up from the rest of the world, a matter of truth that signifies the greatness of loving each other and helping each other. These poems can help build a better world for humans to dwell in.

These poems deal mainly with the human soul and above; the sphere of godly love is exposed greatly to the inquisitiveness of the human mind. The divinity of life around the soul is magnificently revealed, and the

greatness of spiritual life is beautifully delineated.

Humans are advised not to be worried about the miseries and sufferings, but put one's mind exclusively in the sphere of God's love where one gets the great accomplishment of achieving the purpose of human life. These poems deal with the inner life and bring the readers to the exploration of its mysteries of God, and to develop the instinct to search and find the truth of human life. This book also reveals the healing power of poetry. The aspect of it is to be studied in detail, and the poems throw light on the mysteries of the afterlife.

A BUNCH OF GREEN BANANAS

Swinging in the wind and hanging down
From the tree, multiple fingers attached
To the stalk, unripe, and the greenish hue
Covered, the crystals of love meekly and
Gently look at humans close to it, but the
Earth lifts it with the power of closeness
Of love, not much of amusement when all
The fingers bend the tree with heaviness,
The humbleness of the tree is marked with
Bunch craving to touch earth, the mother of
The tree, as the bananas hoping to kiss the
Soil, before man cutting the stalk, a form of
Association with nature, hoping each finger
Becomes ripened, and the golden fruits, an
Ornament adorning the earth with fruitful
Love with it; of course humans love to taste
The sweetness of fruits, the contentment of
The tree as well as the fruits in fulfilling their
Duties to do the real sacrifice, brightening all
The human hearts and singing the thankfulness.

A GREAT MAN'S WILL

When he dies, his body should go to
The medical students for study; if it is
Not agreeable it should be cremated
In the most simple way, like that of a
Poor man, the coffin is made of mango
Wood, no publicity of any sort for the
Burial, nobody should know his end, as
He is a man coming from nothing, goes
To nothing and whatever he strived to
Achieve on earth till his end was for God,
For the world, and for his family; only love
He has spread as he was the champion of
Love, the love of God; everything belongs
To God, nothing he should be acclaimed of;
No flowers on him, no talk on him, he pleads
Glorification in heart for God only as He only
Made him do great things; all belong to Him.

A LESSON TO EVERYONE

Son loves his mother with heart and soul
An angel delivered a son, Prime Minister
Modi; at the age of 100 she was adored by
PM Modi, washing her feet publicly, the
Water was treated by him as sacred, kissing
Her feet, sitting with her, dining with her;
For him she is the goddess, love between
Them was divine, as per the Indian ancient
Tradition and heritage; she passed away
This morning, Modi came from Delhi and
A very simple ceremony the funeral, Modi
Carried her mortal remains and performed
The last rites of mother in the most simple
Way, with close relatives and friends only;
The worldly love between the mother and
Son ends, but the spiritual love lives forever,
An eye opener to everyone, how great is the
Simplicity, one must come down from heights.

A NEW YEAR MESSAGE

Try to become desireless
Cut all the desires you have,
Think on you, what you are,
Only on you, not on others,
Not on other things; and then
You try to concentrate on the
Center of your mind for long,
You get the feeling, you have
Everything, you see a shine in
Your emptiness, it's the feel
Of contentment, hold on that
Shine, and step forward, never
Look back, what you need is
That in you only, not that in
Outside, never lose your grip,
Then you have a smooth life,
Believe that it is a deep truth.

ABOUT

The thrill of humans to know in and out
And around, and even the movements
Within, to have heart and mind together
At it with the intimation of having done,
Well doing, and will be done, and it is the
Comprehensive analysis of the stature to
Be dealt with specification of quality and
Color that may evoke sense of satisfaction
In mind to combat with the adversities that
Might come in future and it gives comfort
In mind to pick knowledge about anything
One wishes to study specifically, the charm
Of knowing one thing in detail, that brings
In concentration to gain the goodness of the
Act of realization; and to be watchful by the
Movements in and around, the word has more
Implications as to bring one's mind to a point.

AFTERLIFE

Yes, why doubt, it's there, a great reality
When the faith and the hope combines,
It forms the miraculous insight of seeing
And hearing with the open deep senses
Of what is today, what is tomorrow and
What is thereafter; the soul is dissected
Out from body spiritually, it lives in this
World, a great truth, the soul lives also
After the physical separation of the body
From the soul occurring on earth, it is
Set free and it floats and lives in eternity
Only to be sworn by those who have the
Experience of passing through the system
Of purification of mind, with faith in God.

ALONE

Being alone in the midst of the loneliness
The beauty of love felt by my inner mind
Attached to the divinity of love, so much
Of passion for the mindset, to go past the
New horizon, where the throbbing of soul
Felt with the visualization of magnificence
Of the real association of inner mind with
Deepening of love, that converses with the
Transparency of the inner beauty, it fetches
The golden silence with honey drop, and
Its musical beauty blesses all the thoughts.
It crowns the wisdom of love, sweet flowers
Blossom in inner mind, fragrance of divine
Love felt, enriched solitude, tasted Almighty.

BALLOON

Flying high up in air to reach the sky
Never to touch the ground, and the
Transcendence of love and beauty,
Everything together and moving with
Great pace, floating with tantalizing
Image of beautification of love and
Surpassing everything with string of
Justice to guide, up and up with the
Scintillating movement of ascendance
Along with the glittering beauty of love
The human soul moving up to the sky
With the string of the Almighty, thrilled
With the detachment from earth, all the
Heaviness dropped, free to move and
Fly, the mesmerizing beauty of love is
Cherished, moves to the vast eternity
Floating there with immense happiness
And the divinity of love, enjoying every
Moment with the magnificence of bliss.

BECOMING GOOD

Being good at heart, the instinct to
Achieve in oneself, should be the aim
From childhood one to develop, the
Act of reaching the height internally
Solves every problem the human race
Facing on earth, learning the truth of
Development internally, the root of every
Thought that induces nobility in every
Aspect of living fruitfully with enthusiasm
Of respecting oneself, after having got
The feeling of greatness inside with the
Manifestations of purity in heart, nobility
In mind, honesty blooming, and integrity
Developing, faithfulness adorned, and love
Showering; all that done outside is only
A reflection of inside, and becoming a true
Human with shine and fragrance, emitting
From inside only, the greatness of humans.

BEHIND MY HEART

So much of love behind me in the line of soul
My heart beats with the rhythm of His love for
Me in extreme, dew from above falls on heart
To overcome the troubles from outside and I am
At loss to measure the magnitude of love fallen
On me, to realize the identity of love that made
Me hidden in mystery of love, in the ages of love,
To magnify my soul, drawn to heart, to sing the
Melody of God, as I am a tiny drop in that vast
Ocean of love, to glorify Him all the time with the
Magnificence of the beauty of Him, creating the
Universe and the tiny humans with the cream of
Kindness that is bestowed on humans to pacify the
Imprudence done by humans and the array of the
Pleading for His pardon for the erred human mind.

BELL OF SILENCE

Depth of silence breaks with bell ringing
In heart, very deep inside, very faint, soft
Melody, so sweet heard in me, resonant,
I'm on delicate poetic path inside me and
I travel the most pleasant journey, heart
Does it, the words of divinity come in me,
I hang on the words, really I float on the
Path, not a walk, the silence is cut through,
Murmur of cutting is so sweet, melodious,
What is happening, I don't know, my brain
Can't touch it, away from it, poetic love is
Felt everywhere, soul is dipped in it, agony
Of world distancing from me, poetic honey
Drips on my soul, the heavenly abode here
Very deep in the miseries and the sufferings
Of the outer world, realization of it is really
More than enough, silence and concentration
In solitude make a mark of wonder; nothing to
Worry about anything, sweetness is in you all.

BHARAT JODO YATRA (UNITE INDIA MARCH)

Walking from one end of the country
And reaching the other end after months
Through storms, over hills, with might and
Determination, unwavering and unshaken,
To pursue on the path of love, kindness,
Care, and unity, realizing the heart of the
Country with wear and tear, knowing and
Searching, two divisions of inquisitiveness
And wisdom, accumulated in soul, making
The thrust, the push, and strength, to propel
Forward to walk thousands of miles with the
Anticipation of reaching the peak of mountain
Of love, dispelling the negative forces, single-
handedly, the wonder of love, kindness, and
Sympathy, all make the transitional phase of
Transforming human hearts to the ultimate
Glory of having unity among people, to love
Each other, to keep the brotherhood and the
Sisterhood, moreover loving the motherland.

CHOCOLATES

Cacao food thrills, sweetens little hearts
Even the old ones, to beat musically with
Song of sweetness that it even stimulates
Soul, to have meekness of love, sweetness
And love together, with passion developed,
Sweetness spreads inside, heart is pulled to
The core of joy, and is adorned with charm
Of love, the feeling of comforts in the deep
Heart with pleasure of soul, and the lift of
Life to horizon of enthusiasm effected with
All filaments of deep love echoing melody
Of heart, so much so holiness of sweetness
Of chocolates win bitterness of world, with
Feeling of goodness always in life, heart and
Soul exchanging the greatness of sweetness.

CHRISTMAS MESSAGE

Happiness fell on earth from above
The music of love heard in and out
Divinity of love flowed everywhere
Love to be exchanged to everyone
Darkness is to be lightened always
Happiness to everyone, the thought
Peace of heart to come every time
Helping hand to those in dire need
Love to be glorified with loving heart
Never to hurt the heart of anyone and
Love to be flourished, love exchanged
See Jesus Christ in every human soul
Try to abolish poverty from the poor
Try to soften hardness of every heart
Beautiful image of Christ's face to be
Printed on the deeply troubled world.

CONSCIENCE

The reflection of the inner mind that is to guide
Every human being, a great truth; unfortunately
In many of the humans it is dipped in the passions
For the worldly, and never it is exposed, and the
Majority can't reach it, or follow it, always it is the
Biggest tragedy of the humans; truly, conscience
Is God's guiding force in every man, unexposed
And undetected, the traces of God are becoming
Absent in man, the heavy load of the worldly has
Overturned the conscience and it becomes totally
Inert and inactive; searching God means finding
One's own conscience, the easiest way to find God
In mind; try one's level best to suppress the excessive
Passions for the worldly, the conscience is exposed,
Follow it strictly; one is coming near to the Almighty.

CONTENTMENT OF A POET

Not in any awards, recognitions, or rewards,
Not in glory, praise, or in reaching highness;
If the poetry influences people, yes, it is gain,
The contentment of the poet, in shaping and
Molding the mind, heart, and soul of readers
The biggest achievement, the glorification of
The Almighty who dictates the poetry, making
His presence all over the world through poetry
To enlighten every heart with fulfillment of His
Love, to elevate human mind from the depth
Of pain, miseries, and sufferings, to divine love
And to be touched upon by the invisible and
Incredible hands of Him, to the path of triumph,
Happiness, and hope, to live on with enthusiasm
Never to look back, and the poet is so contented.

DEATH AND AFTER

So much of fright of the end and thereafter,
Confusion prevails, but none swears the truth
And a few have only the experience out of faith
And hope to have the image of experience and
Tell the cream of the image that transcends the
Whole of the inner mind and depicts the final
Outcome of the body, the true representation of
What would happen, it is like a cloth removed,
The physical process of a lifeless body removed,
It gets decayed and dissolves in the soil, nothing
To fear, but the soul escapes from the bondage
Of body, a sort of complete freedom, soul floats
In eternity forever, with eternal peace and joy;
A few on earth have the same experience while
Living here, soul floating in eternity with eternal
Happiness, when the physical body is spiritually
Dissected with absolute faith in God, then soul only
Living on earth while the body is inert and inactive,
For them the physical separation of body on earth
Is nothing but the continuation of soul life without
The burden of body and living like a free bird in the
Horizon of eternity with magnificence of association
With God and devoid of the miseries and sufferings.

DIGGING

The wetness of soil is dug with the foot as
Much as one can, going to the depth of soil,
Dig not the soil that isn't wet, foot is raised
But it won't come down, foot is raised still if
Soil is so hard like a rock, thinking it will hurt
The foot and it may bleed; digging to the end,
And raising the foot above and above when
Soil is so hard, the phenomenon of human
Life, the tendency to live at any cost, not at all
Sticking to the justice or the sincerity that may
Lie at the bottom of heart, the raising of foot
Is termed as justice in the cross section of the
Population, living by any means also becomes
A justice to many, the trueness of life is getting
Lost, twisting and turning, a part of diplomatic life.

DREAM

The inspissation of human thought
Divergent in variety, dissipated to the
Fading, goes to the subconscious mind
Rises up in sleep, or mind in a state of
Tranquility, the colorful fireworks start
With the culmination of different order,
The delicate show of events for varied
Time, pressing on the subdued mind to
Stay with activation of feeling of wonder,
Joy, excitement, emotion, grief, weeping,
Bravery, kindness, terror, and horror, and
Body reacting meekly with the intention of
Forgetting it once awakened, it remains at
The bottom of the mind, faint or vivid, with
Congestion or relaxation of mind that may
Not carry any significance at all, only to say,
A picnic of mind at times, nothing more than
That, only to tell oneself or others, a matter
Of difference, but mostly nothing will happen.

EARTHQUAKES

Earth shivers and tremors, when unbearable
Beatings and wounds on it, the wickedness
Multiply, its adverse impact surfaces on earth
And its equilibrium is getting disturbed, how
Many cuts and wounds on it, the nature, God's
Creation is having so many sufferings, humans
Have no kindness towards the beaten up nature;
At last it has no other alternative but to safeguard
Its existence by shivering and fibrillating, humans
Don't realize the truth, they indulge in the cruel
Acts on the pure and innocent earth and nature;
More and more to come if not the crime on them
Halted, humans to become more kind and loving.

Copyright © The Golden Woods, Dr. K. K. Mathew

EXISTENCE

Living in heart the great power that has
Created; the unification of love between
Humans and the creator, that is in heart,
The ascendance of love above the humans,
The matter of excellence that paves the way
For kindness and humaneness to specify the
Uniqueness of love sparkling everywhere,
Love living, becomes the permanent truth
Loving God as well as attachment to humans,
The great projector of manhood as well as
Womanhood, transmitting God's love to that
Of humans, the wonder of love exists with the
Intention of love and life mixed together with
The culmination of the peace and contentment.

FAITH

The integrity of one to be with, most beautiful
And to be the strongest, if goes on its path to the
End, wonderful its culmination if it is going purely
Along with it, with it already having initial strong
Base of either total surrender or is accustomed to,
With all magnificent thoughts of willing to face the
Adversities, whatever it may be, how hard it is and
Blindly striding on the thorny path towards the goal
Of reaching the person or material, for whom or for
Which, is the determination to walk through, a matter
Of wisdom, to go for the association with the person
Or the matter, that is mainly unseen or quite seen too,
A wonder, this bond or attachment becomes stronger
And the strongest, never to bend or break, unbreakable,
With it one possesses the strongest weapon to tackle
Anything in the pursuit of fusing with the person and
Inseparable at any cost, with it is the happiest and the
Most fruitful life on earth, moving with songs of hope.

FISH

Beauty of love flashes in water all along
Which enhances the greatness of love
With shape and skill so much to make a
Garden of water to accumulate heavenly
Love in the beauty of water with the tiny
Rockets piercing water making a feast to
Eyes, to wonder how heaven is drifted to
Water, to the bottom of the blue oceans
Where magnificent reef- building corals
Built the heaven far deep from the noises
Of humans, ornamented with multitude
Of little angels of extreme beauties living
With grace and to move in all directions
To enlighten humans with deep hearts, to
Feel and relish the magnificence of God's
Artistry, and make the tiny pieces of love
To move and dip in water, not to be killed
But only for man to see the resort of love.

FLOWERS OF HEART

Twinkling in soul that heartbeats echoing
The melody of love, so crazy to pick it up,
The trueness of love falls on top of heart
With the anticipation of hope that hangs
On the reality of vision, it sways past the
Echo, heard all through the broadness of
Mind, to sit past the wonder of relishing,
Smelling fragrance of love, and reading
Words of it falling in the flowers, to taste
Sweetness of love, with flowers blooming
To assay the magnificence of truth living in
Heart, and complementing the knowledge
Of living all alone on the path of realization
Of its beauty, it pertains the honor of seeing
The flowers of love, imaging in heart always.

FRIENDLINESS

The visible attachment to each other, the humans,
Definitely the way of loving God, the transmission
Of His love to each other, the magnificent way of
Soul mingling, the divine path of reaching infinity,
The transportation of transparent love omitting the
Bodily human being, spiritually extracting the soul,
And soul loving soul, notwithstanding not gaining
Any reward, but the vision of loving God, the true
Sense of acquiring the extreme sweetness of love,
Mind to be elevated sky-high and floating in love
Of God; visible friends are the true representation
Of Him, mindset to be changed in this direction and
Understand the trueness of love with God, and friends
Seen in that place, modifying the approach to friends.

GOD IN POETRY

The truths in words culminate to a figure,
It's quite unseen to hearts, the originator,
Throws His golden rays on every soul to be
Mature with the rays, and the matured soul
Sends the cream of its content to heart to be
Overflowed and it outpours the cream of it to
Be mingled with the essence of wisdom and it
Flows out as spilled words; the divinity of it is
Supreme, godliness floats in it, sacred is the
Nucleus of it, it becomes clear at last that it
Belongs to God only, it is reflected from God
Only, the truths of heavenly nature to do with
Total influence to human hearts with a lot of
Inspiration to everyone, to have closeness with
God and brings about radical changes in society.

GOODBYE

Farewell to the previous year as well as
Goodbye to all the bad habits that might
Have overcome the person to go low in
The journey to the destiny; firstly divert
The direction of the journey to inside from
Outside, the inner journey, and learn what
It is, cut the excessive passions for worldly
And develop passion for the creator, try
To get wisdom from God than acquiring
Knowledge from world, realize world and
Worldly are perishable and there are few
Non- perishable that are eternal, they are
The real wealth; look at the world through
God only, not directly, then, world looked
Entirely different, it's heaven, our outlook
Towards world changes, we feel a new era
Of brightness ahead; yes, definitely we can.

HAPPY AND HEALTHY

Simplicity in everything
In food, drink, and lifestyle,
Cut desires and ambitions
Always merge with nature
And merge with the creator
Natural water is heavenly
Fresh air, simple exercise,
Satisfied with what you are
Self- belief is self- protection
Try to realize what you are
Self-reliance helps a lot
Never depend on others
Never lose your identity,
Your conviction is the best
Your confidence is a fort
Never lose your courage
Follow God in everything.

HARMONY OF LIFE

Looking at the beauty of life, the smoothness with
Which it flows, a matter of exciting thrill, it should
Move with a fascinating view of love, to be adorned
With unity, the magnificent way of life pulling on, the
Sweetness of love to ring the bell of harmony, with
So much of respect for others, humanity at its best
Seen with reverence for others' culture and religion
Having the mind and heart, fixed with them, admitting
And accepting others' individuality and conviction,
Forming the great tent of harmony, His shadow falls
On the miraculous path of recognizing everyone, with
Singing pulsating hearts, singing together, dancing
Together, uniform the bells ringing, magnify the attitude
Of love and togetherness, the mystery of life running
With a pace of unity and recognizing each other, and
The uniformity of ideas and thoughts converging to the
Almighty, with pacification of the difference in opinion
Life gets acceptance of mutual love and respect at large.

HEAVENLY BLISS

Heaven is drifted to earth when the purest
Love culminates to the top of divinity with
The glory of God attached to it, when mixed
With the top of similar purest love on earth,
The wonder of fusion takes place providing
The excessive flow of the unlimited happiness
Free from the reality of the world, excessive
Raining of honey in heart and soul, making the
Fusion of love in remarkable way of feeling and
Thinking of the glory of purest love producing
The real joy of floating in heaven, flying in the
Sky, far above the worries and miseries of the
World, in a way it is exhibiting the freedom to
Move from the limits of happiness, to be at the
Peak of it with the very close link with godliness.

HEAVENLY LOVE

Love goes to heaven and comes back,
Only through God love exists, flourishes,
Soul plays here, the beautiful originator,
Melody of love is sung in heart and soul
The feeling of heart and soul, in heaven,
Floating and flying like feathers in the sky,
The feeling of selflessness is filling love,
Always thinking of the goodness of the
Other, with extreme magnitude of love,
A lot of love is felt even in the adversities
As the mediator is God, and everything is
Through God only, the great perception
That pulls one forward to the infinity with
Magnificence of hope, and enjoying every
Moment of life and hanging on the heavenly.

HOLI

Love eternal, if so divine, it's exhibited outside
In different colors, a great truth which many of
Us do not know; like that God's extreme divine
Love is exhibited in the sky as the rainbow in 7
Colors, it's the physical exhibition of divine love;
The eternal divine love in between god Krishna
And Radha, is now exhibited in different colors,
Everything is manifested outside, on the earth
In the true spirit of love, friendship, peace, and
Harmony, and signifying the triumph over evil;
Holi is celebrated with the arrival of spring and
It is the true colors of the inner hearts with their
Elevation to every soul, the sweet dance among
Them, people with thumping hearts in true colors.

HOW DOES GOD ACT

Human faith is God, the truth of inner heart,
When faith is intense, the feeling of God near,
Every part of body and mind reacts to it with
Utmost positivity and the true sense of hope,
Human thoughts are modified divinely with a
Transitional change of having anticipation of
Achieving something great and mind craves
For that, the evolution of the positive attitude
In thoughts and feelings from negativity, has
A great impact on the outlook of humans with
Different thoughts and attitudes with the great
Realization that God is with the person, acting
In favor of him or her, with the culmination of
Positivity in everything the person comes across,
Moreover a feeling of wonder is happening, it's
Felt as a great reality, as the trust in God works.

HOW SWEET

You remove the outer covering of your
Concept of God, by faith; the sweetest
Ever is God; the greatest is God; the most
Beautiful is God; and the wealthiest is God;
One's everything is God; only God is required
To acquire what all one needs in the world;
The excess is totally unnecessary and really
Unwanted, it produces worries only; man must
Know this great truth, lest he will be in misery;
Question, why doesn't man know this truth?
It's inadequate faith and his sheer ignorance,
Get away from ignorance, move to the truth;
The way to correct oneself is moving towards
The glory of this truth and live on the path of it.

IMPARTIALITY

No indifference whatsoever in judgment,
To be alike on the truth is the best to be
Done on earth, thinking that God sees all
Alike, the matter of partiality impedes the
Nobility of man to find not the impartiality
Above, the gulf of difference on the truth
Does the manipulation of justice to thwart
The smooth ways of God implemented on
Earth, heart burns, soul twisted, happiness
Eroded and without any enhancement of
Love to adapt oneself to run away from the
Trueness of life, and the harmony is lost, one
At the center of confusion that disturbs heart
To be put on the blade of justice, to stay there.

IN LOVE

Inquisitive heart for something new at far
So fascinating, something special which
Words can't describe, the more she tries
To resist, it boomerangs with much force
Hitting at heart, she can't escape which
She tried her best, the natural form of it
Surrounds her heart, the aggressive look
Of it will definitely hurt her, but the heart
Won't mind it, it is ever ready to face the
Consequences, she wondered what type
Of heart it is, quite disobedient to her, she
Is utterly helpless, even soul isn't different,
It supports heart, what to do, the precarious
Condition downs her, she slept for a while,
Woke up for a change, can't reveal to anybody
But at last she made a decision, follow the heart.

INNOCENCE OF LOVE

Never selfish, selfless it should be
Never possessive, never seeks any
Reward, never swells, subdued and
Innocent, silent outside, only to taste
Sweetness of it, never aggressive, but
Gentle like the stream flowing with a
Murmur, it musically echoes, music of
Love in the inner heart, transmitting
Purity and holiness, the jewel shining
Inside, making love a divine entity to
Move towards infinity, with the crave
For making melodious heartbeats to
Run with clarity and gentleness to the
Magnanimity of loving humans with
Humbleness and simplicity, to make a
Paradise inside, to relish songs of love.

JUSTICE

The great gift of God to bring equality
That transpires man to live happily on
Earth, bringing justice from God as He is
The greatest judge; never look at world,
Hardly you get justice, never spoil heart
With intrusion of darkness that is lighted
Only at times, but if you look at God, your
Heart will be lighted always, justice will be
With you from above; turn your face up, to
God always, modesty of love flows in you
With magnificence of peace that illuminates
Heart with joy of justice, it falls from heaven
To adorn you with the blessings of eternity.

LEGACY

The impact that lasts long of one, to influence
Many, that one, one could ever produce, fulfilling
The very purpose for which one was born on the
Earth, the fragrance of the flowery life spreads in
The gentle breeze, cools and sweetens millions of
Human hearts for time immemorial, transcendence
Of love and kindness, or the highness of creativity,
Or action of service, take human minds sky- high
With glowing tributes to fill humans, generations
To come with immortality of image that lived years
Ago, kindles the sense of motivation or inspiration
To be attracted with the magnificence of actions, love,
Kindness, services, or creativity, amassed in everyone
With excellence of remembrance, relished indefinitely.

LIGHT

Love with brightness makes things visible,
Recognizable in the end, move to the realm
Of realization, mixed with deepening of the
Thoughts and emotions, with stability of the
Perception, illuminating the outside as well as
Inside, blessed with sacredness, eyes see and
Heart visualizes, all with attitude of love, and
Reflected in darkness, imposing greatness of
Love to be added to the beauty of universe to
Bless everyone relishing the power of Almighty
And to be mingled with Him, to have the feeling
Of oneness, never to be detached from love of
Him, to live with the light provided by Him, and
To appreciate greatly sweetness of one's own life
To be with Him, and to be guided with His light.

LIGHTNING

The hollowness of mind is pushed with the
Throwing of flashes of light onto earth from
The sky, electrocuting the earth with the feel
Of fireworks for a short time ending in terror
And horror, injuring and killing humans and
Animals, the merciless outpouring of sky and
The quarrel of the violent clouds, hitting at
Each other, producing the fire of illumination
Dropping on the innocent earth like a bomb
Falling with massive destruction, echoing the
The sound of hell, the quarrel in the sky goes
Down to earth, the destructive phenomenon
Exists everywhere in the universe as devilish
Forces visiting up and down to counter God's
Beautiful creation; God thwarts devilishness.

LITTLE

Little is the path towards righteousness
Little the heart to accommodate goodness
The way is very little to find truth of life
How to do the search, the thought is little
How to face the adversities, wisdom is little
The path in the dark, deep woods is narrow
How do I save myself, the thoughts are little
The escape from the prison of doubts, little,
Very little love seen in this troubled world
And the hope is very little in most humans
What to do, what not to do, little perception,
Brightness is very little in many human hearts,
How to make little as big, human efforts are
Very difficult, but intense faith in God makes it.

LOOK WITH HEART

What you see with your naked eyes
What you hear with your outer ears
Are only periphery of the great truth,
They are highly incomplete, as it is the
Superficiality of the vast truth that is
Embedded in you and in the universe
As well; hence don't rely on periphery,
Look for the center of the truth, that
You try to look with your heart; after
Many attempts, you can, you see the
Divine image of the center of the truth
Live with what you see and hear with
Your heart, thrilled by it, truly say, you
Are now in a different sphere of life
Living at the center of the great truth,
Never look back, you proceed to infinity.

LOVE HEALS

Love is the honey that heals, it is the best medicine
Universal, everywhere but it is not treated well nor
Accepted with an open heart, and the polluted love
Makes the diseases or the wounds really worse, true
Love does miracles; the truth is that, love is so pure
And holy, and the medium through which love of God
Acts directly on the diseases and the wounds, to make
Them healed; it is a wonder than the drugs acting, soul
To body soothed and cooled, it is an act of relaxation for
Mind and soul, it is an embodiment of the touch of God
On the agonies of the human beings, and rain of blessings
Comes from heaven, it is quite unseen, but the tranquility of
Love enhances the immunities of body to withstand and to
Resist the menace of the dreadful diseases and it transmits
Soothing agents to nullify the severity of the wounds or the
Diseases; it magnifies positivity of mind to enhance healing.

LOVE MAKES

Pure love makes the person very simple
And humble, the extreme love brings the
Lover to the bottom of earth, love softens
The hardened mind to feather- like, floating
And flying in air not landing on earth as the
Love is the lightest, moving forward always
Gently with all the calmness and purity of the
Heart, making prepared even for sacrifice and
Never mind his, or her, own possessions, move
With the wind of love, a matter of great truth
When the love is so genuine and true, outcome
Is so pleasing, irrespective of the adversities to
Face, and making the heart and soul completely
Transformed to extreme selflessness and looking
At the world in the most cultured way of living.

LOVELINESS

Everything on earth is lovely, but humans
Distort it, the story of the evil multiplying,
Very hard to break, the loveliness becomes
Disfigurement, it needs help from above to
Retrieve, a job of correction and polishing
Everything by the unseen touch to rectify
The maladies prevalent on earth; beauties
Come, tenderness effected, the human life
Becomes beautiful and it serves a purpose.
So much of anguish is gone, with the melody
Of love spreads; but for humans it becomes
Impossible to amend the act of contortion of
Loveliness, only to ratify the greatness of the
Unseen hands to touch and mold the distorted
Loveliness, it leads to the path of correction,
It beautifies the momentum of human life with
The spread of loveliness everywhere on earth.

LUCK WAS THE WINNER

Artistic movements of limbs with the twisting
And dancing, on par with the skilled movement
Of heart, synchronized with rhythmic dribbling
And speed, manifested with clash and collision
In a way for the last fight providing amusement
Of heart, soul was also involved, the best final ever
In the football World Cup, mind- blowing melody
With the king and the prince on the opposite side
And coming with fury to strike at the target, and
Equality comes out with the beauty of technique,
Skills, and talents, but the endurance and physical
Fitness with mental stability paid off for the match
That determined at last with honor, luck the winner.

MAGICAL

Quite magical the world, blindness of human mind,
The biggest havoc; hell turns to heaven all of a sudden
And mind stays there forever, it can't think of reality;
The conqueror thinks, what he does is the right thing
When he tries to annex an independent country, while
The whole world is suffering with agonies and miseries,
Broadness of mind is getting narrowed to 'mine, myself,
And my dear and near ones' only, not for others, never
It comes, mind is extremely narrowed with no outlet, the
Path to outside is closed permanently, 'mine and our', the
Slogan of heart, it sings the song of selfishness only, no
Perpetuation of recognizing or loving those on opposite
Side, or admitting the truth as truth, the bewildered way
Of human life, that casts apprehensions on everything,
And everywhere, to put the whole world in disharmony.

MAGNIFICENCE VS MAGNANIMITY

Love, in which only the magnificence competes
With magnanimity, the kindness is dealt with the
Beauty, both in love, craving for ascendancy and
Both are winners, glittering and twinkling in love
With superiority of godliness with transparency
Of mercy embedded in it and the purification
Process is on with the touch of God, loveliness
Of love sparkles with the input of sweetness in it,
Action process of love materializes magnanimity
Of selflessness having the color of red rose but
The sharp thorns prick the finger and it bleeds,
The blood of love is gushing to write on heart, the
Word magnificence, with the sparkling joy of loving
With the wounded heart beating with the murmur
Of magnanimity of love, spreading fragrance of rose.

MALADY OF LOVE

Genuine love is adherent, fixed with heart,
With soul, inseparable; but twists outside
Produce havoc which one can't bear, such
Is the anomaly that can spoil genuineness
Of the heart and soul as a whole; but the
Rational thinking with calmness may yield
The great idea of truth revealed, the core
Of love is fixed with heart and soul, it's there
Forever, let the person move away, not the
Physical body loved, the cream of love here,
With further analysis it's known, it's God's
Love, nothing else, it was carried only by the
Person, the carrier moved away, the actual
Is here, the love of God, the heart and soul
Will flourish with the sweetness of God's love
And one never to fall down, always to rise up.

MATHEMATICS

The intriguing truth of the universe
Hangs on the pillars of calculations
It determines the beauty of knowing
The clarity in the artistry of Almighty,
The difficult problems arising for man
To realize the extreme complexities in
The creation of the universe and the
Living creatures as well, man finds the
Measures to untie the difficult knots
In the unification and fixation different
Parts of the great creations, uncovering
The divine mysteries, part by part, by the
Calculations, the great ability of humans
To calculate intricacies of mere existence.

METAPHYSICAL AND SPIRITUAL POETRY

Existence of soul asserted by poems with
Deep vision of the poet; spiritual sphere
Visible vividly not with naked eyes or ears
But with open deep senses; without deep
Vision with open deep senses, clear vision
Of soul, and the unseen God, can't be got
By the poet, and the mystical poetry won't
Come; the deep perceptions beyond the
Worldly realities, attained only by the deep
Insights with deep senses, that too by the
Poet himself gone to the realm of soul by
The deep dissection of his mind by scalpel
Of absolute faith in God and removing the
Passion for the worldly, developing passion
For God only, with the opening of the deep
Senses, and realizes soul is the tiniest part of
God in man, great revelation and realization
Are put into poetry with deep insight, vision,
And divine wisdom, and are spilled in words.

MONKEY

Miniature of man with long tail
Hopping and jumping on the trees
Or from the trees, running at high
Speed on the ground with flowery
Face, brightness in the eyes, and a
Tender heart, so intelligent to grasp,
Manliness or womanliness in all its
Attitude, something very close to
The humans, close to be called man
In history, or the primitive human,
Whatever it may be, manly manners,
The tenderness and care, so much of
Love in it, with accompaniment of
Humans, sacredness in it, and it is
The specimen of love of God and to
Thrill man with the artistry of God
With the character of love mutual to
Man and monkey, projecting greatness
Of God to bring companionship with
And closeness of love among different
Varieties of species attaining the core
Of His love spreading all over the world.

MORTAL TURNS

Phenomenon of transformation is applied
To everyone irrespective of caste, or creed,
Or color, and the universality of attaining
Ascendancy from mortality; the manliness,
The womanliness, something one feels with
The perpetuation of extraordinary in him or
Her, manifested with a totally changed feel,
Or realization, which was never felt before, a
Truth, a great truth, when the passions in him
Or Her for world and worldly are gone with
Very strong faith in God, the barrier between
Man and God is crushed with faith, man is in
The proximity of God, in the vicinity of God,
His body is spiritually dissected out, his soul
Is living while he is on earth, the immortality;
Everyone must strive for it, very well man can.

MOTHER TONGUE

Motherly, something special, hard to describe
The first word uttered, the first name called, and
So much of love in it, transparency of loving hearts
Of father, mother, and grandparents, beating with
Making the child doing the musical pronunciation
Of calling them with fondness of relation making a
Heavenly feeling, far superior to any love- making
With all the communication, so softer and sweeter
Close to the hearts, and never to forget at all even if
Far away from the letters for decades, very easy to
Come on tongue, the melody of love felt in the heart,
Feeling the easiest way to write as if honey is dripping
From letters, feeling really proud of having the mother
Language, the wealth to be adored, maximally loving
One's own, the homely warmth with one's own language.

NATURAL WAY OF LIFE

Enhancement is the natural way of life
It is cellular growth of human acquirements
Some sort of altitude in the human statuses
But the negativity also increases with a fall;
When man becomes rich, richness increases
Unless there is halt by man; when somebody
Is poor, poverty enhances unless man finds
Means to arrest it, similarly with all matters,
Somebody intelligent, intelligence enhances
Unless man spoils it, wisdom multiplies at the
Peak, ignorance increases unless something
Is done by man to stop it, naturalness of the
Growth in everyone, everywhere, a natural
Phenomenon; humans to realize this truth
And be agile to counter the negativity of the
Natural growth, like arresting the cancerous
Cells with human efforts, it is just to survive.

NATURE

Softened love fell on earth, it spread everywhere
It became mature, gives birth to multitude of plants
And trees, animals and birds, everything glorifies the
Great love that had fallen from above, to do with the
Magnificence of life, growing and blooming and the
Great phenomenon of breeding, and with all the deer
Of innocence running, humming birds soothing hearts,
Big elephants grazing; all the woods tell sweet stories,
The monkeys hop, and the movement of beauties stir
Souls with marked love imposed on them, mountains,
Rocks, and the steams, all boost the energized love only
To visualize the great artistry of the Almighty, definitely
The rain blesses them, love falling, tranquility fills in and
Silence echoes everywhere, one lives with beauties and
Sweetness which nature provides with contentment of
Of mind, and to merge with the infinite love of stillness.

NEVER FALL ON

Never fall on the worldly possessions or flesh,
Godly friend, the divine friendship, the rarest
Of rare one finds in the whole of life time, the
Spirit of God connects them, through God only
They find each other, God in between, exchange
Of words or ideas through God only, haven't met
Directly, but communicate through the Spirit of
God, it's as if everything with them as God is in
Them, talents of God meet together, less words,
Less human thoughts, but everything in them and
Always happiness and hope, no words to describe
What it is, only mind tells, the current of love passes
Through the mind and soul, crossing oceans to the
Infinity of godliness, a true phenomenon of infinite
Love, sincerity, and selflessness, that fathom only
Positivity, let anything come, fully contented with it.

NEW YEAR JOY

Somebody in you working for you
It's the success in perfection for you,
Mold your mind to cope with that
Somebody, a great relief for you, and
Relax, becoming agile and sharper to
Perform well, as somebody in you to
Bring laurels for you, in thoughts and
Deeds, you have only joy to feel as that
Somebody's hands lift you up above the
Troubles of world, infusing always the
Delicate thoughts of contemplation that
Lead to success in everything you come
Across, the surety of safety instilled in
You with the anticipation of golden days
In the new year as you are with somebody.

NON-STOP

Whatever God created works non-stop,
It runs so meticulously round the clock,
Without interruption it works beautifully
Heart beats continuously and rhythmically
Planets revolve perfectly and continuously
They do not fall down, miracle of His artistry,
Science is incapable of finding the truth of it
The unseen creations that are unexplainable
Man spends whole life time to find a fraction,
The mysteries of God, man is yet to explore
God keeps everything of Him as mysteries,
The totality of Him, man can't even imagine
Such is the big gulf between humans and God,
Finding a tiny part of His making, man becomes
Egoistic, the person is called the Nobel Laureate
It is the great story of humans and the Almighty
Why don't humans testify, everything is God's.

OBSCURITY

Obscurity is the shape of humans at the top
Of spirituality, dipping to the bottom, relishing
Sweetness of the grace of the Almighty; thinking
How low it is one craving to the scale to the top
Of the mountain on earth; realization is the gain
The topmost, one can ever have, in the field of
Journey towards the vicinity of God, realization
One after another, and reaching the final one;
What is it, the reverse of what is gained on earth
The human goes to obscurity, truth is revealed to
Him what he is, he belongs to the bottom only
Never he is at the top; he realizes, he is nothing
That is his real qualification, everything in him is
God only; if one comes to this status, it is God
Only working in him; God guides and nurses him.

RAINBOW

Heavenly love reflected on the sky in multi colors
Of love and kindness for the mankind as a whole
From the peripheral, physical, process of making
Love from the optical phenomenon by reflection,
Refraction, and dispersion of light in water droplets,
Making the beauty of heart of the Almighty, a sign
Of "He is with us" after all His love rained on earth,
The great assurance of being with man always, all
The time, even in the adversities, the incredible and
Helping hands; hold on, the promise, the great sign
Of warning, to be in the hearts of the mankind, the
Unseen love of His throbbing heart is revealed to
Everyone; man to reckon, where is he, it's high time
To move close to Him, an appeal to everybody on
Earth ; one to think, accept the plea wholeheartedly.

REAL LOVE

What seen with outer eyes, not the truth
What visualized with heart are the real,
What written above are the truths in the
Depth; love in the interior, not the exterior,
What happens to the body, flesh perishes
The outer joy is really pale and valueless,
Worldly enjoyment is only the outer joy,
It is nothing before the inner joy of soul;
Love is for the inside of a person, not the
Outside, what inside is the reflection of
Soul of the person, this love is very true,
Highly precious and eternal, very sweet
And fragrant, one can taste and relish it
Always, never to see the person with the
Naked eyes, here soul is working along
With heart, the joy of soul and heart, are
Enhanced even without seeing the lover
Directly, or writing to him or her; it is the
Greatness of love that the world to realize.

SENIOR CITIZENS

Nothing to lose but gained a lot
When not died inside, body gone,
Rejuvenated spirit inside, thinning
Outside is silly, to be transferred to
Everything inside, sun rays fall upon
Deep inside, the candle glows there
Brightness illuminates the depth, body
Fragile with wear and tear, stands erect,
A true reflection of what is inside, child
The spirit becomes, spiritual strength is
The best, it lifts the body up, refreshes
Mind, younger days come, a reality to
Be possessed, spiritual power wins over
Human body, the old becomes so young.

SHALLOWNESS

Never live in the shallowness of life
Go deep to the depth with assimilation
Of what we have, with the picturizing
Beauty of love, to be transformed to
The modalities of life, to thwart feeling
Of slowness of life, get into the depth of
The meaning of everything we come to
Know, then only the life gets its status of
Worthiness, the trueness of life with the
Exploration of complexities of it, to know
Life is precious, the core of it is really the
Fantastic truth, the one who searches only
Finds it and his life becomes tremendous
Lest he succumbs to the shallowness of it.

SORROW

The dark clouds assembled and thickened
In human mind and they rain with the water
Flowing out, the clouds dissolved to nothing
And the mind is stilled with the specification
Of angry sea becoming calm, the gift of God
To cool and comfort the burning heart to get
Dissociated from tightening and bursting, the
Natural way to give way to all the maladies of
Human life, reflecting for varied time with the
Distress in mind gradually fading to calmness
With the realization that such causative event
Shouldn't happen again, and if it happens again,
Mind gets the courage to withstand the distress
Switched to all- time mental stability and comfort.

SOUL HUG

A wonder, it may be considered by many
But it really happens when there is trueness
In love, it is purely internal, with no external
Manifestations, silence is the core, loneliness
The strength, no physical activity, it is beyond
The mind too, no heartthrobs, but souls are
Excited, souls are working, souls active always,
It is really the melody of life, sweet music of
Love played too often, the real feeling of two
Souls hugging each other, that is truly blissful
Moment, which heart and body can't bring in
The feeling of love outclasses all the emotions
Soul dances, the feeling that the nature drums,
Nobody knows it except the two, no complaints,
No sighs, no broken hearts, nobody else knows,
Nobody to block it, love energizes two humans,
Creativity blesses them and heavenly their lives.

SPIRITUAL ENJOYMENT

Never to get when the world and worldly
Only fill in you, no time to get when going
After worldly, you think nothing beyond it;
Very delicate, tranquil space above it, very
Much possible for everyone, continuous and
Steady search in one's own mind, takes him
Or her to a new delicate sphere of soul, the
Truth of human life on earth; the tool used
For search is one's faith in God; true melody
Of life heard there, sweetness of true love is
Felt, the essence of the value of beauty is felt,
Enjoying the blissful events of soul there and
The ascendancy of soul, and the dropping of
Body onto the earth are deeply felt, the feeling
Of being above all especially the miseries and
The sufferings of the outer world is experienced
Always, the worldly agonies are not felt, blissful
Moments are always felt, it is the real enjoyment.

SPIRITUAL WISDOM

Elevated to the height of heaven, never to
Catch it, but heaven drips into soul and it
Flows to heart to be discharged, the basis
Of human life, that from heaven is treasure
Of wisdom, the one part of heaven that is in
Man to guide many, the vision of the insight
That fetches betterment of life on the earth,
The magnificence of love it is, the transient
Flow of love inside with the hard faith in God
It occurs, the worldly passion is overruled by
The Godly passion, with the discharge of the
Spirit of God, the big revelation of heavenly
Matters, the attachments to God, with the
Input of knowing oneself and the world, in
A more vivid introspection and attitude for
Extrospection, an incomplete realization of
The mysteries of God, His creation, to fulfill
The inquisitiveness for searching and finding
The truth, to establish the closeness with God.

STARVATION

Deprivation of food, the biggest menace
The world facing, a lot in Africa suffering,
The right to live in the planet is getting lost,
What to do, what not to do, the thinking
Is decayed, equality is torpedoed by total
Exploitation in ages before, man is deprived
Of the right to live, the skeletons of century
Become the heartbreaking theme of life, why
Humans close eyes to realize the gravity of
Menace, mankind is eroded; abolish luxuries
And give them to the helpless lot, the rich,
The powerful nations, sick to the notion of
Aiding the miserable lot, the way to dilute
The gravity of the miseries and sufferings of
These neglected people; what for the wars
Against nations, but fight against starvation.

SUNSET

Fading of brightness in heart and soul to
Recapitulate the strength, going high to the
Vicinity of the Almighty, to float in the vast
Eternity; escaping from the tiredness of the
Day, to rectify the hardness of it, and pulled
From the top of the sky, sun descends into
The bottom of the sea at far, the sight of
Paleness of brightness, shadow of love falls
To run through the loveliness of the night,
The quietness spreads to every nook and
Corner to kiss, thinking of smartness of the
Silence, dropping honey to rejuvenate all the
Weakness that slowed body, and to usher the
Freshness by rest, to wake up with brightness,
The sleepy sun emerges with the sparkling love.

SURVIVAL

Survive the weakest, not the fittest
The dictum of love before Almighty
His sympathy and love are more than
Enough, the treasure of life to make
The great revolution of human heart
To be mixed with merciful heartbeats
Of His, the permanent way of existence
On earth; the adaptation of love with
The hardness crumbles the blocks and
It magnifies the capabilities of humans
To rise up to the occasion of instillation
Of His courage in weak human hearts to
Beat amicably, to satisfy the inner sense
And the weakest survives, His mercy only.

SWEETHEART

The bundle of dreams of sweetheart is
So sweet and fragrant for my heart, to
Soul, stream of pure love is flowing from
You; you are the hypnotic pillar of hope
And the symbol of magnetic attraction;
The fountain of love is streaming and it
Touches my imaginative world, where
You are the moon sending the golden
Beams, in starry sky, and send a flowery
Ladder to my heart, I climb up, reaching
You to have the dwelling place in cloudy
Sky, where I stay with you forever, and I
Sing with you, the song of love- stream.

THE ABSOLUTE NEED

What is needed for you absolutely?
Only one thing you need, confidence in you;
What is in you, the power that is deep in you,
It's the Almighty inside you, quite undetected,
The faith in you is the faith in God, He guides,
Definitely He is with you, have that confidence,
You never thought, how great you are, you don't
Know it, you always look at others, it's your folly;
Direct your concentration on you only, not at all
On others, cease the inferiority complex, only to
Develop superiority complex for you as the much
Superior God is inside you and you must find Him
Deep in you, then you get the big confidence that
The supreme is in you, and you are much superior,
What else you need, you get the great confidence
To break anything hard, you get so much willpower.

THE BEAUTY OF LOVE

The most beautiful on earth, the love
The most fragrant, the sweetest, love
The unseen but heart feels it and soul
Perceives it, only heart sees its beauty
More, and soul tastes it most, it flows,
The stream beautifies inner heart, never
Exposed outside; its stability, sturdiness,
And integrity, beyond the human words,
Divinity instilled in it, holiness preludes,
The softness at its helm, it crowns natural
Ways of life; to be loved and to love, the
Gem of life, love twinkles and it brightens
Twilight of the darkened hearts, it soothes
And sweetens human mind, honey drips
And sometimes it rains, and nature dances.

THE EMPIRE OF LOVE

Two hearts together beat the music of love
The souls together recite the hymns of love
Heart and soul demarcate the empire of love
Heartbeats and soul- pulsation, the core of
Love, mutual faith the base, honey clouds, it
Rains, the gentle breeze sweeps across the
Bottom of hearts, the transcendence of love
Cools soul, hearts and souls together taste
And relish the sweetness of it; it mesmerizes
The delicate feelings and thoughts to be on
The heavenly abode, reaching the incredible
Hands of God, anchoring at the safety of love,
Move with heart and fly with soul in eternity
Of love, forgetting and forgiving all the events
In the past, the king and queen of the empire
Of love, together they annexed heart and soul.

THE END OF SORROW

The squeezing of heart with the heaviness of
Sorrow gradually waning with the shower of
Comforts to clean the untidy heart all the way
To the marvelous beginning of the sunshine
Glowing in the darkened horizon of autumn
The falling down of all the leaves leaving the
Trees naked, to be infused with the beauty of
Heaven, the flourishing spring blesses hearts
With the decorated garden of colored flowers
And hearts start beating with heavenly music
The spread of smile everywhere, the refreshed
Heart perceives the sunlight to boost softness of
The hardened mind, so much of love everywhere
And life with specification of getting sunbath daily.

THE GAIN

What attracted and what possessed to have
An account in inner heart, the gain, so much
Man becomes wealthy internally, the really
Wonderful wealth, very hard to get but it is
Possible for everyone; the divine wisdom is
That, one could get from God only, the gain of
Unseen treasure possessed only by faith, it's
Something which the world can't provide, it's
A matter of utmost importance which everyone
Should get, an association with God, the real
Communication with Him, the most true and
Delicate inner vision which fetches newness
In everything which one finds with his heart or
With open inner senses, the inner possession.

THE GOLDEN WOODS

Into the thick of the woods, I walk alone
Lofty thoughts hang around, with melody
Of love from the birds at height, the golden
Sun blesses the trees with the golden tinge
I'm awakened from thoughts to see the trees
Dancing in the gentle breeze, so much love is
Hued in the solitude of love making trees with
Sunrays passing through every nook and corner
Of the woods, joy in rhythm encircles my heart
To beat with the music of the birds, calmness of
Mind is stimulated with the movement of love
With its affinity towards the sun hugging these
Trees and bidding farewell, to see next day only;
I walked on thin path encroached by grass shoot
Only to stride over the velvet grass bed to know
Grand welcome given to me, flowers all around
Mesmerize my mind with beauty and fragrance
Only in heaven it is felt, my heart tells, so much
Enthusiasm boosted in me, glorified with golden
Shine, only to feel and relish paradise of nature.

THE GREATNESS OF POETRY

Heart and soul in it, God is acting, the will
Of Him blesses it, so much of transparency
And purity woven together, the magnificence
Of divinity at the center, calmness of love and
Significant truth glitter inside, love is twinkling,
Thoughts of exemplary caliber infused with the
Loveliness of feelings erupt from the volcano of
Sadness or negative forces, forcing human mind
To have distillation of the truth in universe with
Addition of emotional instincts, to pacify heat of
Mind, to deliver the jewels, and forming the cream
Of every truth that is to come in spontaneity with
Majesty and honor, the answer to inquisitiveness
Leading to tranquility and calmness of human mind.

THE REALM

Cream of life is the realm where heart
And soul, meet, with pleasantness of
Love, to be infused in the heavy heart
With so much comfort given by glowing
Sunrays peeping inside, heaviness gone,
Gentle breeze blows, all the exhaustion
Evaporated, fresh air breathed in and the
Dwelling of love regained, heart blossoms
Soul regains its texture, and music of life
Begins with the anticipation of brightness
Ahead, hope of crushing the thorns that
Might prick comes, the golden rays really
Emphasize the picnic during the years to
Come, devoid of the lassitude, energized
To act what all ought to be done with the
Anticipation, and love emerging to glorify
The golden rays that have eased heaviness
That is fading with every step I'm taking in
The realm of life, the closed circuit of events.

THE TRUTH OF LOVE

Love, the essence of universe, spreading
To every part of the world, quite unseen,
But felt, relished, or tasted; the mere feel
Of it is more in potency than handled with
Physique, the great characteristic of it, with
So much thrill in it to deal with the unseen
Heart, or soul; body spoils it, it's unwanted
For the pure love; the heart here is not the
Pumping organ in the body, but heart is the
Concept of concentrated love, and soul the
Storehouse of love; discharge love with these
And the receptors are heart and soul only, the
Manifestation of love are for everyone in the
World, one can love everybody, even enemy,
The broad outlook of love, provided the love is
Genuine, universal brotherhood or sisterhood,
One must realize the truth of love, never to be
Selfish, love lives among people, not possessive,
Heart and soul work, not for materialistic gain.

THE UNSEEN FIGURE

Never seen any time in life, even a photo
As it is not shown, but the words arising
Are so appealing to heart, the soul is also
Involved, a mesmerizing beauty falls from
Heaven on the words of poetry that are in
Heart, so much enthusiasm spilled in mind
Drawing me in concentration to dissect the
The trueness of beauty with heart to slow
Down in the pitch of love that transmits an
Ultra- nobility when I read the words again
And again to erect a monument of love and
From it thousands of dreams fly to the top
Of the unseen image to fortify the passions.

THE VOLATILE WORLD

Anything can happen at any time
It is the present state of the world
It can explode at any time, humans
Are not bothered about the violence
In fact some love violence, sadists
Are some of the humans, what to do
With what is today, everything is on
Erred base, everything shakes and
Tremors, no stability, fluctuating the
Attitude, color changes quite often
What for all these, for simply nothing,
Humans forget the simple concept of
Love and selflessness, and the truth that
Doing something good for others is the
Greatest matter on earth, and selfishness
Is destructive, destruction of all, the basic
Causes of all the troubles, egoism is the
Emptiness, many do not know it, nearer
To God is the only solution which is most
Difficult for the majority to achieve here.

TRANQUILITY

Stillness of heaven falls down to infuse
Calmness at its best, purity sings melody
Of love to have closeness with divinity
Transformed to sublimity with pin- drop
Silence everywhere, the silence carries
The essence of holiness, flakes of snow
Falls from the mountain top without any
Sound only to tell the meekness of divine
Love, no movement anywhere but only
To hear the very faint murmur of flowing
Stream at far, the heart runs with the soft
Music of nature, it's the heartbeats of the
Creator watching from silence, and they
Echo so gently and sweetly just like honey
Dripping from the sky, the atmosphere is
Quite enchanting with purity mixed with
Sweetness to adorn deep silence of love.

TRUENESS OF LOVE

True to heart, true to soul, the song
Heard with the thirst of love, love is
The truth and the truth is love, only
To believe, to act, in a way feasible
To others, to everyone, it adheres and
It cuts through stiff opposition, to be
Illuminated forever, and it will never
Decay or spoiled, truth is forever like
The genuine love, earth revolves with
The truth of love, the whole of universe
Adhered to love, and true love blossoms
Always, spreads fragrance, but untrue
Love perishes Cos no truth in it, and it
Is throttled, it suffocates, it becomes nil.

UKRAINE WAR ANNIVERSARY

One long year completed with the installation
Of the real hero in my heart with great affinity
For him, the true adoration for the short man full
With patriotism, resisting the big devil with heart
And soul, the true warrior with his company I came
Across, incomparable in the world history, fighting
Every inch for survival against the big nuclear power
Never yield to the enemies who crave to annex the
Motherland, with tightened nerves and boiled blood
Ever- ready to die for own nation at any time along
With the thousands of countrymen; show the whole
World, how to resist the evils, how to thwart the devil;
Thousands wounded, many killed, cities in shambles
But the leader along with companions wrote the great
Poetry of patriotism, extreme boldness, dedication,
And commitment, that will echo everywhere forever
With the strong determination that better to die than
To surrender, fight till the last drop of blood is retained.

UNILATERAL LOVE

Love at its paramount of what happening,
Instantaneously sowed in the depth of
Heart, no cause, no reason, whatever it is
Even he doesn't know, that is love; wild
Flowers grow in the fertile land, not in the
Barren one, so beautiful, colorful, fragrant,
Watered, manured, blossomed in heart;
But nothing in the opposite side, everything
Straightened, easy going and easy thinking,
The vacuum is filled with the throbbing heart
On one side and the vacant one on the other
Side, transparency of love is retained in him
With absolutely no change in him whatsoever
He thinks on the contrary, but so much pleasure
In keeping that indefinitely, doesn't bothered
Whatever happens, only to wish all the happiness
And glory for her; easiness of mind clubbed with
Sincerity and honesty, draw him forward to infinity.

UPON

Always upon the star of human life
Never to come down, sit on the star
That twinkles and transfer light, and
Being lighted, never to slip down, the
Theme of life, hold on, never to lose
The grip, the star being the Almighty,
Striving always to hold and to be upon,
The key to every success, floating and
Flying, the essence of upper air success
Not of the earth, but beyond its gravity,
Space is the place where one floats and
Doesn't fall down, try to be on the top
Always, get rid of heaviness of the body
And then one flies, and floats in eternity.

VACUUM

Above the human thoughts, the vacuum,
Above the earthly gravity is the vacuum,
Suppression of human thoughts by faith,
Vacuum of mind exists, thoughtlessness
Not due to diseased brain but in perfect
Heath does it happen, dissection of mind
With the scalpel of absolute faith in God
The passions for the worldly dissected out
The vacuum comes into being, the sphere
Of God, the vast eternity in humans where
Your soul floats, body becomes spiritually
Inactive, soul guides, and you just follow it,
The immaculate wisdom of love and to be
Replenished with godliness and divinity in
Thoughts, feelings; you feel floating in the
Vast space of vacuum, in the vicinity of God.

VALENTINE SOUL

Approximation of souls that happens through
The current of love, flowing incessantly, unseen
In air, reaching the other end instantaneously,
The wonder of love with the souls only, to put
Heart and mind in place to sing inside the sweet
Melody with input of soothing and sweetening
The interior of souls, making them pulsating with
Strength of love, the beats they produce have the
Meaning of holiness of pure love to accommodate
And to resist the adversities whatever they may be,
Nothing before the core of love which souls dictate,
Written by hearts with the ink blood, the melody
Souls to sing, love never dies, it continues forever.

VALLEY

At the bottom lay the greatness of love
The bottom of the top where river flows
The height stoops down to touch the earth
Magnificence of love, humanity, seen there,
Stooping head, bending neck, and back, to
See low, traversing multitude of miseries
Where hunger and poverty exist, the plea
Rises to the top and the peak soaked with
Snow flows down at multiple places, the
Streams, the water becomes transparent,
The tears of love, touches low- lying areas
Seen with transcendence of sympathy and
Filling there with the trueness of tenderness
And making the land so fertile and fruitful.

WAKE UP

Lassitude of body and tiredness down one
To the deep pit of laziness, nothing will do
But the silent murmur from heart subdues
The negativity of nothingness, to feel inside
The sweetness of doing a little, continuously
With the pleasantness of working and having
Mind in it, to put together the concentration
And mind, with all senses awakened, drastic
Steps towards a brightened tomorrow; dump
All the wastes that trap one, that is indulged
In the slowness of activity, and the absence
Of consciousness, which are pulling one down
To bottom of inertness, always to be aroused
To boost the energy and freshness of beautiful
Body and mind, to enjoy the sweetness of life
Completely, not half-way to accomplish one's
Own dignity and inner world, for that, be agile
Always, stop being lazy and start working little,
Steadily, one's own mind to be aroused from
The semi-consciousness of it, to be awakened.

WHAT CAN I SAY

The complexities of human life with so many
Up and down, twists and turns, walking around,
Not straight, hardly a few on the line, diversities
And forming extraneous bypassed pathways, and
The wavering mind can't reach anywhere, only to
Start again, smoothness of life is gone, roughness
And rigidity make life most difficult and complex,
Everything to be said "luck only", amplitude of love
Is bent, broken often, dispersion of values narrowed
Rain of fire breaks and burns, attachment is scarce
But detachment makes its way to disrupt modesty
Of love and harmony, what can I say, how to set it
Right, the system has so much of affinity to weeds
Growing in the barren land, how to cut them is a
Matter of conflicts, very hard to find a way, only the
Rain of dew from above anticipated, let it come soon.

WHAT IS POETRY

Heart meets with soul when they blossom
Honey tasted, fragrance spreads, whiteness
Everywhere, the truth pricks, flow of wisdom
Determines pleasantness of love, truth hangs
On ideas and wisdom, emotion outbursts and
The peak of truth excels everywhere, agonies
Of love, blooming of love, reflected, and soul is
Stimulated, heart opens, musical love is mixed
With trueness of world, galaxy of emotion seen
High up, drop one by one, reflecting the realities
Of life; the truth of the universe and the power
Of the Almighty bless the words of the beauties,
And fill the power to write, transparency of words
Form music of all-time truth, flows in spontaneity.

WHY CAN'T LOVE EVERYBODY

Why can't you love everybody?
The question I ask on the Valentine's day,
It's concept of love, making demarcations
Love has two parts, head and body, the
Center and the periphery; center is soul
And periphery is body including heart,
Soul is the base of love, we all talk and
Write about periphery mainly, our love
Is built on periphery like beauty, shape of
Body, wealth, and so on, this love is baseless
And it may collapse, broken hearts and
Bleeding hearts result, the story of today.
Soul is the storehouse of love, the love of
God, a tiny part of God; when this love is
Reflected on periphery, there is every chance,
It is polluted by body; the body including
Heart takes away the control of love from
Soul, it is what happening today, God's love
Is getting adulterated by body; but one must
Try to love the soul of the person or persons
Which is difficult today, but still try, one can
Visualize the real love, the divine love, that
Can be made to flow to everyone irrespective
Caste, creed, or color; you can love everyone.

WHY THE CONFUSION

The basic defect of humans to be solved,
Ignorance only pushes them into deep pit
They can't escape as the pit is miles deep
It always pulls man down, the story of many;
What is the deep pit, it is world and worldly
So sticking they are, man is with them always
Man must escape from darkness of deep pit
He must climb up on a ladder, the faith in God,
He must gently and steadily go up holding the
Ladder so tightly, never let loose the grip and
It takes time to move out of the pit, it is seen
His firm attachment with the ladder makes him
Come out of the pit, he sees the sunshine, he
Takes sunbath, and the sunlight illuminates him,
At last he is at the peak of greatness of his soul.

WILD FLOWERS

Nobody cares, but they grow, blossom
Magnificently, they are seen on the barren
Land, what are given by God only care them,
The rain, sunlight, breeze, moonlight, and
Night, nothing else; flowers are exquisitely
Crafted, only the Almighty looks after them,
Untouched by man, they are a neglected lot;
But what man doesn't want, God wants, He
Cares and nurses, magnificence of love given;
Who cares the birds and the wild animals?
They grow merrily, much better than those
Cared and nursed by man, the Almighty is
Showering His love on them, they flourish.

Copyright © The Golden Woods, Dr. K. K. Mathew

WISDOM OF LOVE

Love has eyes, ears, and hearts, so lively
But the worldliness subdues it, draws it
To the factors which the world dictates,
Very difficult to escape, love is polluted,
Love loses its potency and sacredness, so
Pale it becomes; but the worldly removed,
Only by absolute faith in God, it gradually
Retains its true color and substance and it
Possesses the true wisdom to foresee and
Do things meticulously, purity and divinity
Exude, heart becomes honey-based, soul
So lovely, love takes care of humans, love
Nurses, love guides, one sees everywhere
Love only, wonderful the feelings, there is
No space for hatred or enmity; love and to
Be loved, that means one loves the creator
A lot, it is what God wants from man and
The purpose of human life is served, and
Earth becomes Heaven; Heaven is love only.

WOMEN

Moon descended to the earth in darkness,
Kissed it, a tiny fraction of it left and that
Multiplied with golden beams everywhere,
Gave birth to humans, and that illuminate
The darkened earth with tenderness of love,
Kindness, with magnificence of forgiveness
To specify the angels from heaven, having
They blessed the dry land with godliness of
Love, flowed to every nook and corner of the
Earth; transcendence of endurance loosens
The tightness of the world, and rained all the
Blessings of God, in return to the intense plea
They delivered with tears of softness and purity,
Teaching the lesson to yield and to forgive; the
Angels of brightness send the beams of heaven.
